Introduction

The HELP Information Technology System (HITS) is the IT application that organisations must use to lodge applications to become approved HELP providers. HITS also manages ongoing compliance with the VET FEE-HELP and FEE-HELP loan schemes.

HITS is accessed via the Skills System which is the Department of Education's portal for programs including the Higher Education Loan Program (HELP). HITS is currently the only application that is active within the Skills system.

To gain access to HITS you must first have user credentials created in the Identify and Access Management system (IAM). IAM is the IT application which manages all security for HITS including users, user roles, passwords etc. Your logon ID and password will enable you to access both IAM and HITS.

Skills System (HITS) URL

The Skills System URL contains an embedded anti-phishing rule that prevents hackers from 'following' your login to HITS that times out the URL once it has been used to log into the Skills System. The anti-phishing rule times the URL link out for 30 minutes which means that if used within that time, you will either receive an error message or you will be required to enter your password a number of times before you can log in. Please follow the directions in Attachment A to set up the URL link as a favourite.

Web Browsers

We recommend using Internet Explorer 8, Internet Explorer 9 or Firefox as your web browser. Please do not use Internet Explorer 10, Internet Explorer 11 or Google Chrome to access HITS or IAM as you will experience errors including not being able to change your password or HITS not recognising date formats.

Apple Mac Users

The Department does not support Apple Mac. All applicants/providers must use Microsoft Windows.

Training.Gov.Au (TGA)

HITS has a web services interface with TGA and sources all organisation and course information for VET applicants.

Tertiary Education Quality & Standards Agency (TEQSA)

The Department sources organisation details and course information from TEQSA similar to what is sourced from TGA. TEQSA data is updated in HITS once per month.

Using this guide

This user guide and the revised information on the Education website are intended to assist both Higher Education (HE) and Vocational Education and Training (VET) providers with using HITS to manage their applications and ongoing compliance requirements under the *Higher Education Support Act 2003 (HESA)*.

Click on the above link or type the link below into your web browser to access the Departments website:

http://education.gov.au/help-and-other-information

The user guide is set out in alphabetical order of the main components within HITS and IAM to make it easier to find the information.

Each section is structured so that the instructions are outlined first and then an example is displayed to provide a visual representation of the instructions.

As an example:

Instructions

1. To apply, select **Application**, **Create Application** and you will be navigated to the 'Create Application' screen.

The instructions are listed first and then the screen the instructions relate to is displayed

1. Application – Application Status

Select Application – Application summary for the sector you have applied for to see the current status of your application. The Application summary screen lists the mandatory components that must be completed before an application can be submitted. Mandatory components are as follows:

Organisation

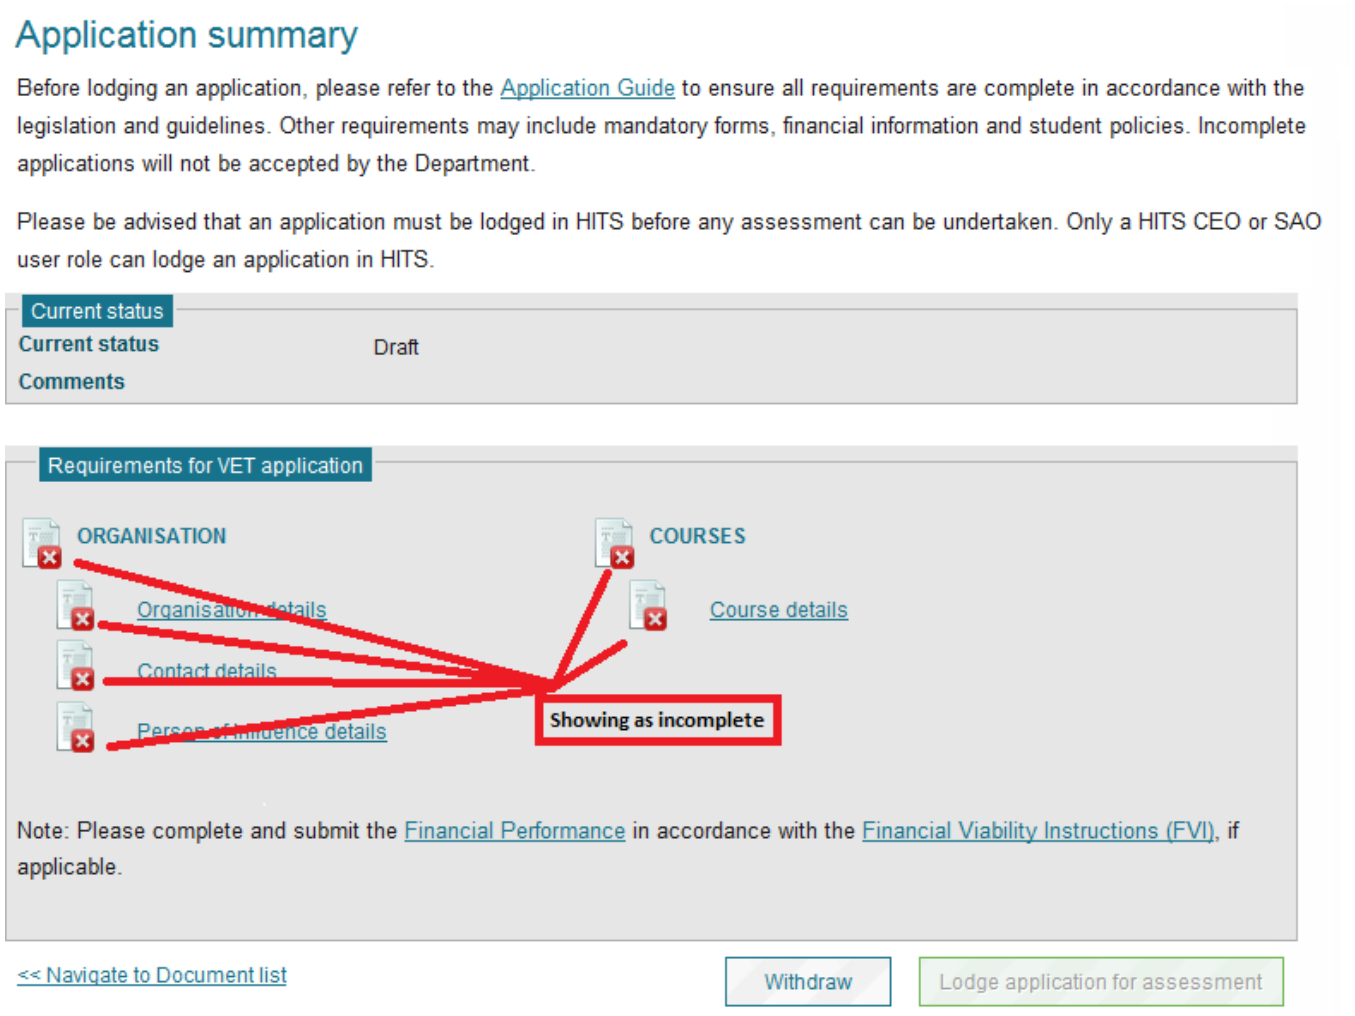
- Organisation details
- Contact details
- Person of Influence details

Courses

- Course details

For new applicants, the Requirements will initially default to incomplete by displaying an 'X' against each component however for previous applicants who re-apply, only the Course details will default to incomplete. This is because HITS does not delete any information previously added to an old application.

Supporting documentation may also need to be uploaded in HITS. To upload supporting documentation, either select **Navigate to Document list** link illustrated or select the **Document list** from the left navigation bar.



Application summary
Before lodging an application, please refer to the Application Guide to ensure all requirements are complete in accordance with the legislation and guidelines. Other requirements may include mandatory forms, financial information and student policies. Incomplete applications will not be accepted by the Department.
Please be advised that an application must be lodged in HITS before any assessment can be undertaken. Only a HITS CEO or SAO user role can lodge an application in HITS.

2. Application – Organisation already exists in HITS

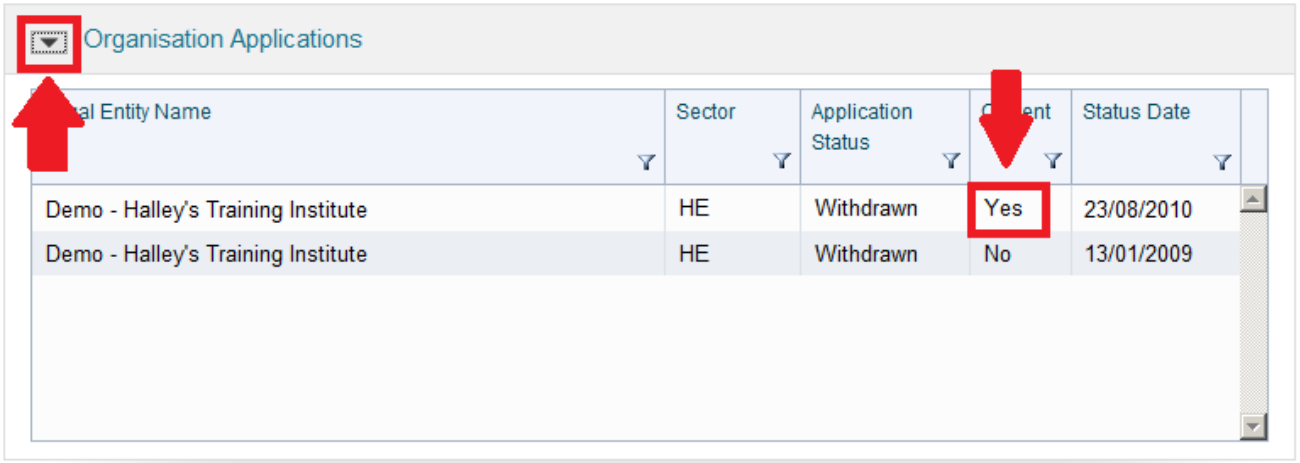
Organisations who have previously applied but where not approved, or are approved in a sector and wish to make an application in the other sector must log into their HITS record to make an application. If you are unsure whether you have an existing HITS record you can contact the Department via tsenquiries@education.gov.au.

HITS will only permit a new application in a sector where there is either no previous application or where one or more exists, the latest (or current) application has one of following application status:

- Discarded;
- Withdrawn; or
- Revoked.

You can check to see the current status of any application by selecting 'Organisation – view Organisation Details' on the navigation bar, then scrolling to the bottom of the screen and selecting the drop down arrow to display 'Organisation Applications'.

In the example below, the current application has a status of 'Withdrawn' so the organisation can make another application in the Higher Education sector.



Instructions

1. To apply, select **Application**, **Create Application** and you will be navigated to the 'Create Application' screen.

2. Select the sector then add your TGA and/or TEQSA ID and click **Submit**.

3. Each sector application will have its own **Lodge application for assessment** button.
4. A HITS notification message is generated – see Notifications section for details.

4. Application – New applicants

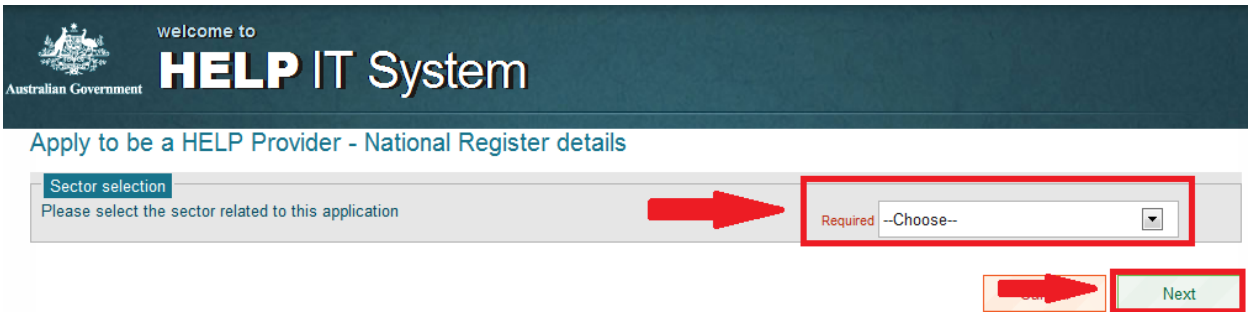
New applicants are considered to be organisations that do not have an existing record in HITS. New applicants will apply through a separate process to those organisations that do have an existing record in HITS. The reason for the separate process is that the initial registration includes setting up a direct link with the organisation TGA or TEQSA record and populating these details into HITS.

Instructions

1. To apply to become a HELP provider, the first step is to register your new application details in HITS. You can do this by clicking on Register and Apply or by typing the following URL into your web browser:

   https://extranet.deewr.gov.au/SkillsSystemHits/Registration/Eligibility

2. Select the sector (or sectors) and Click **Next**. Sector options are 'Dual Sector', 'Higher Education Sector' or 'VET Sector'.



3. Enter your organisation's Training.gov.au (TGA) and/or Tertiary Education Quality and Standards Agency (TEQSA) code and click **Next**

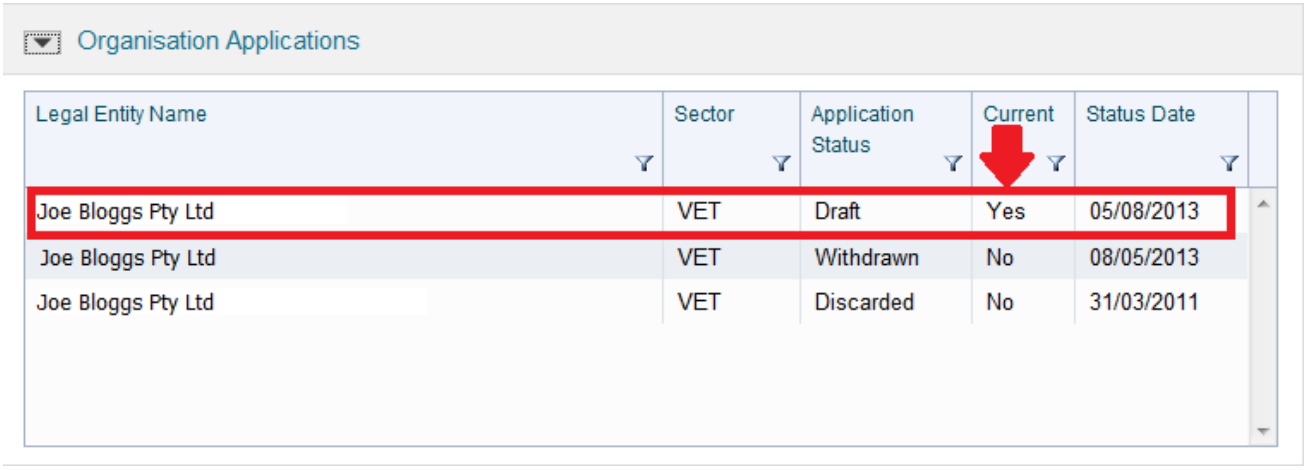
If your organisation is applying to be a HELP provider, has an existing application or is an approved provider in HITS, you will be able to view the Application summary screen.

Instructions

1. From the Navigation menu click on **Application**.
2. Click **'<<sector>>Application Summary'.** The system will then navigate you to the selected sector **'Application summary'** screen.

The Application summary screen is applicable to each sector in which you have an application and it will display details of all applications for the sector. In the example below the organisation has applied 3 times in the VET sector and the latest application will have details displayed on the Application summary screen.



The Application summary screen has two parts, the 'Current status' and the Requirements for <sector> in which you have applied.

In the example below the current status of the application is Draft and the comments indicate that the application was returned to draft because the application was incomplete upon the initail submission.

The requirements for VET application section indicates that all mandatory fields have been completed. It is important to note that where you re-apply HITS will reset all courses to 'Details required' however HITS will not remove any information that you previously uploaded or edited. The Requirements will therefore usually only require course Tuition assurance arrangements to be upload however you should check the other modules and update where appropriate.

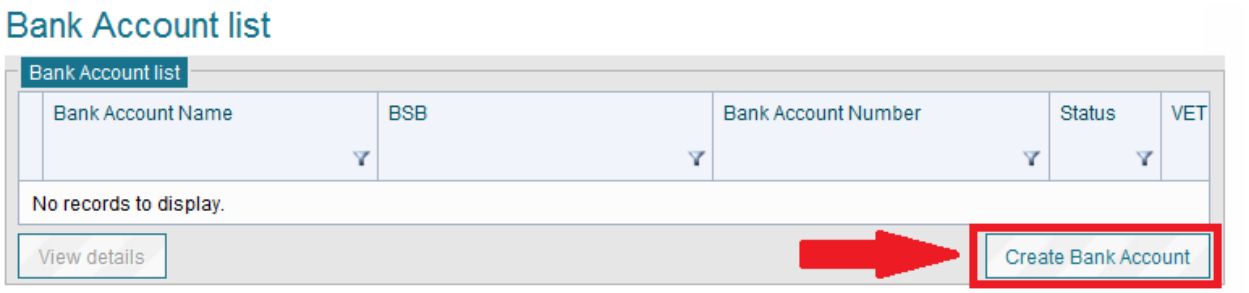
Provider View Only	PVO	Cannot view bank account module

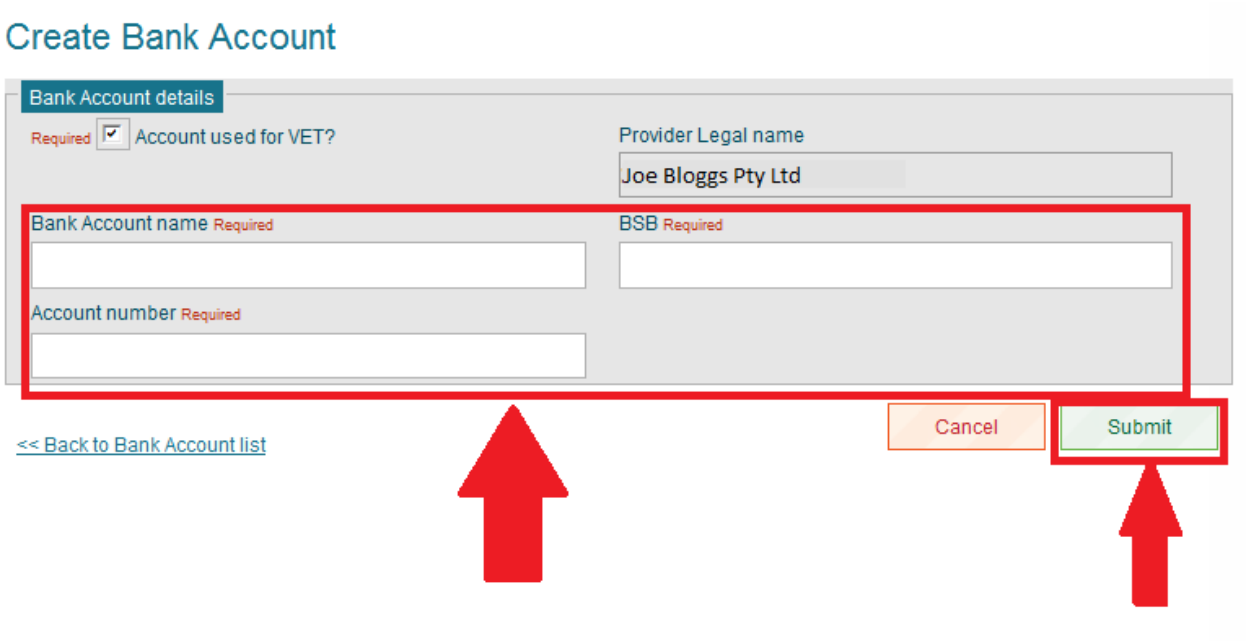
Instructions

1. Go to the Navigation menu and select **Payments** to display the sub menu items.
2. Select **Bank Account List**.

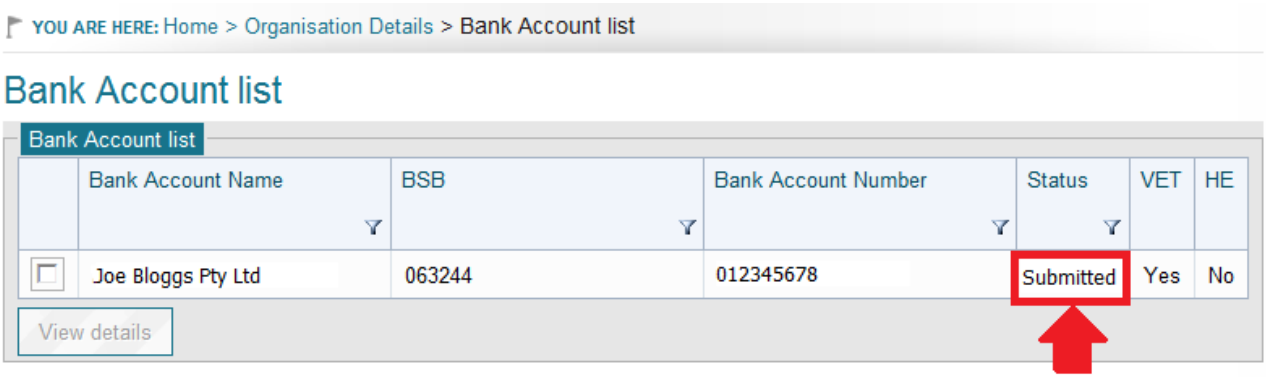
3. Click **Create Bank Account** and you will be navigated to the Create Bank Account screen.



1. All fields on the screen which display the word 'Required' are mandatory and must be completed.
2. Once all the required information is completed, click **Submit**.



3. The Bank Account status will change to **'Submitted'**.



Notes

1. A bank account can only be submitted once the application is approved.
2. The Department must approve a bank account before payments can be processed into that account.
3. A Provider can only have one approved bank account per sector at any one time.
4. A new bank account must be approved in order to replace an existing approved bank account.
5. A HITS notification message is generated – see Notifications section for details.

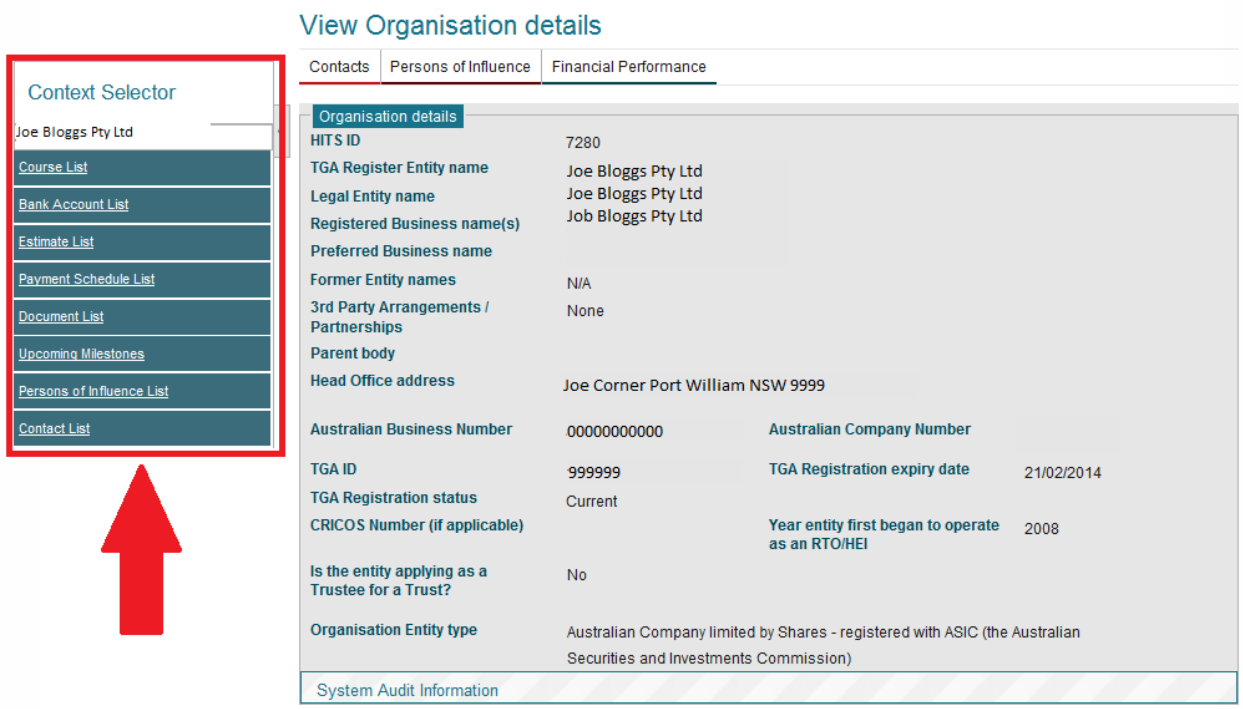
9. Context selector

USER ROLES		ACCESS
Provider Corporate Officer	CEO	Can use the Context Selector
Provider Senior Officer	SAO	Can use the Context Selector
Provider Finance Officer	PFO	Can use the Context Selector
Provider Editing Officer	PEO	Can use the Context Selector
Provider View Only	PVO	Can use the Context Selector

The 'Context Selector' appears on most screens in HITS and enables you to navigate between frequently used modules that you have access to.

Instructions

1. Select a hyperlink from the Context Selector sub menu items. You will then be navigated to the selection screen in HITS.



10. Contacts – Adding a contact

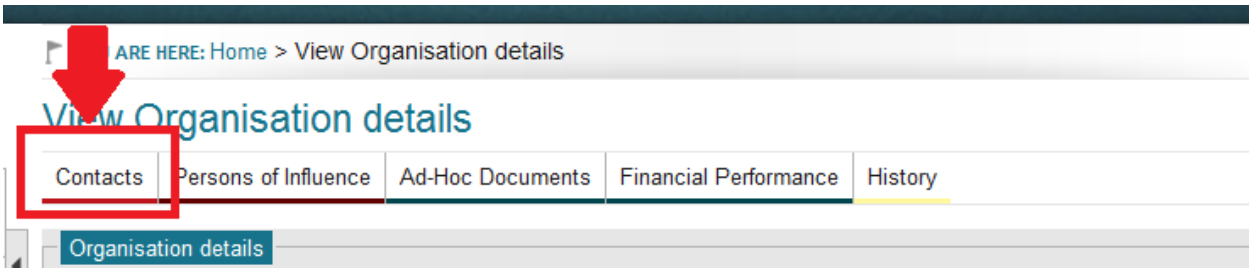
USER ROLES		ACCESS
Provider Finance Officer	PFO	Full access to add/view contacts
Provider Corporate Officer	CEO	Full access to add/view contacts
Provider Senior Officer	SAO	Full access to add/view contacts
Provider Editing Officer	PEO	Full access to add/view contacts
Provider View Only	PVO	Can only view contacts

The contacts screen is where you provide information to the Department on all key contacts within your organisation for each sector you have an active application.

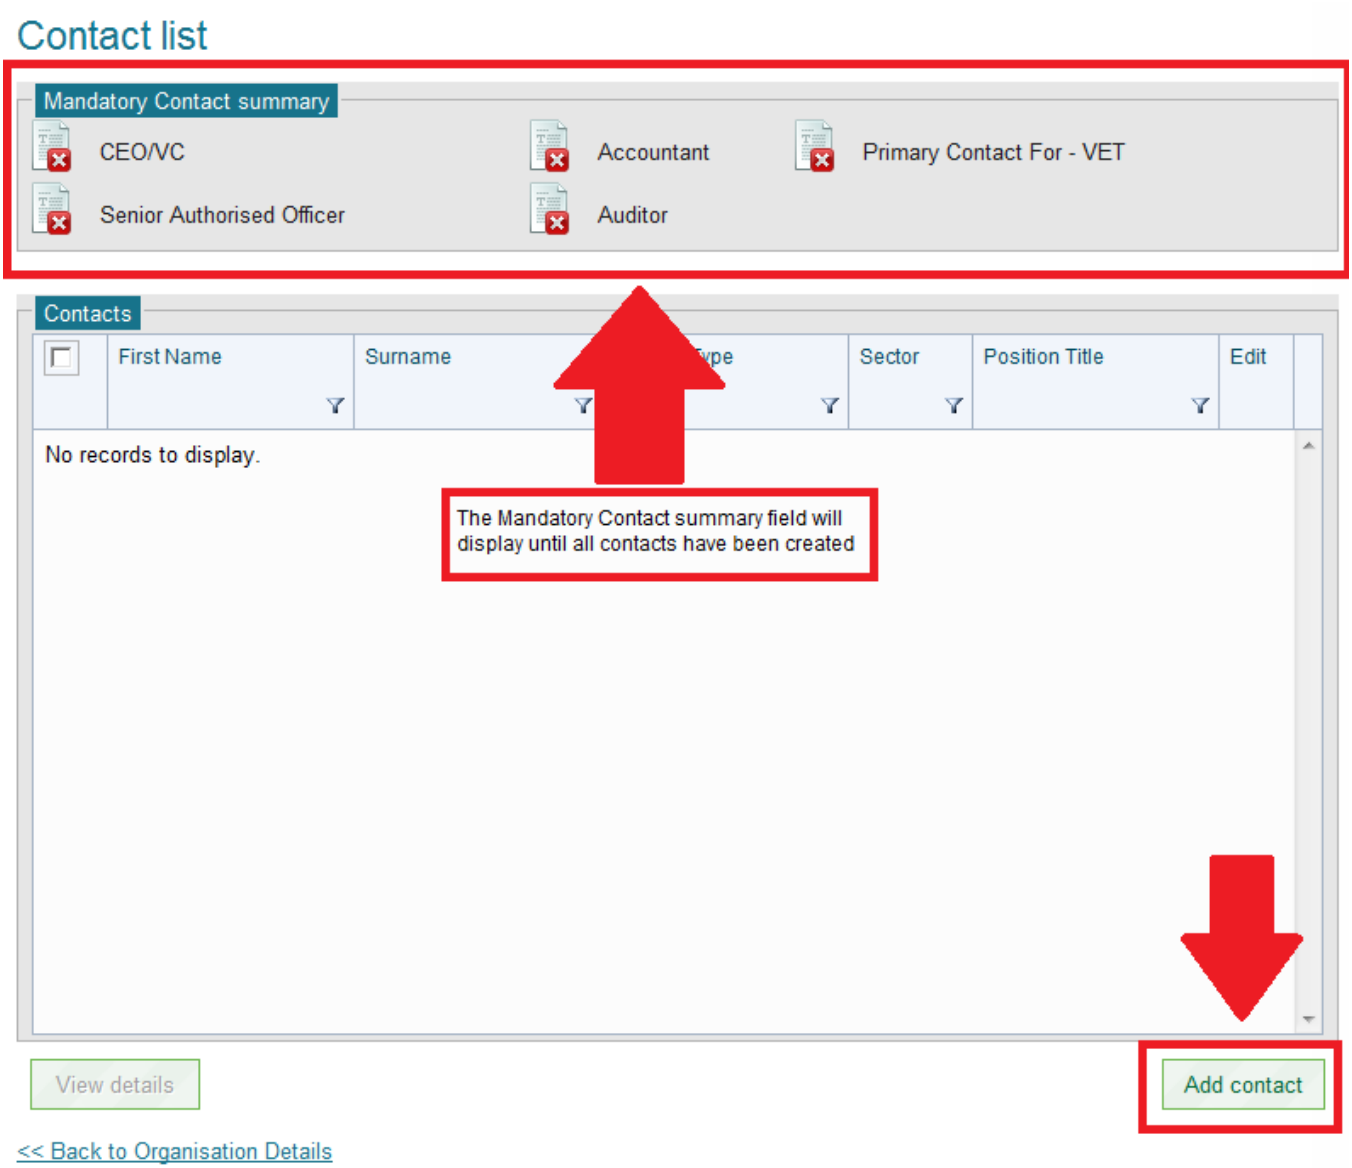
For applicants, it is mandatory to have a minimum 5 contacts for a single sector application or 6 for a dual sector application.

Instructions

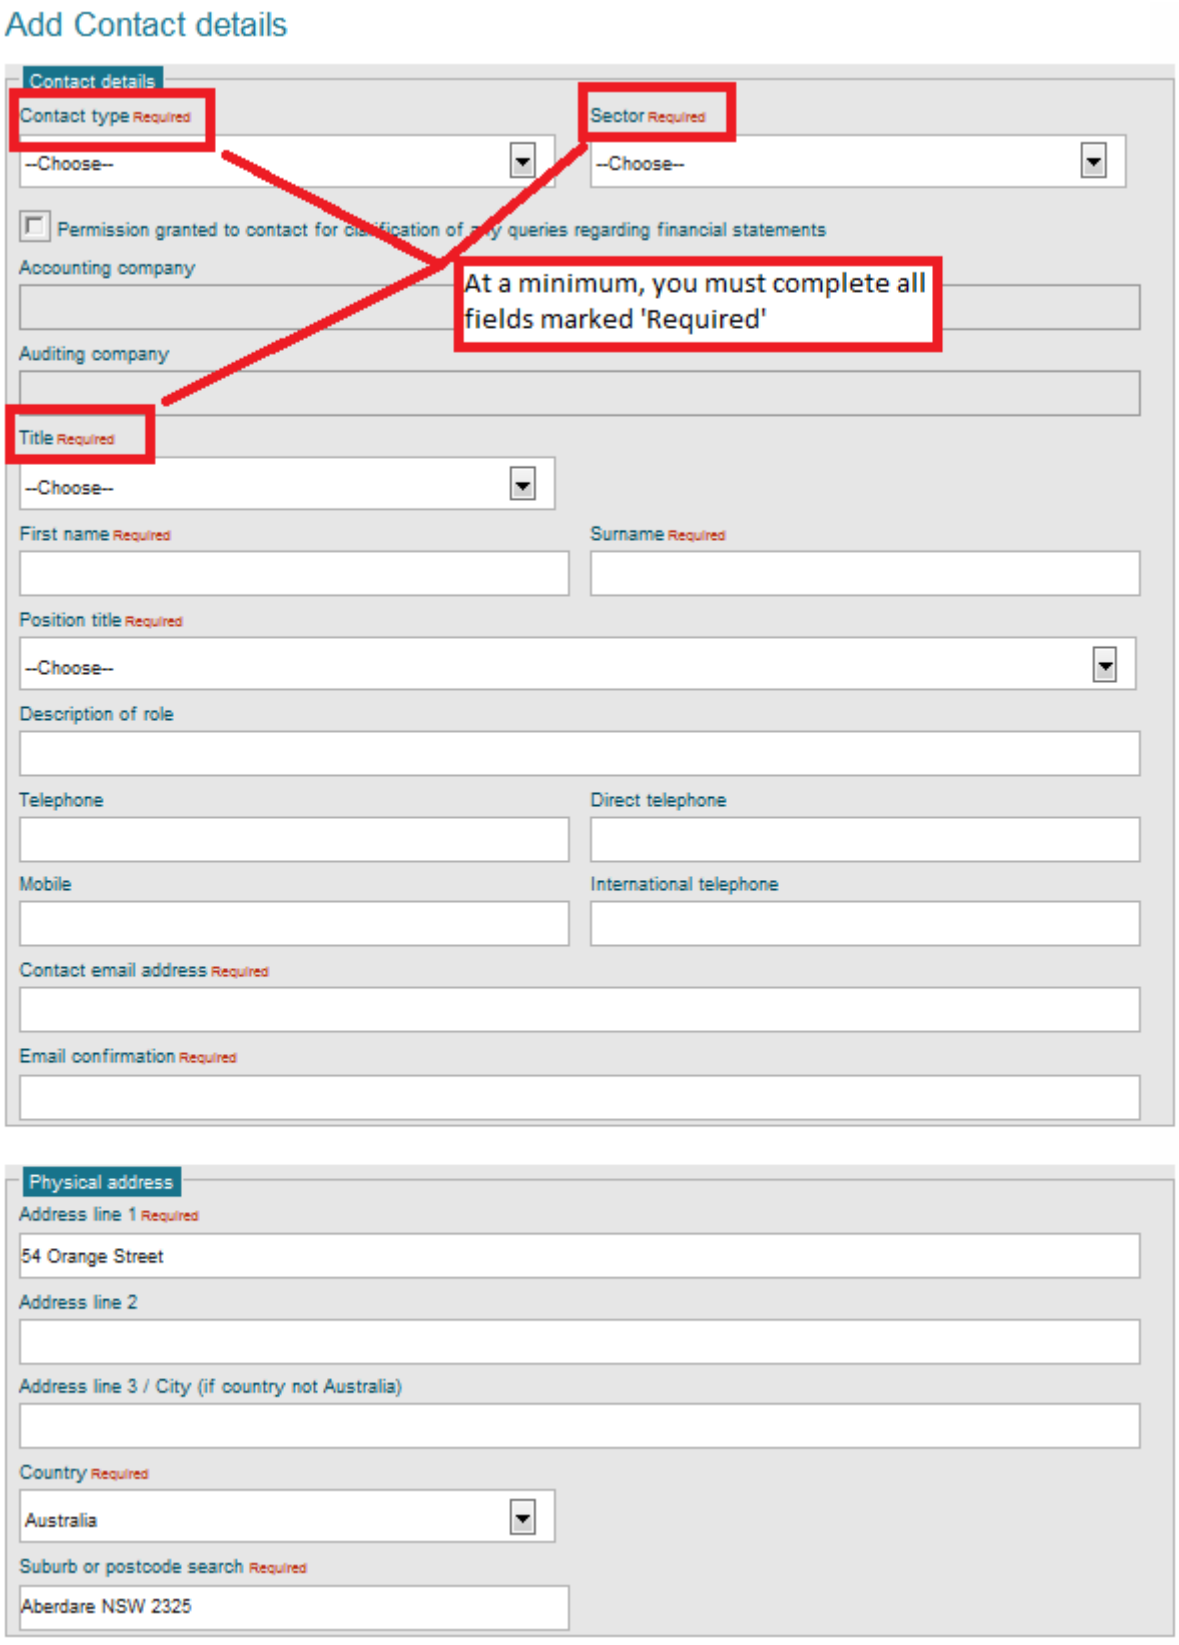
1. From the Navigation menu click **Organisation** - **Organisation details** to view the Organisation Details screen.
2. Select the **Contacts** tab to navigate to the Contact list screen.



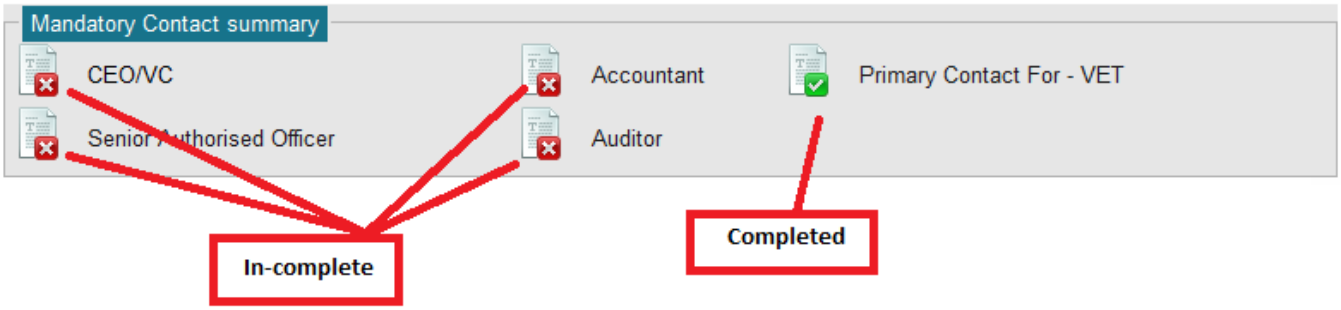
3. For new applicants, the Mandatory Contact summary details will display until such time as all the mandatory contacts have been created. Once they have been created, the Mandatory Contact summary details will disappear. Click the **Add contact** button.



4. Complete all required contact information fields and click the **Save** button.



5. When adding contacts for the first time, the Mandatory Contact Summary details will display above the contact list. The summary details will indicate which contact types have not been completed. Once all mandatory contacts have been completed, the Mandatory Contact summary details will stop displaying.



6. Once you select **Save** you will be navigated back to the Contact list screen.
7. Repeat above for all contacts.

Notes

1. For applicants, HITS will temporarily display all mandatory contact types. Once all the mandatory contacts have been created, the display will disappear.
2. Where a mandatory contact changes, you must create a new contact for the contact type before you can delete the old contact details.
3. There is no limit on the number of contacts for the same contact type being created however notification emails will only be sent to the earliest created contact.
4. At least one contact phone/mobile number is required, either a telephone OR mobile phone number.
5. If your contact details are in another country, you must include the city in which you live.

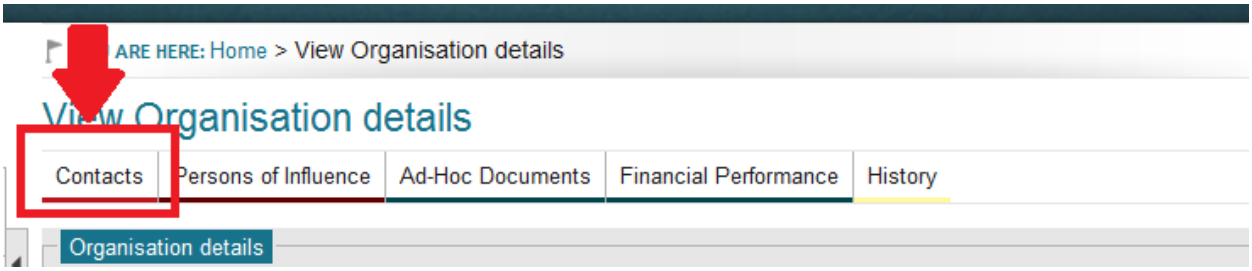
11. Contacts – Updating a contact

USER ROLES		ACCESS
Provider Corporate Officer	CEO	Full access to update contacts
Provider Senior Officer	SAO	Full access to update contacts
Provider Finance Officer	PFO	Full access to update contacts
Provider Editing Officer	PEO	Full access to update contacts
Provider View only	PVO	Can only view contacts

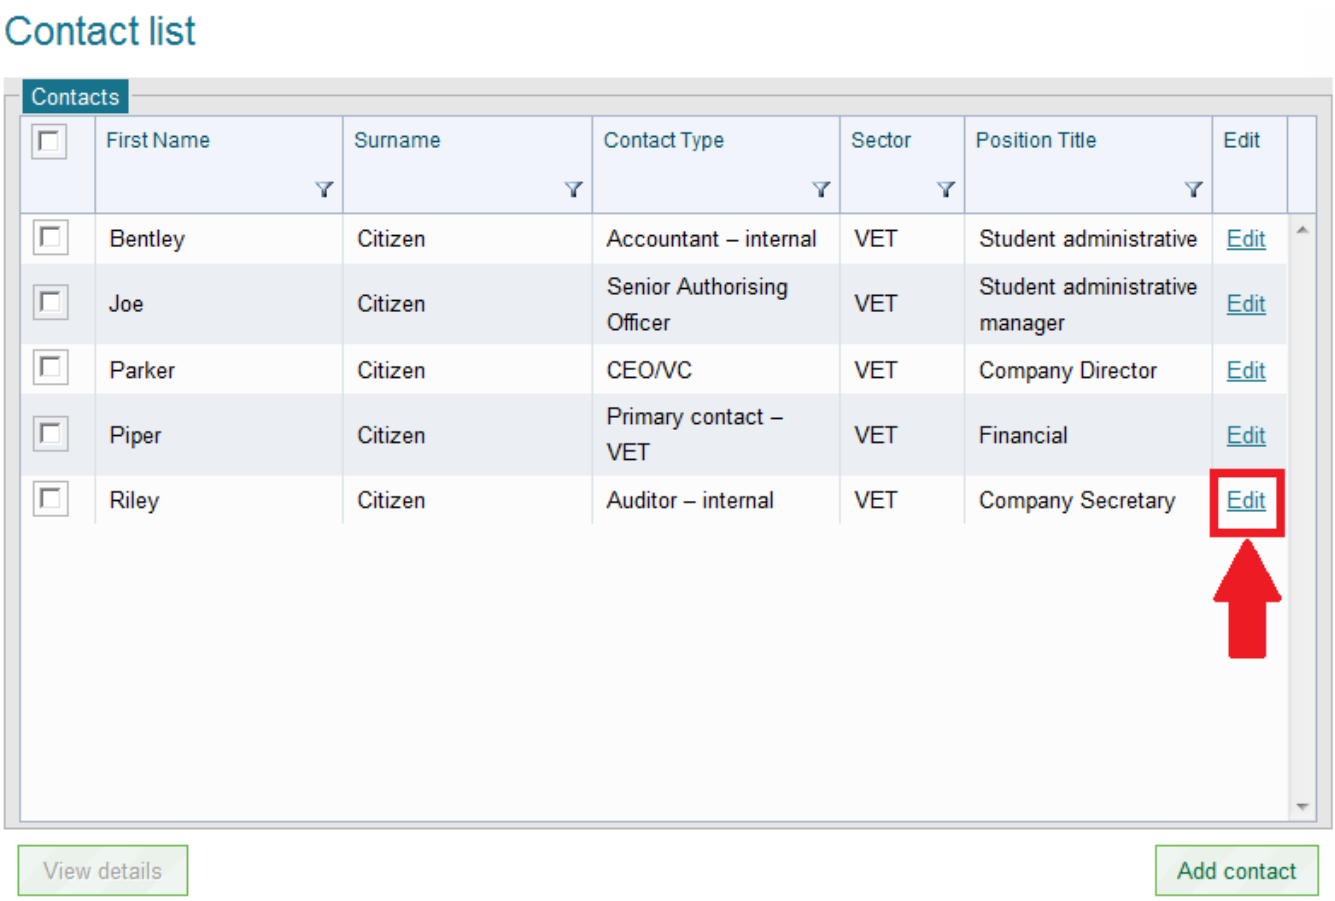
You should update contact details where appropriate however it is important to consider the order in which contacts with the same contact type are listed. This is due to HITS notifications and email notifications as where there is more than one contact with the same contact type; notifications/emails will be sent to the first listed contact.

Instructions

1. Click on **Organisation** then click on **Organisation details** to view the Organisation Details screen.
2. Select the **Contacts** tab to display the Contact list screen.



3. From the list of contacts, click on the **Edit** hyperlink for the record that you wish to update.



1. Update the relevant fields and click on the **Save** button.
2. You will be navigated back to the Contact list. Repeat this action if you need to update any further contacts.

Notes

1. Required fields are indicated with the word ‘required’ in red next to the field name.
2. At least one phone number, either a telephone OR mobile phone number is required.

12. Course – Activating a course

USER ROLES		ACCESS
Provider Corporate Officer	CEO	Can view/update a Course
Provider Senior Officer	SAO	Can view/update a Course
Provider Finance Officer	PFO	Can view/update a Course
Provider Editing Officer	PEO	Can view/update a Course
Provider View Only	PVO	Can view a course but not update.

Activating a Course – VET

The Department sources all course data for VET applicants and providers from training.gov.au (TGA). If you are a new applicant, all active courses against your TGA scope will be added to your course scope in HITS and will have an initial course status of 'Details Required'. 'Details Required' refers to your Tuition Assurance arrangements and must be added for each course that you are offering VET FEE-HELP.

After initial registration, whenever a new course is added to your scope in TGA, it will automatically be downloaded to your scope in HITS with a status of 'Details Required'. You will receive a notification message to advise you that a new course has been added to your scope.

It is the responsibility for organisations to manage all courses added to their course scope in HITS as the Department will use your course list to update Study Assist website.

Updating a Course – HE

The Department receives each month from TEQSA a data file containing all public information on approved higher education sector providers.

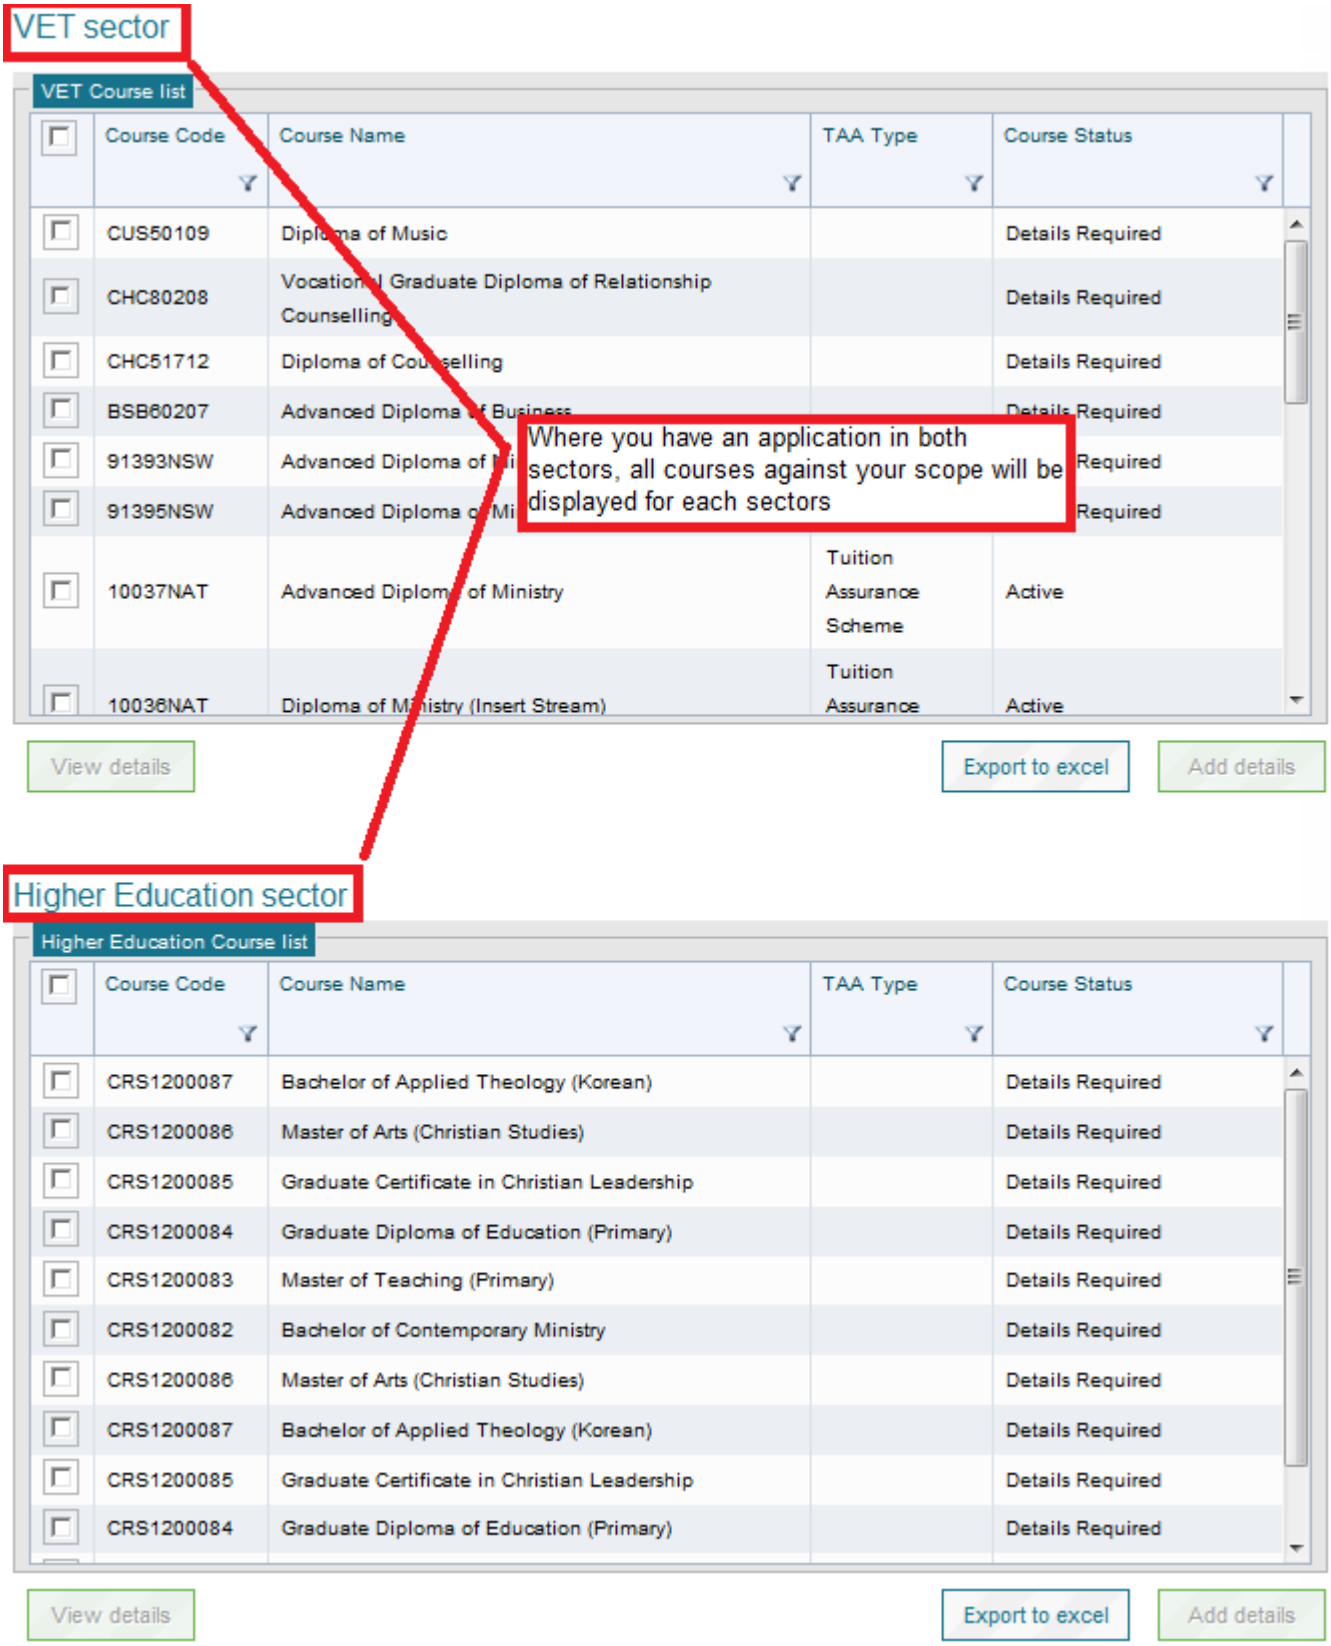
All courses that are accredited by TEQSA will be uploaded to your course scope in HITS when you first apply. Thereafter, new courses will be added to your scope each month after TEQSA refreshes their data.

All courses added to an application or approved provider record will have their course status default to 'Details Required'. You will need to add your tuition assurance arrangements for every course that you intend to offer FEE-HELP unless you are exempt from tuition assurance arrangements.

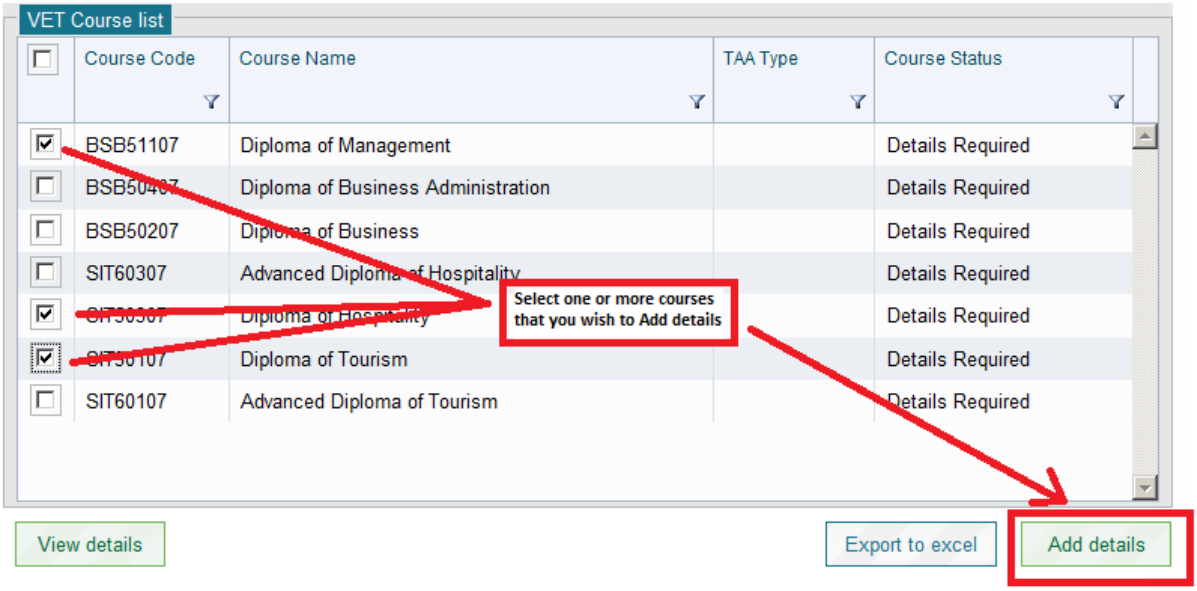
It is your responsibility to manage your course list in HITS. This includes updating course status to 'Inactive' when a course becomes superseded or expires and is no longer offered.

Instructions

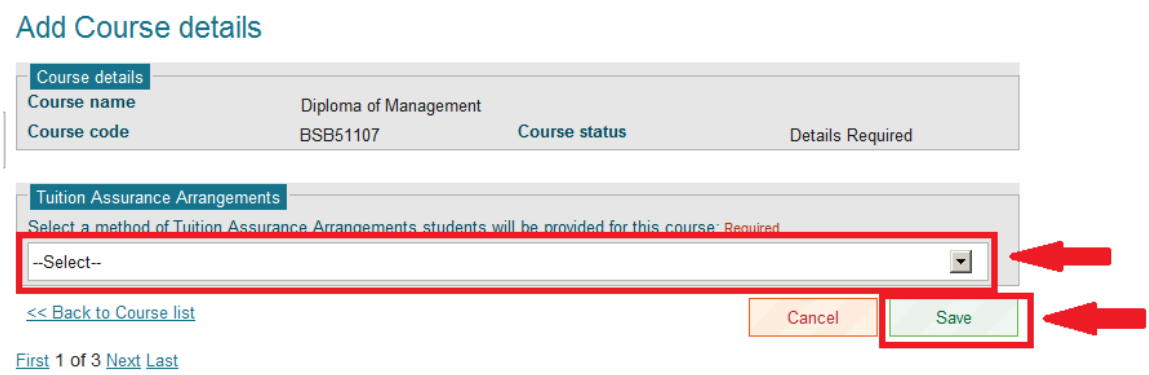
1. From the Context selector select **Course List** to navigate to the Course list. The Course list will display courses for each sector in which you have an application.



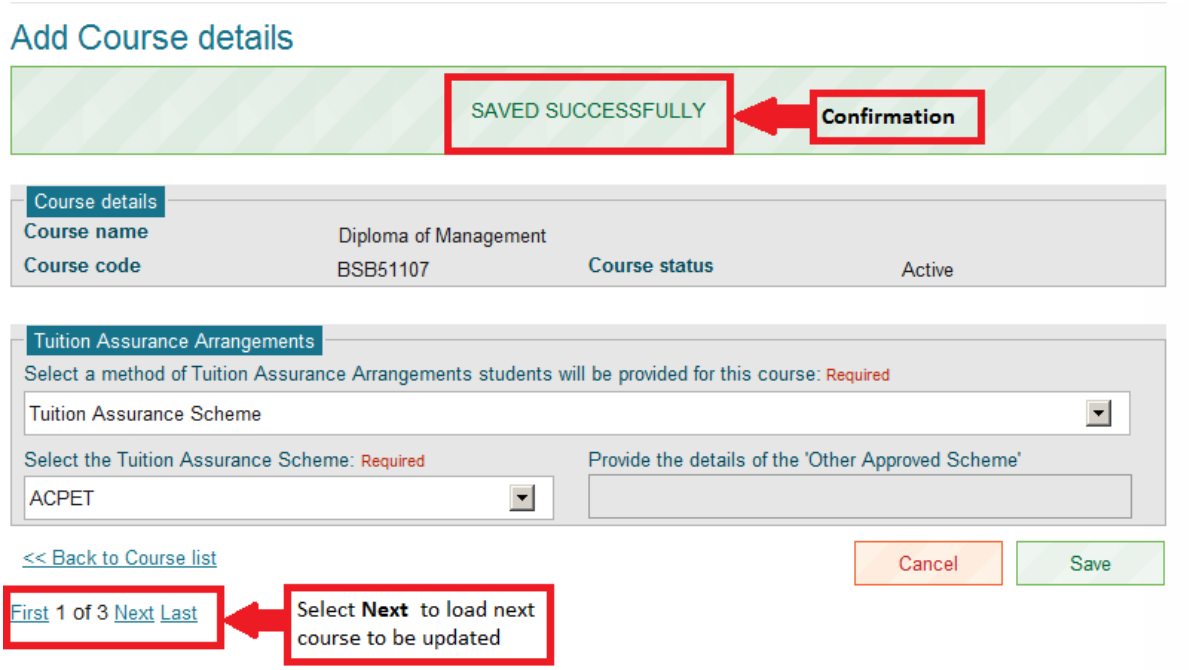
2. Click on one or more courses that you wish to update from the displayed search results.



3. Click the **'Add details'** button; the Add Course details screen will be displayed.



4. There are two options for you to select (three if you are an applicant):
    a. Tuition Assurance Scheme
    b. Other
    c. To be advised (for applicants only)
5. Select the appropriate Tuition Assurance Arrangement and complete all mandatory fields. Once complete click the **Save** button and **confirmation** button.
6. If you have selected more than one course, select **Next** to load the next course, otherwise navigate away from the screen.



Notes

1. You must upload evidence of your tuition assurance arrangements for each course that has a course status of 'Active'. Please see Documents – Uploading a document (Applicant or Approved Provider) for details on how to upload documents.
2. Any new course added will have a course status of 'Details required'.
3. For applicants, you will not be able to submit an application until all courses have been updated from Details required.
4. The Department uses the VET course list in HITS to update the Study Assist website. Approved VET providers must keep their HITS course list up to date to ensure their Study Assist course list is also kept up to date.
5. If your organisation is exempt from tuition assurance arrangements, please contact the Department via tsenquiries@education.gov.au. The Department will update the course status for you to Ministerial Exemption.
6. If you tuition assurance arrangement is by an agreement or guarantee, the course status will be updated to Ready. You must forward details of the agreement/guarantee to the Department via tsenquiries@education.gov.au. The Department will then determine whether to agree to the arrangements and where they do, they will update the course status to 'Active'.
7. If you update a course status to 'Inactive', HITS will permit you to add tuition assurance arrangements where you wish to activate the course again.

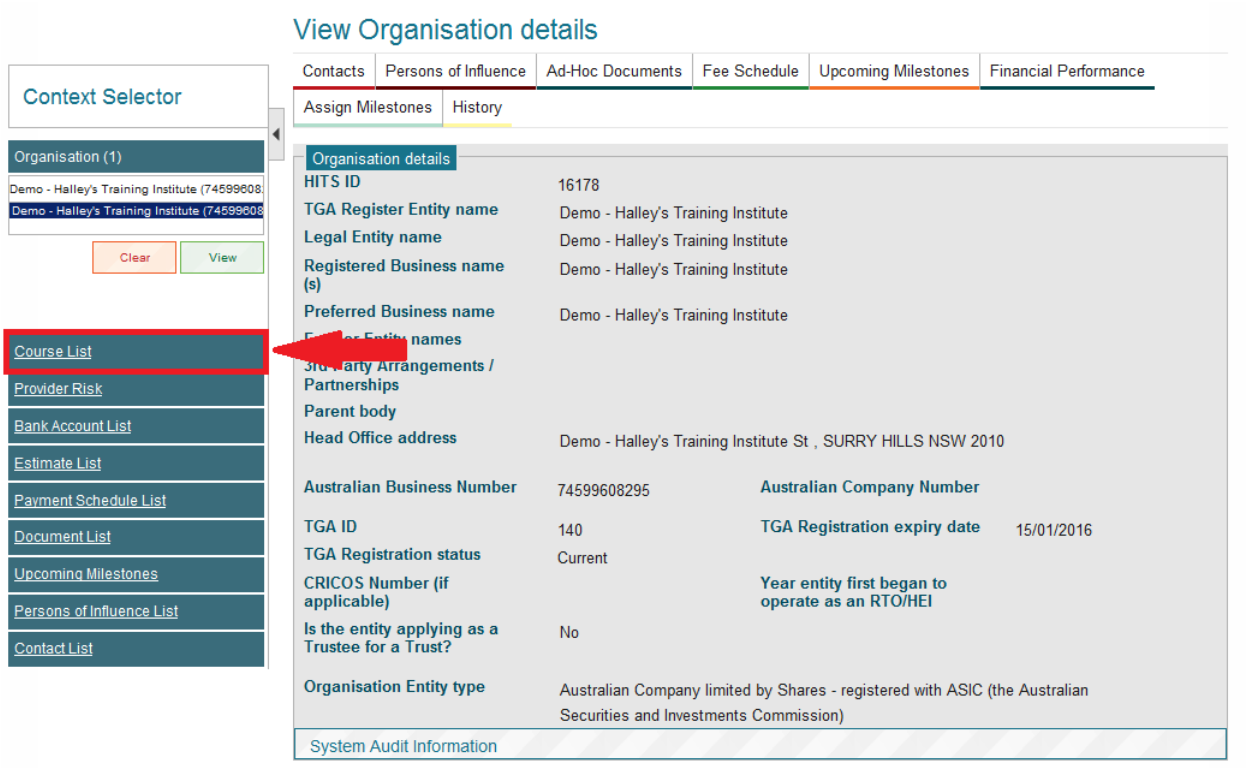
13. Course – Inactivating a course

USER ROLES		ACCESS
Provider Corporate Officer	CEO	Full access to inactivate courses
Provider Senior Officer	SAO	Full access to inactivate courses
Provider Finance Officer	PFO	Full access to inactivate courses
Provider Editing Officer	PEO	Full access to inactivate courses
Provider View Only	PVO	Cannot inactive a course

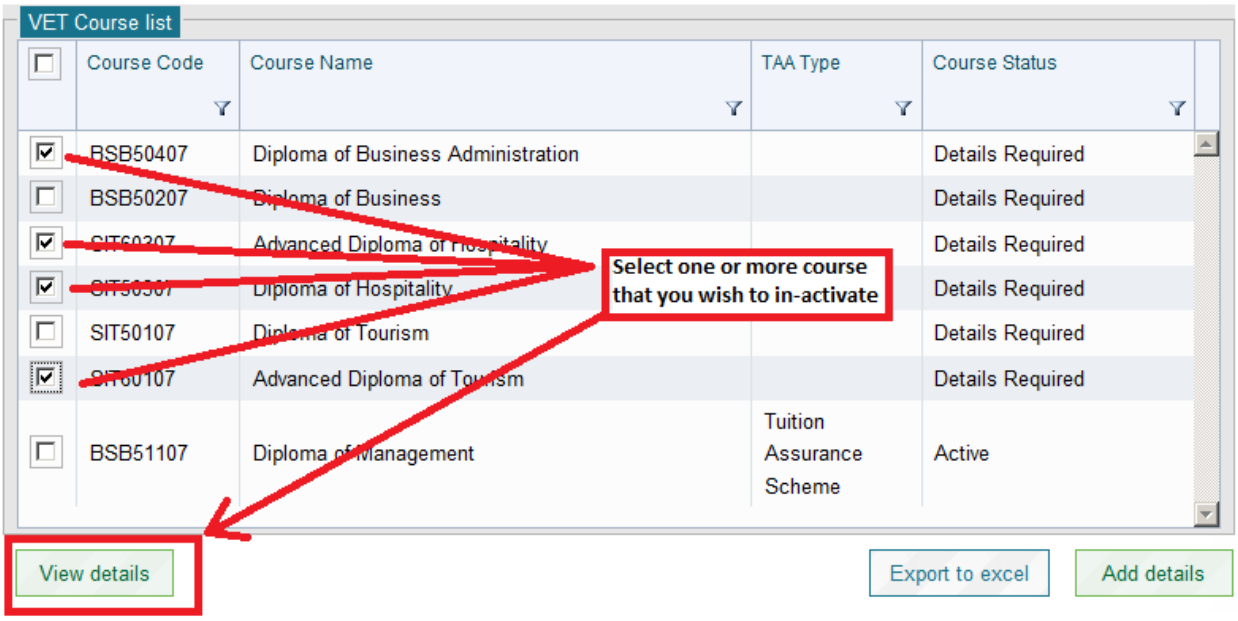
Applicants and approved HELP providers can inactivate any course from their course scope in HITS where they no longer offer the course.

Instructions

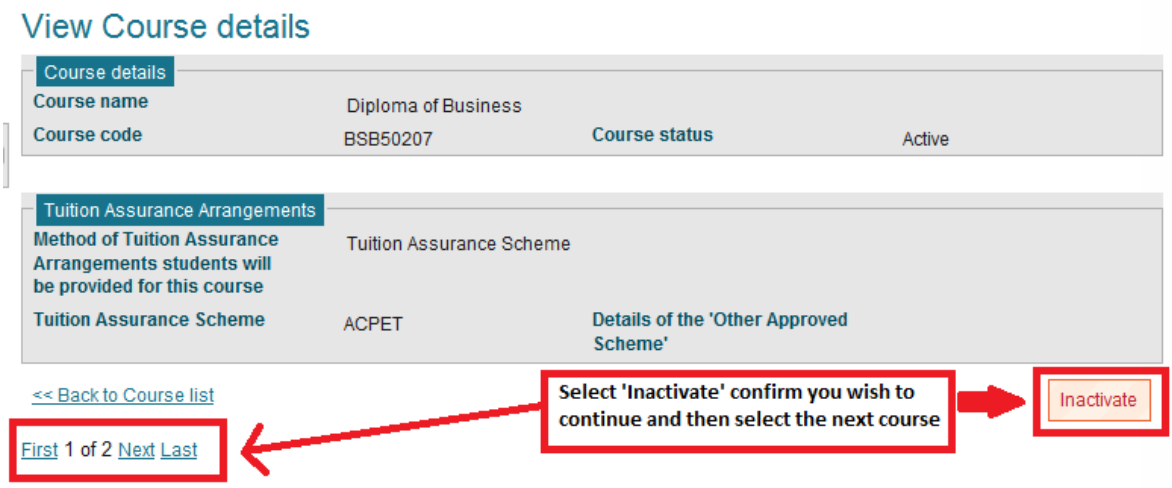
1. From the Context selector click on **Course List** to view the Course List.



2. Select one or more courses from the Course list by selecting the check box and then select the **View details** button.



3. Click the **Inactivate** button at the bottom of the screen; system will prompt the confirmation message box with option of 'Yes' or 'No'.
4. Click **Yes** then select the next course to be inactivated and then continue to until you have actioned all the courses.



Notes

1. You can reactivate an inactive course by following instructions in section 12 - Course - Activating a course.

14. Documents – Additional notes

Ad Hoc document upload

Use the Ad Hoc document upload when you are **NOT** uploading documents against a Milestone. Using this method automatically submits the document to the Department.

Document List upload

Use the Document List upload function when you are uploading documents that are related to a Milestone. Using this method allows you to remove any document or change any information.

Locked documents

A locked document is a document that has been submitted to the Department. Locked documents can only be removed by the Department.

Unlocked documents

An unlocked document is a document that has been uploaded into HITS but has yet to be submitted. It can be removed from HITS at any time. Documents uploaded using the Document List or via a milestone are unlocked until a milestone is submitted. A submitted milestone will lock all unlocked documents against the provider.

Unlocked documents cannot be replaced by another document, they should be removed instead.

New Applicants to HITS

New applicants who have not registered in HITS previously will have no documents in their document list and whenever they upload a document, it will remain unlocked until such time as they submit their application. An unlocked document is a document which can be removed by the applicant.

Applicants with a previous application who re-apply

If your current application is inactive ie it is withdrawn and you reapply any documents that you uploaded previously will still appear in your document list. You should immediately review these documents and request the Department to remove any that are out of date.

Contact the Department via tsenquiries@education.gov.au

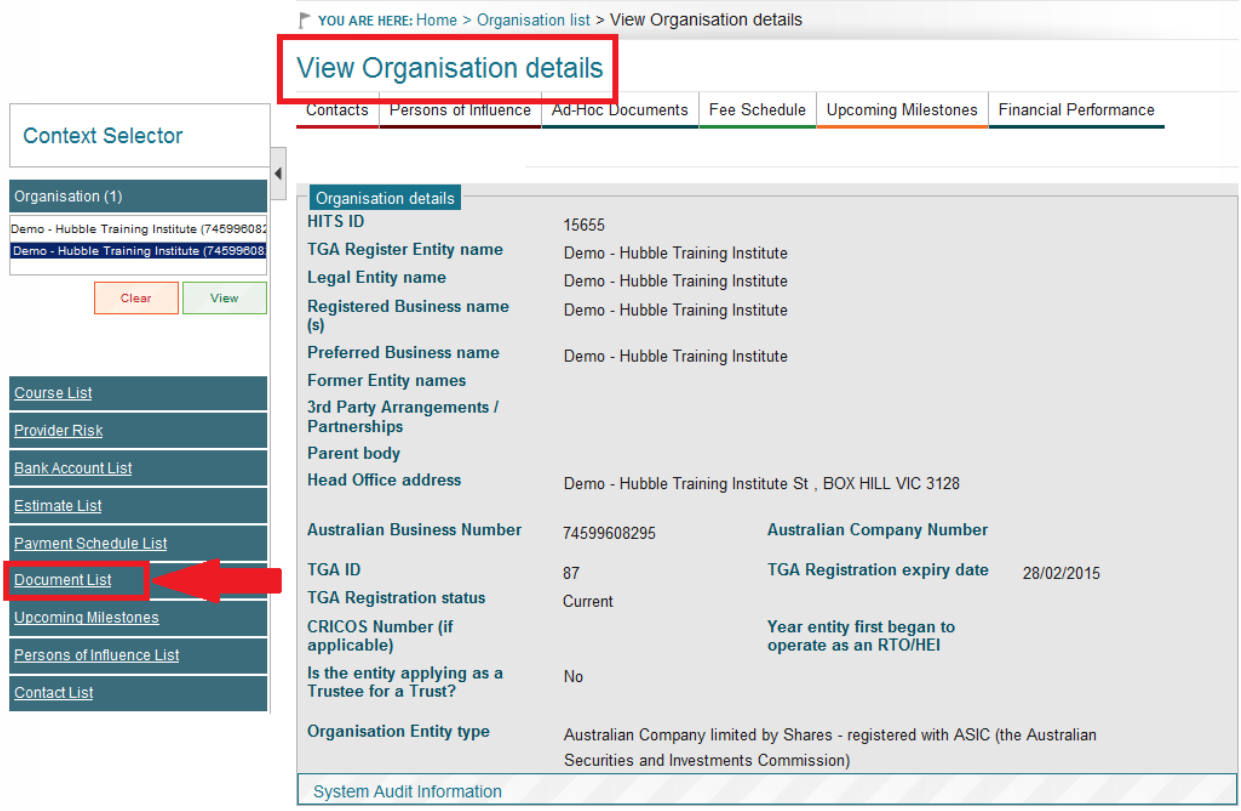
15. Documents – Archived

The Department will archive documents that are no longer current, ie they have been replaced by a more up-to-date version or a newer version of the document has been uploaded.

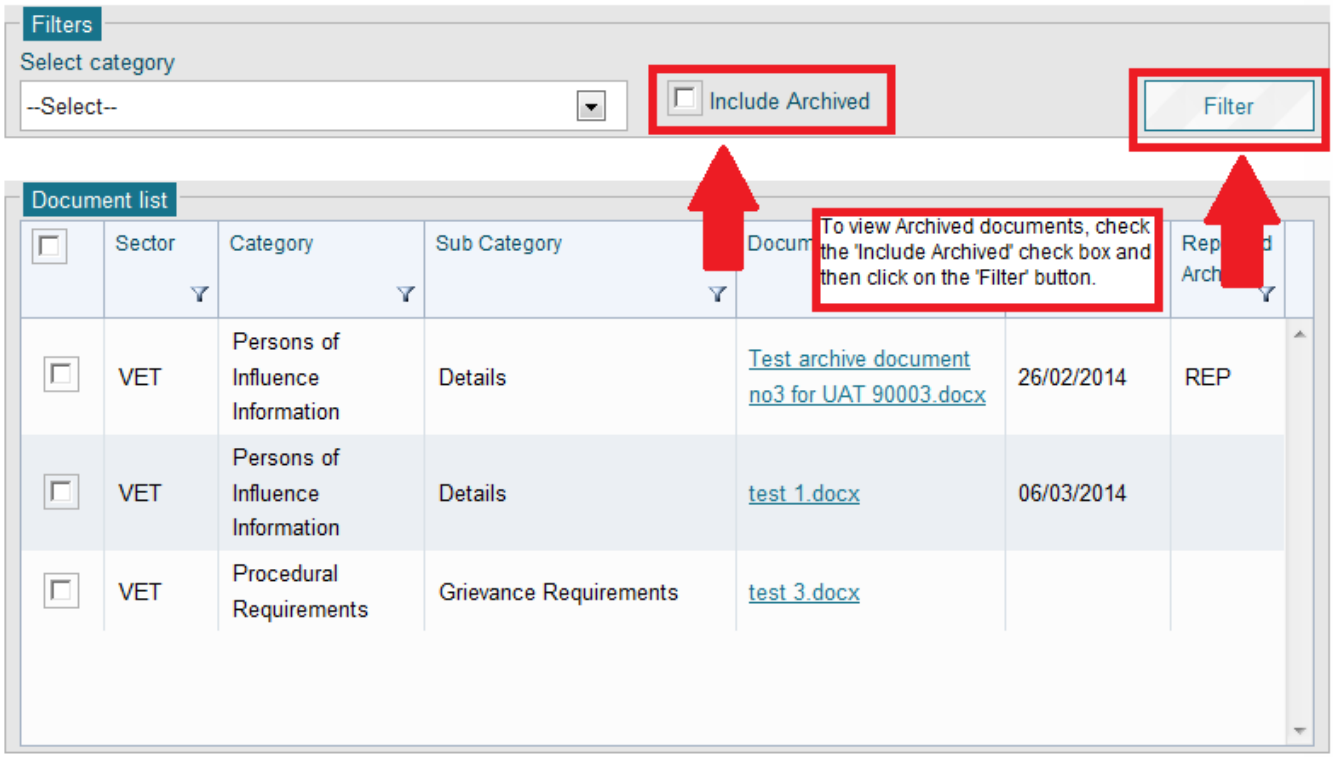
Archived documents will not appear in your documents list however if you wish to view any archived document follow the instructions below.

Instructions

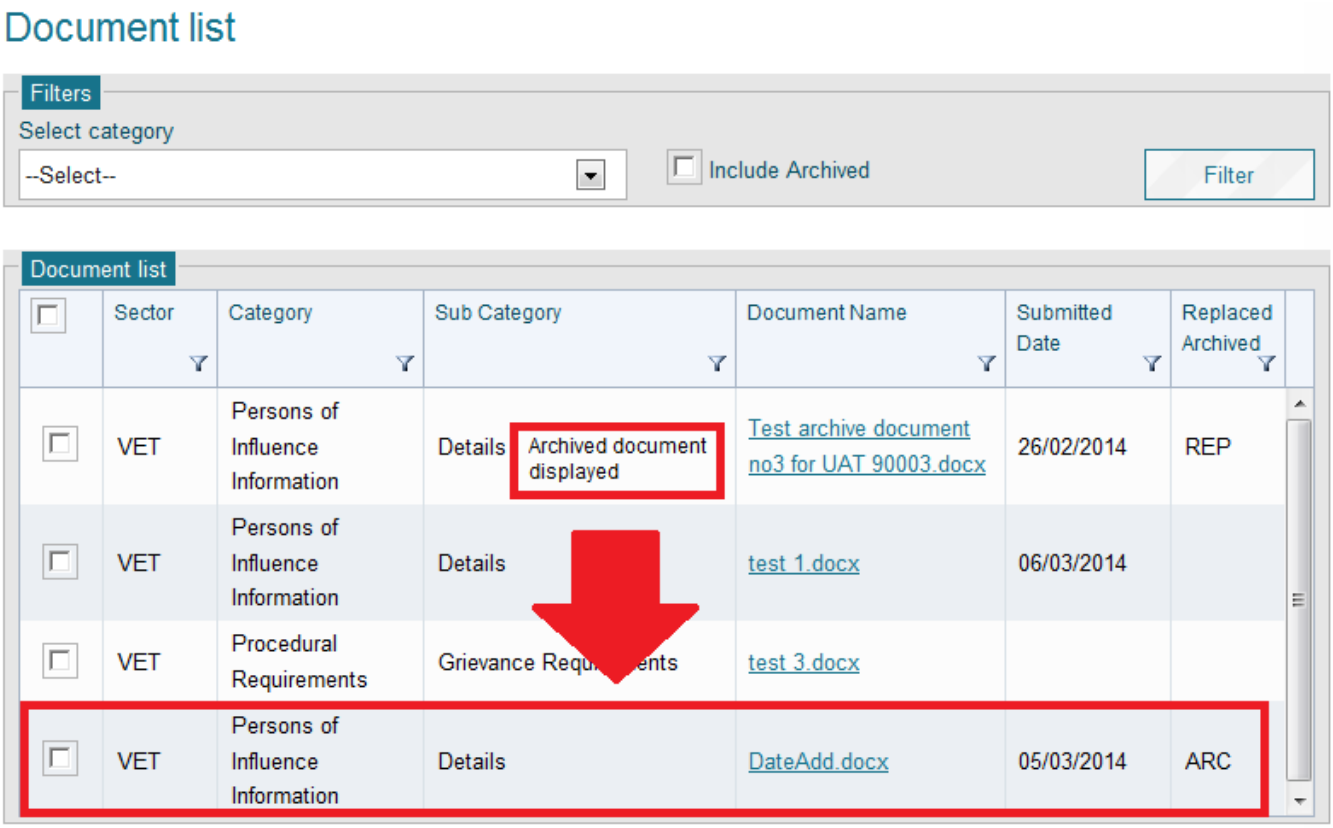
1. From the Navigation menu click on **Organisation – View organisation details** to navigate to the View Organisation details screen. Click on **Document List** to view the Document list screen.



2. Check the box against 'Include Archived' statement and select **Filter**.



3. Document list with Archived documents included. Archived documents have a code of 'ARC'.



16. Document categories

Each document uploaded into HITS must be attached to one of the following categories and their associated subcategories:

1. Organisational Information
    (a) Establishing documentation
    (b) Other
2. Persons of Influence Information
    (a) Details
    (b) Other

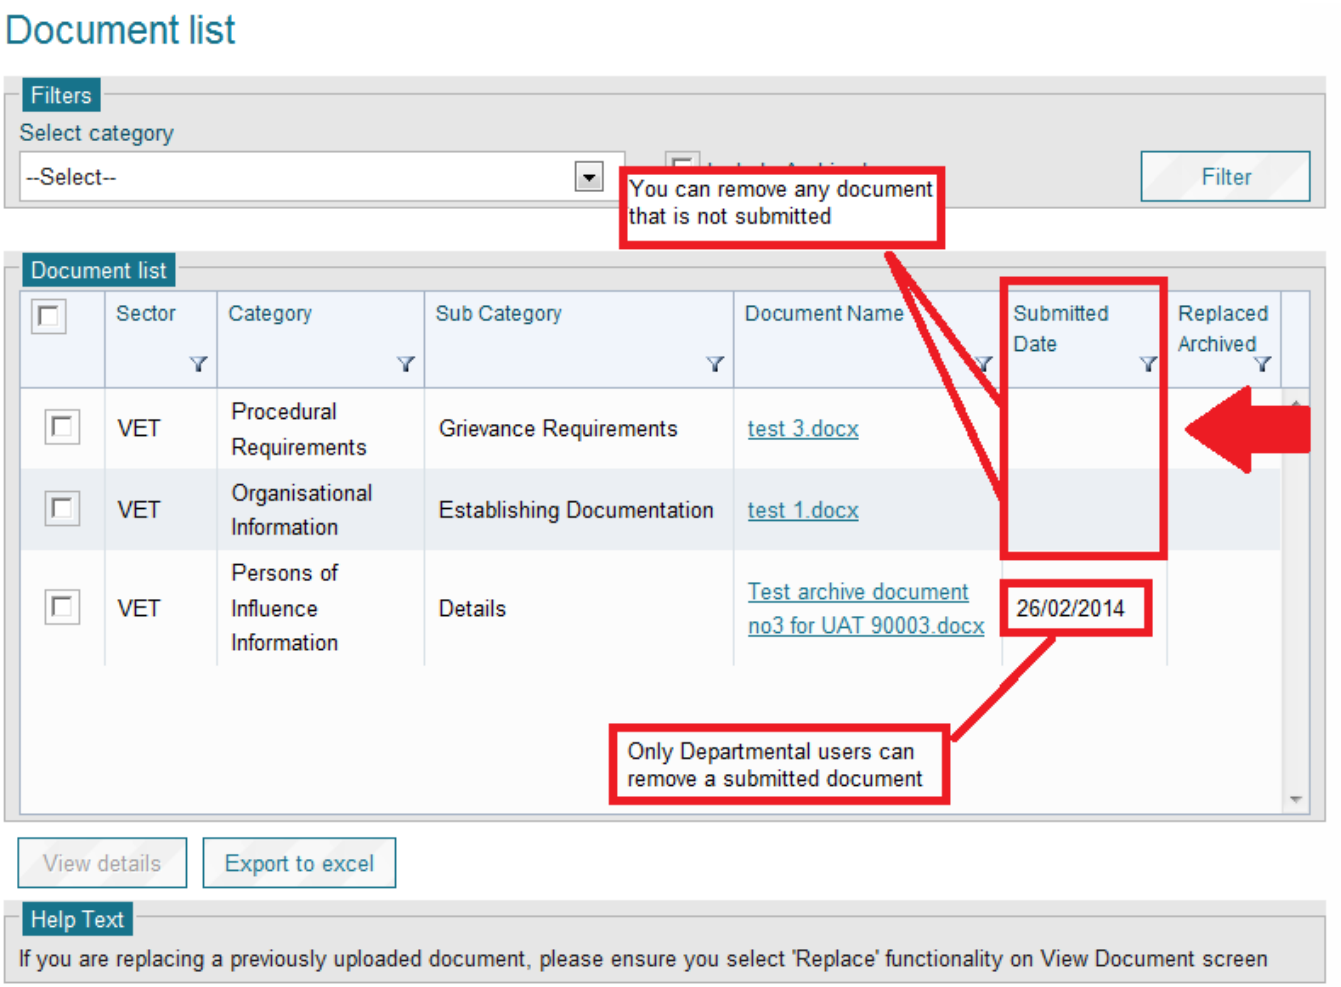
17. Documents – Removing a document

USER ROLES		ACCESS
Provider Corporate Officer	CEO	Full access to remove documents
Provider Senior Officer	SAO	Full access to remove documents
Provider Finance Officer	PFO	Full access to remove documents
Provider Editing Officer	PEO	Full access to remove documents
Provider View Only	PVO	Can only view documents

Removing a document effectively deletes it from HITS and should only be used when the document was uploaded incorrectly.

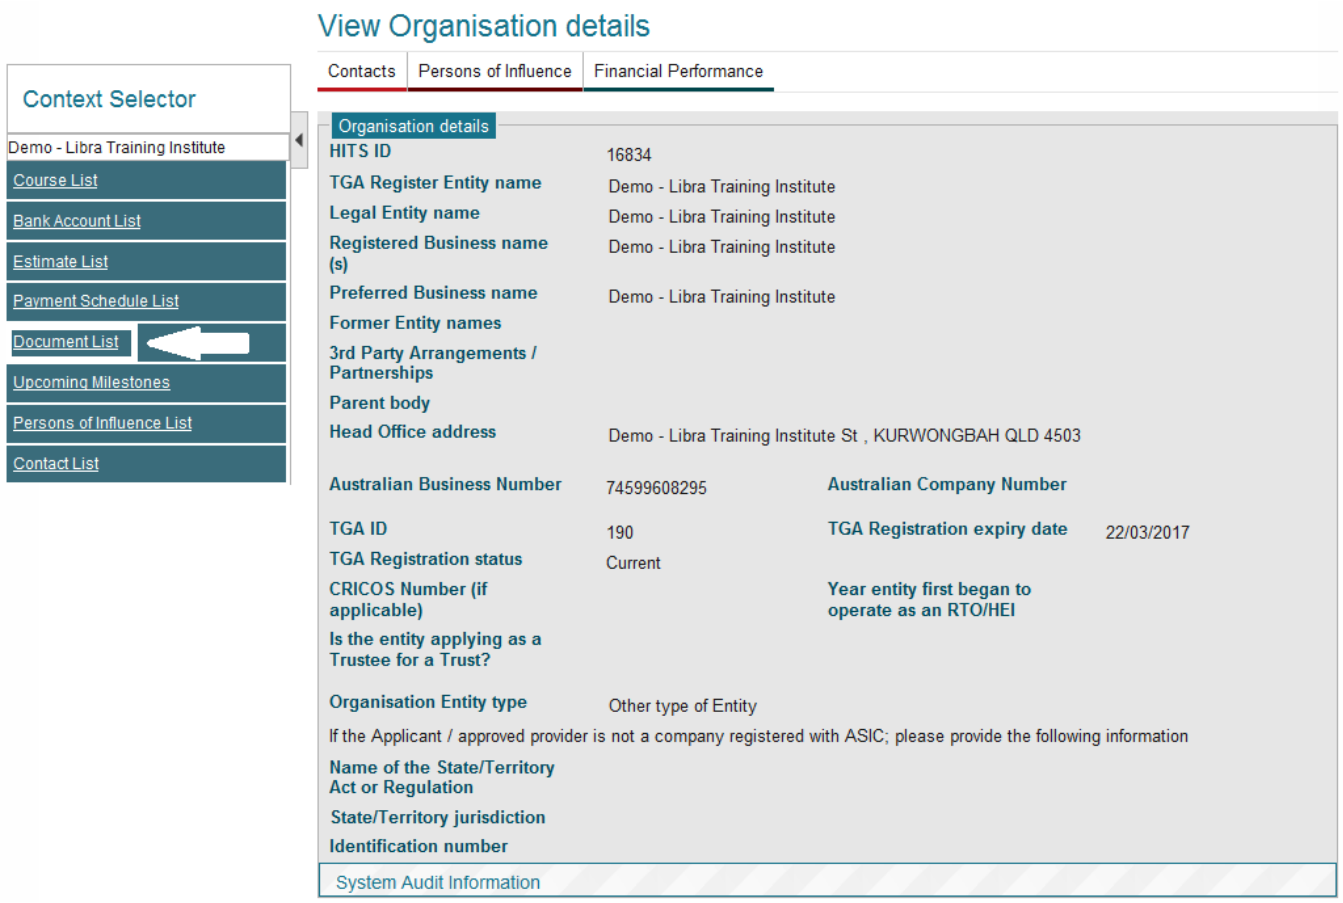
You can remove any document that has not been submitted ie there is no 'Submitted Date' (see example below).



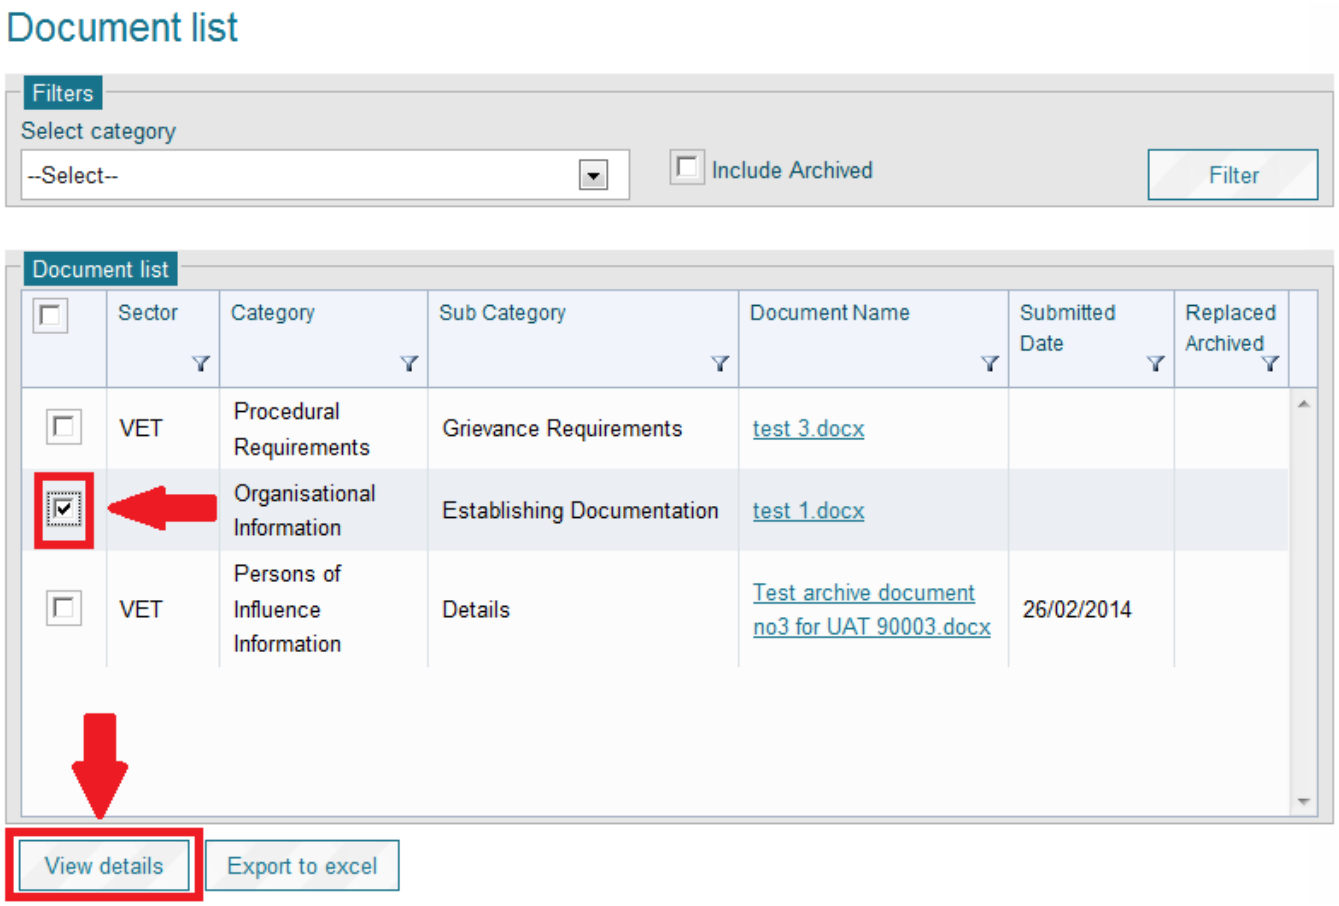
To remove a document, follow the instructions below.

Instructions

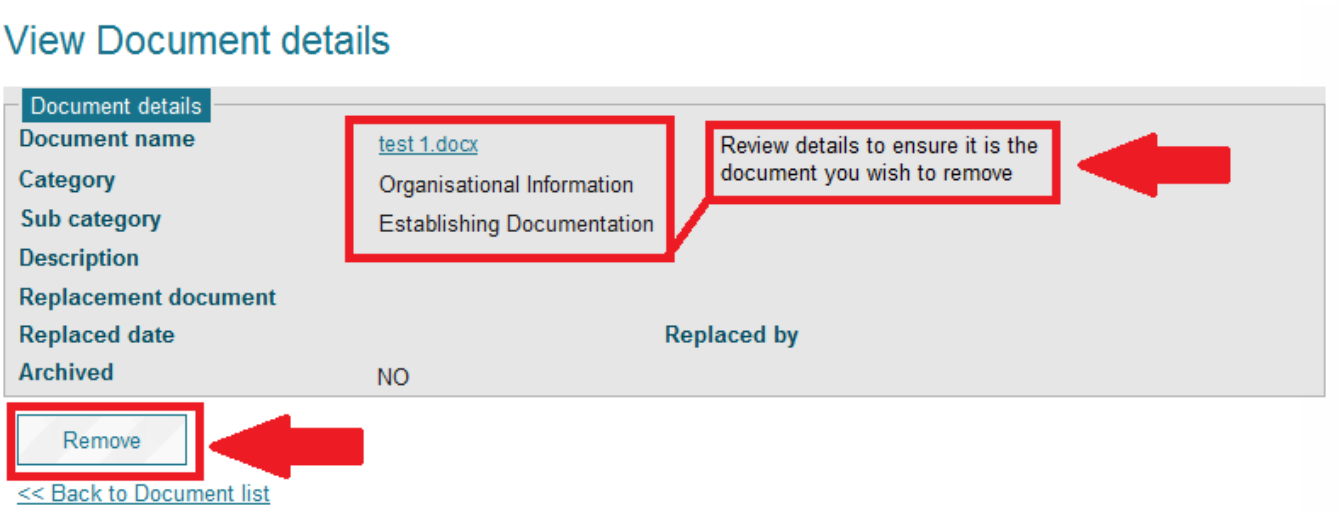
1. From the Navigation menu click on **Organisation** to navigate to the View Organisation details screen. Click on **Document List** to view the Document list screen.



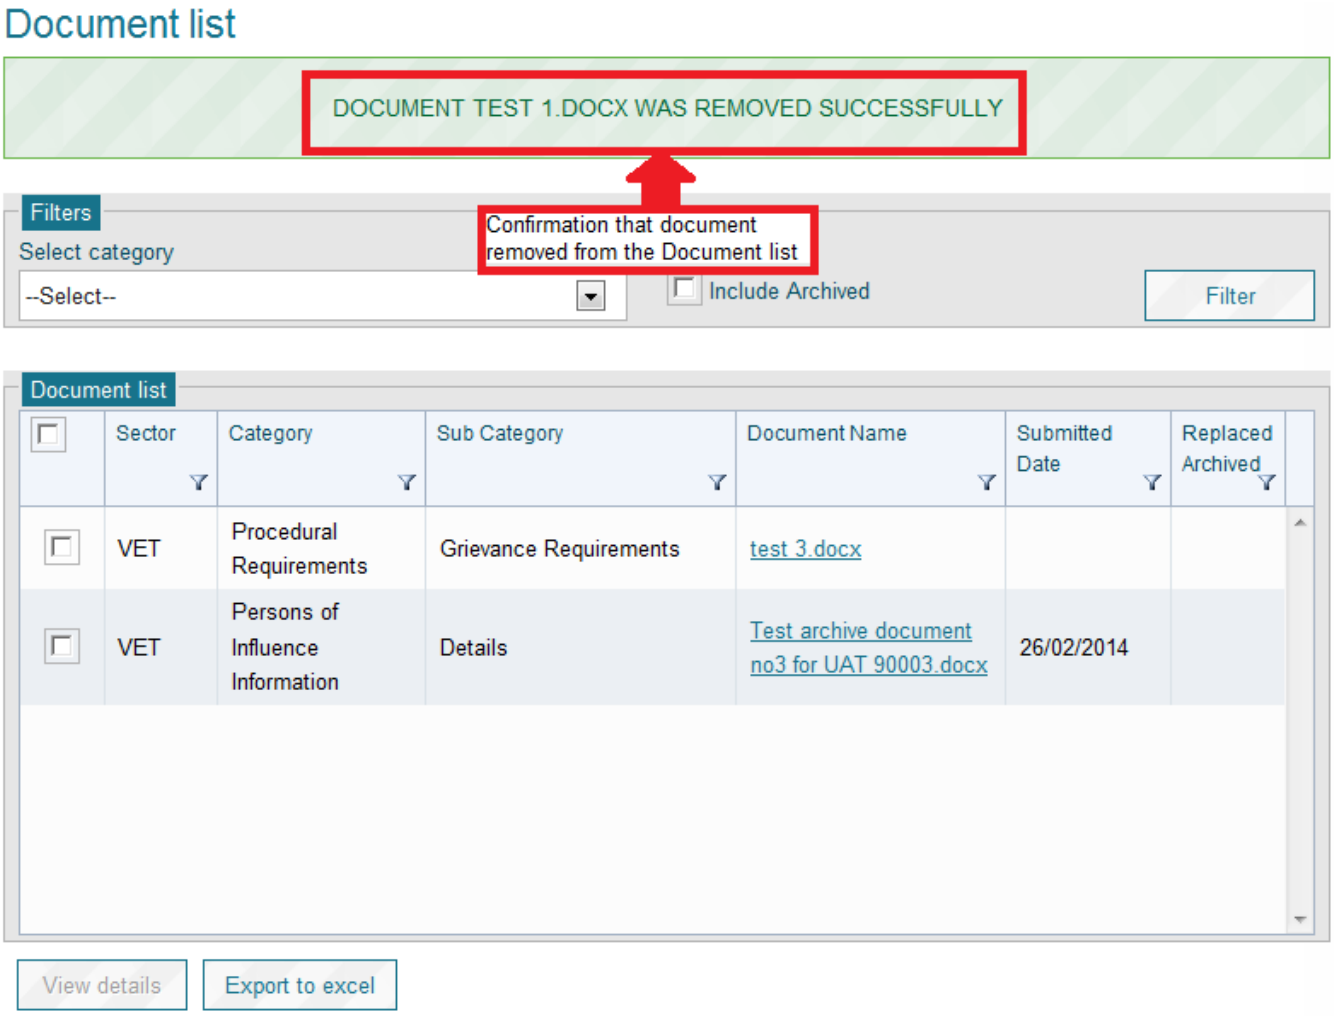
2. From the list of available documents, select the check box beside the document you want to remove and click on the **View details** button.



3. The document details will be displayed for you to review. If you want to remove this document, click on the **Remove** button.



4. You will be navigated back to the Document list screen and a confirmation message will display confirming that the document was successfully removed.



Notes

1. A document can be removed if your application status is 'Draft' or you uploaded the document when your application was in a status of 'Awaiting Further Information'. Once the Application or an RFI is submitted the document cannot be removed by you, you must request the Department to remove it for you where the document is not required for assessment purposes.
2. All documents uploaded but not submitted will be submitted with the milestone.
3. If you require a document to be removed and you do not have the functionality to remove it, please send a request to tsenquiries@education.gov.au providing all the necessary information. The Department will remove the document for you.

18. Documents – Replacing a document

USER ROLES		ACCESS
Provider Corporate Officer	CEO	Access to replace documents
Provider Senior Officer	SAO	Access to replace documents
Provider Finance Officer	PFO	Access to replace documents
Provider Editing Officer	PEO	Access to replace documents
Provider View Only	PVO	Cannot replace documents

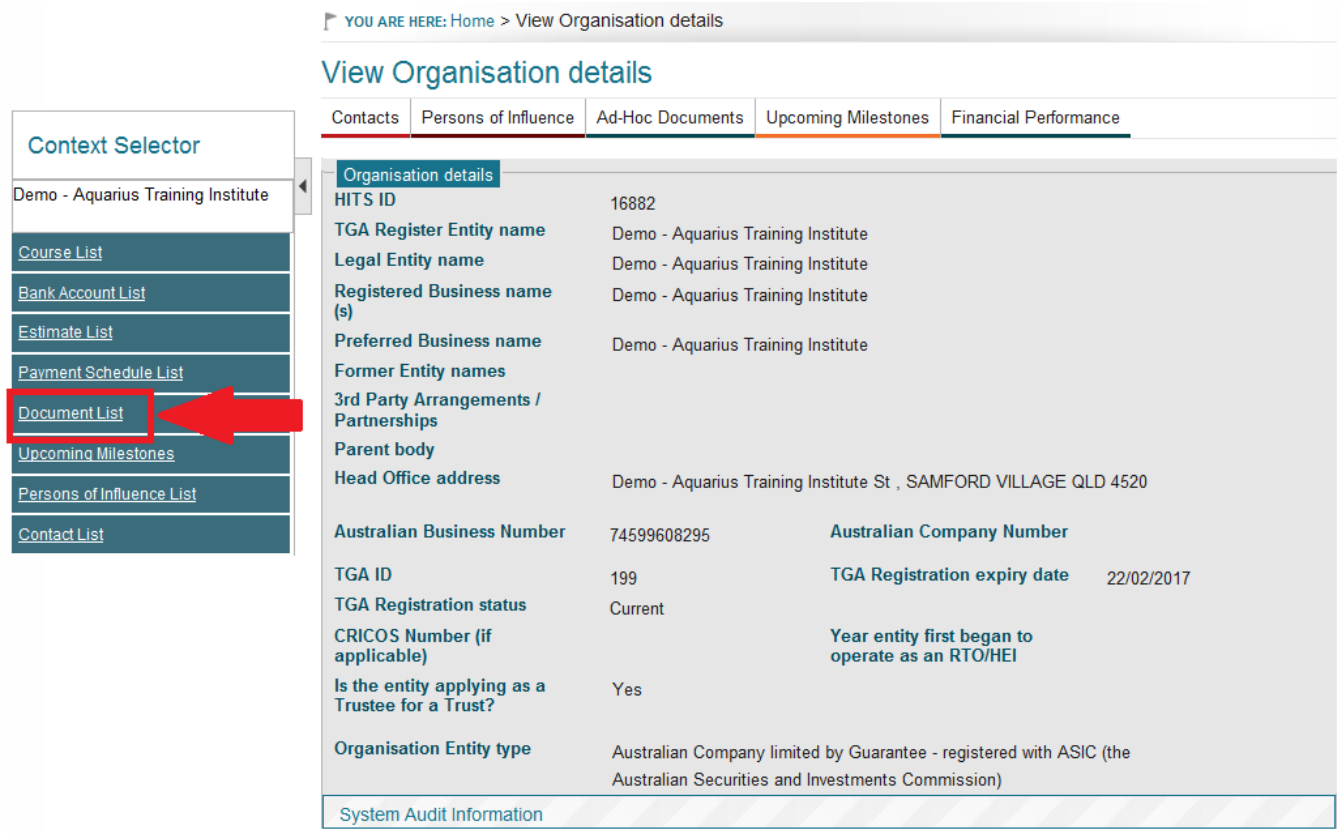
Over time, documents that have been previously submitted by your organisation and assessed by the Department may become out of date. HITS will allow you to replace any document that has been submitted.

Replacing a document does not remove (or delete) the replaced document instead it links one or more replaced documents with the current version.

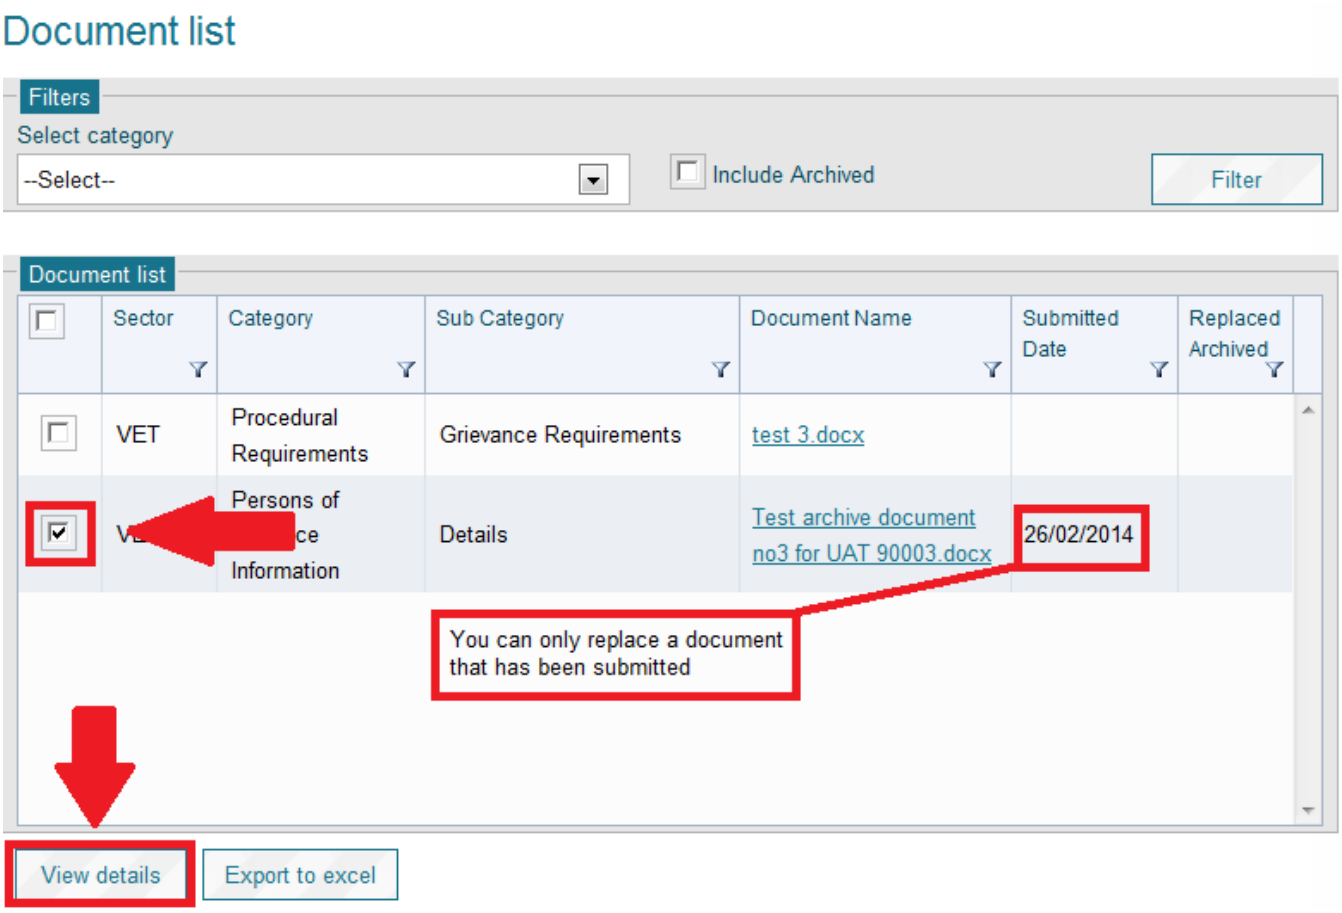
Please note that this functionality is only available to approved providers.

Instructions

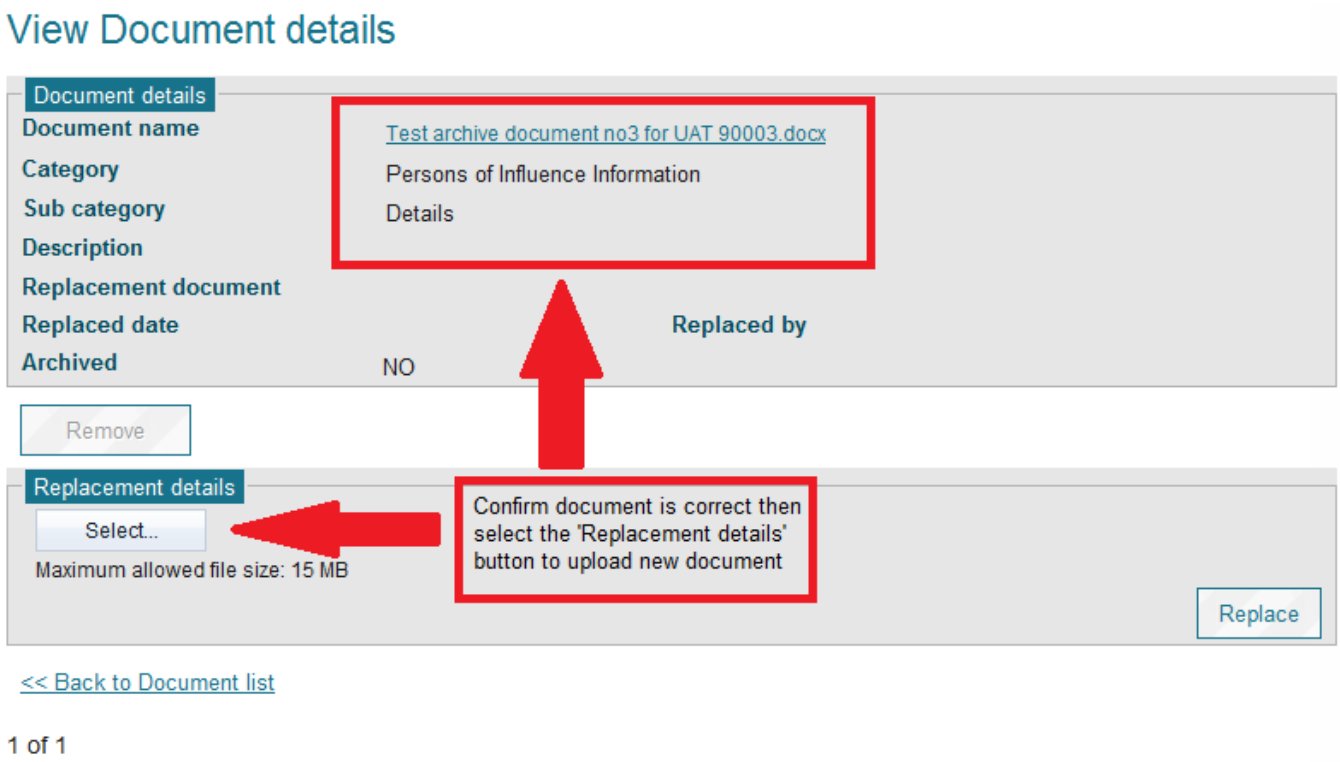
1. From the Navigation menu click on **Organisation** to navigate to the View Organisation details screen. Click on **Document List** to view the Document list screen.



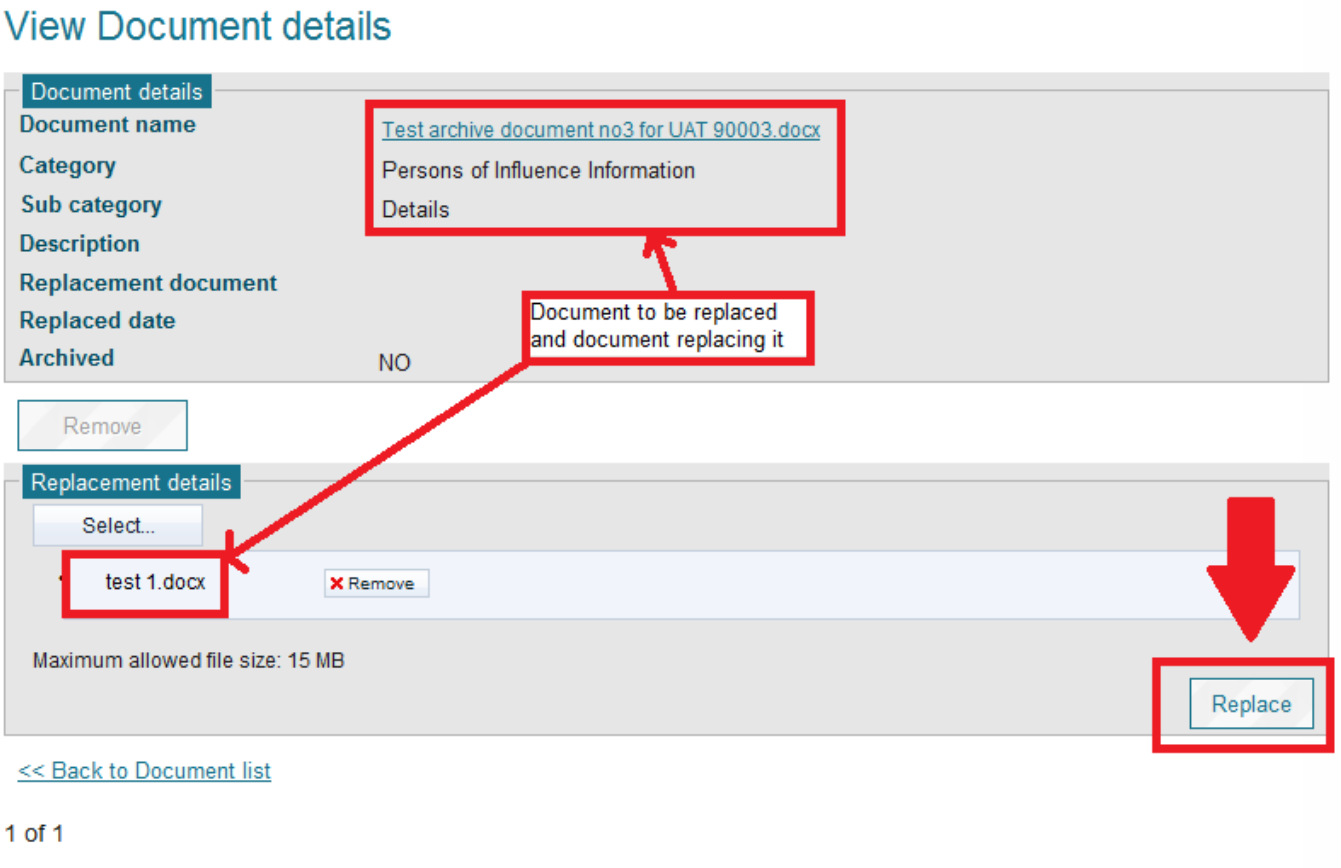
2. From the list of available document, select the check box beside the document you wish to replace and click on the **View details** button.



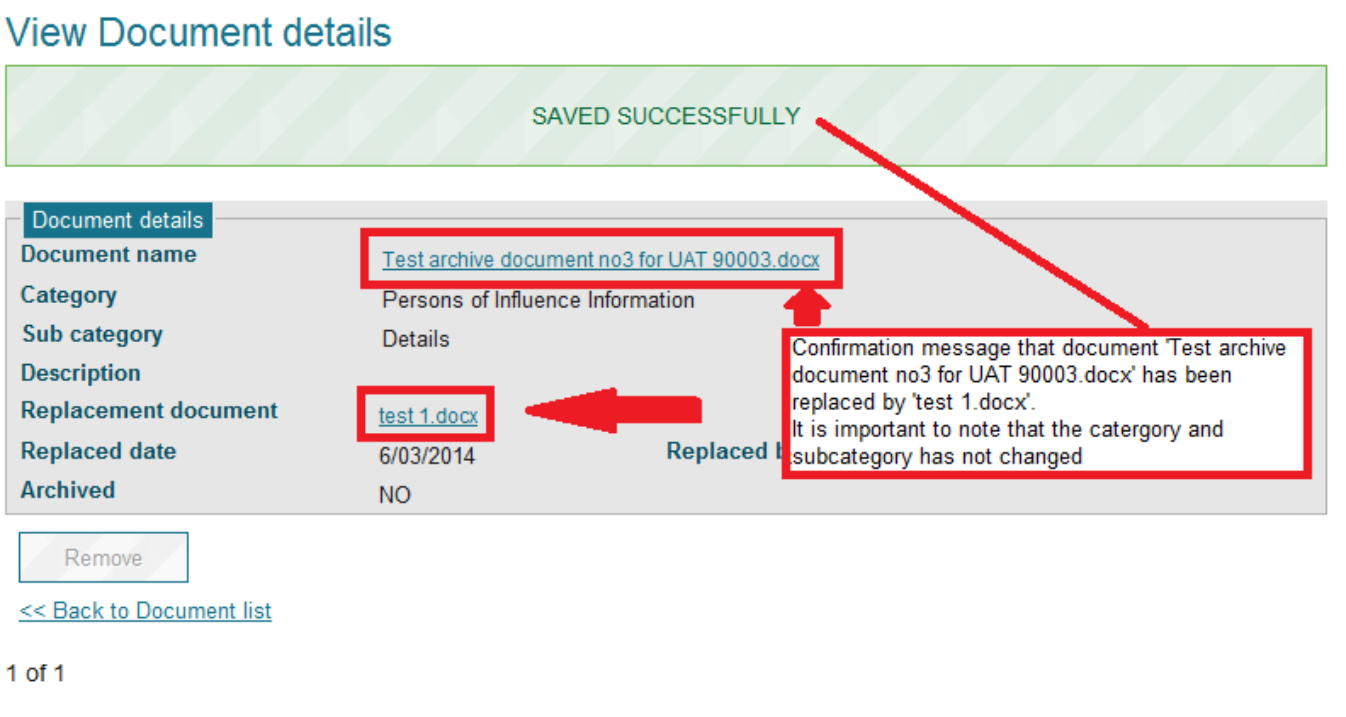
3. The View Document details screen will be displayed for you to review. If you wish to replace a document, click on the **Select** button to upload your new document.



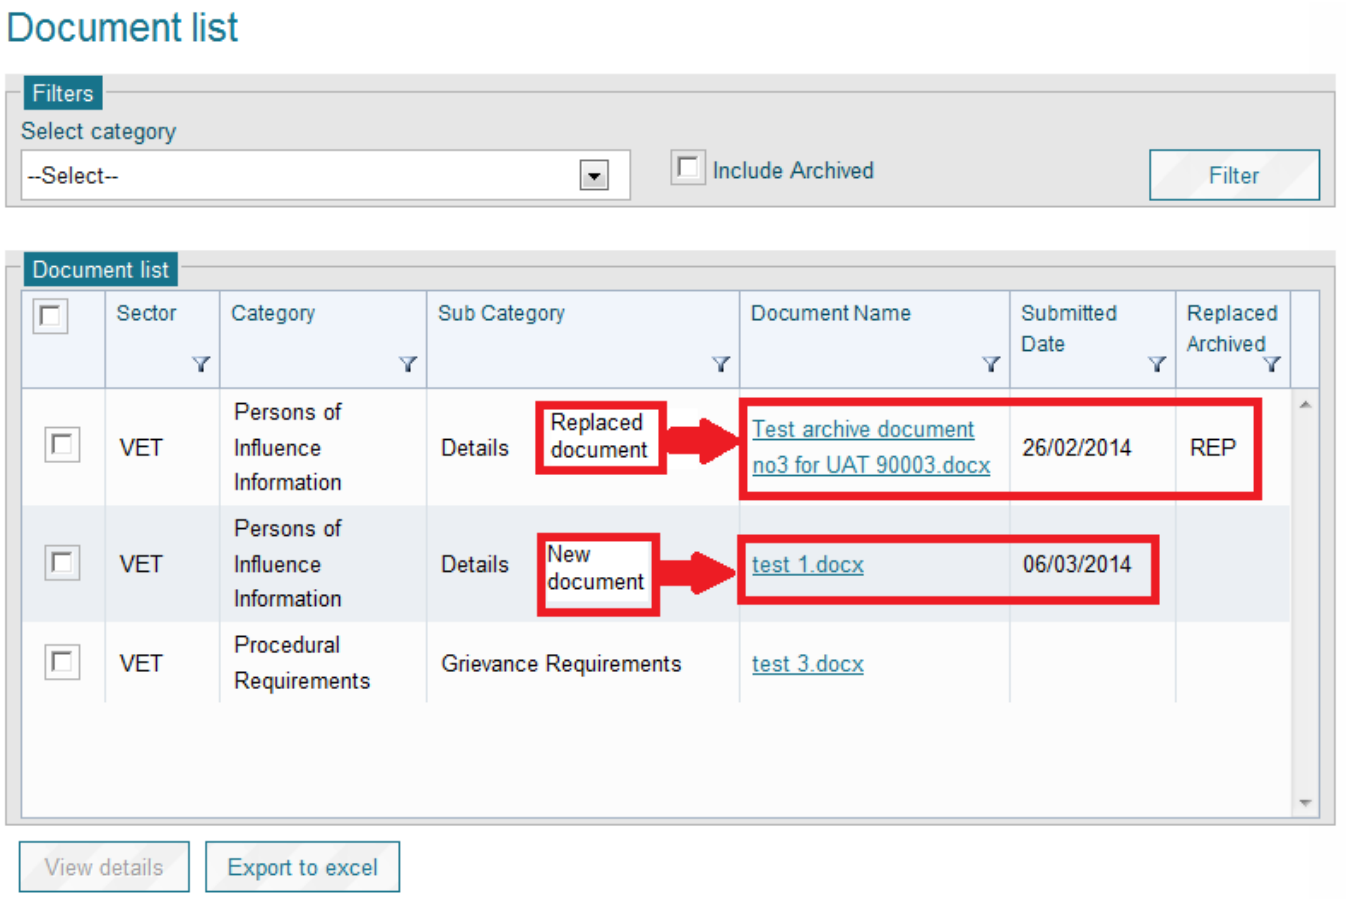
4. Choose the file to upload and click the **Open** button.
5. The filename will be displayed in the Replacement details section, click on the **Replace** button to confirm to save your replacement document in HITS.



6. Once you have replaced the document, you will receive a confirmation message. It is important to note that replacing a document does not change the Category or Sub category of the replaced document.



7. The replaced document name and link will be displayed under the Document details section.



8. If you need to replace another document, click on the **Back to Document list** link and repeat.

Notes

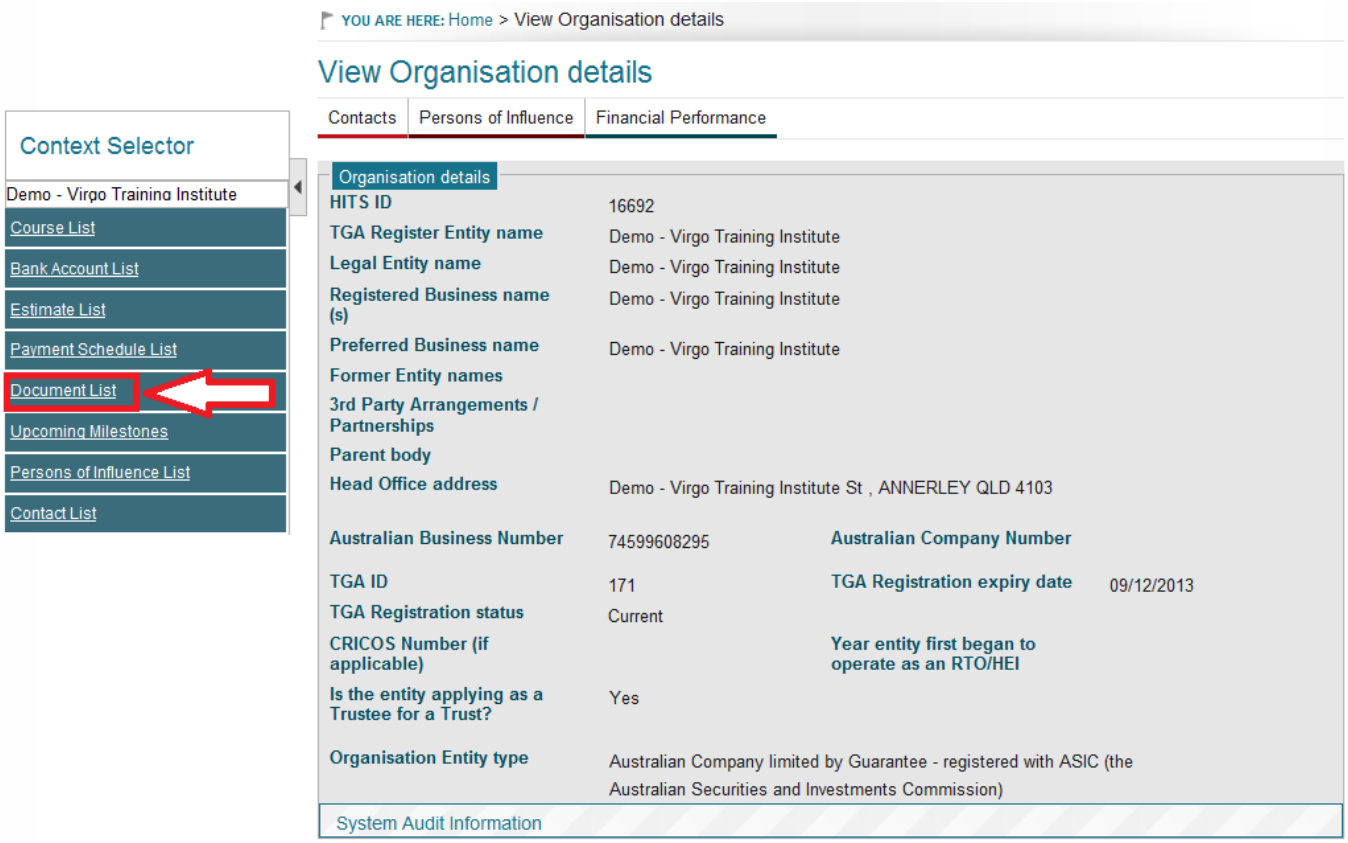
1. A document can only be replaced when it has been submitted.
2. The new document is automatically submitted when uploaded.

19. Documents – Uploading a document - applicant

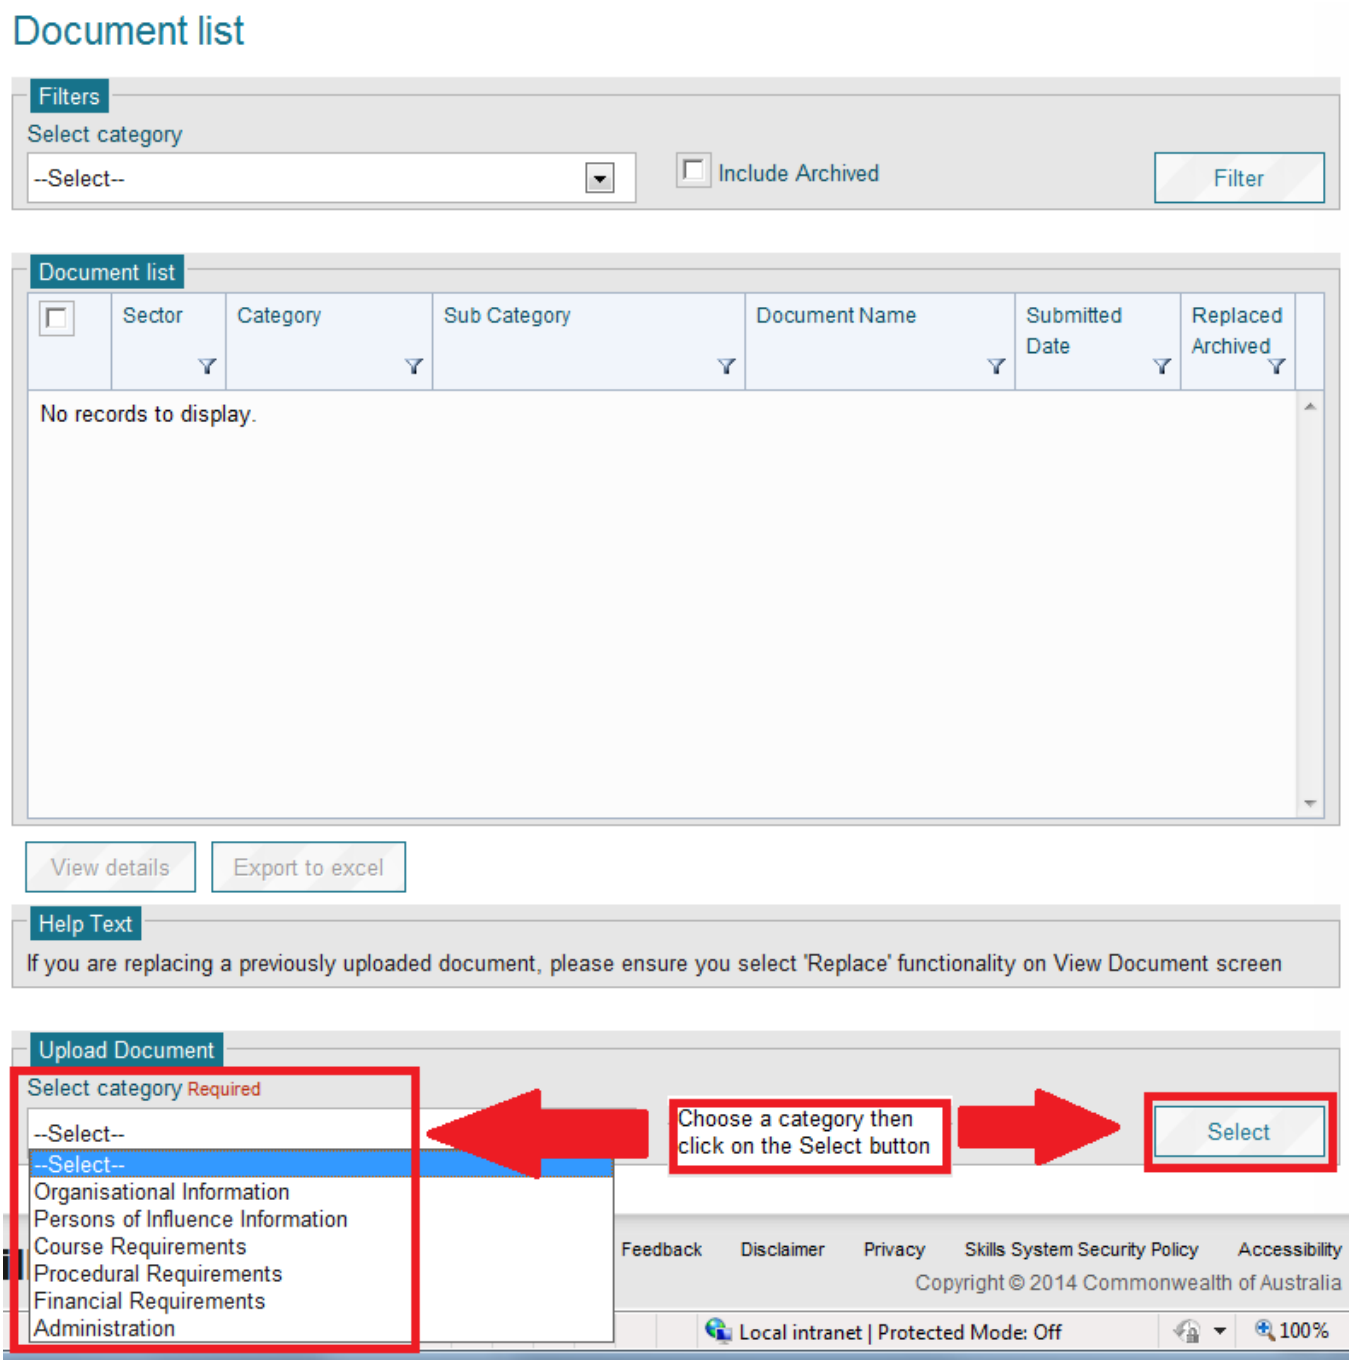
USER ROLES		ACCESS
Provider Corporate Officer	CEO	Access to upload documents
Provider Senior Officer	SAO	Access to upload documents
Provider Finance Officer	PFO	Access to upload documents
Provider Editing Officer	PEO	Access to upload documents
Provider View Only	PVO	Cannot upload documents

Instructions

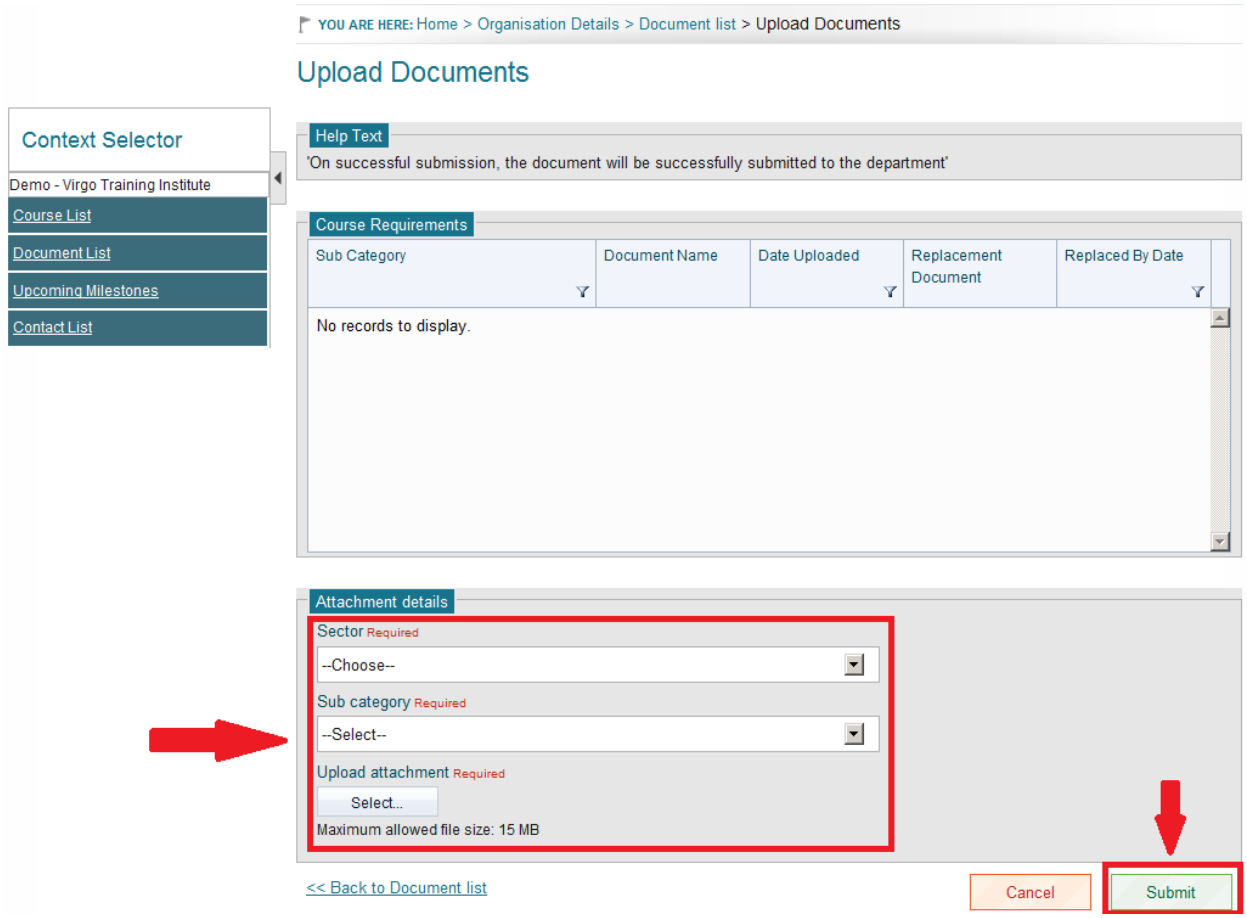
1. From the Navigation menu click on **Organisation** to view the Context Selector. Click on **Document List** to view the Document list screen.



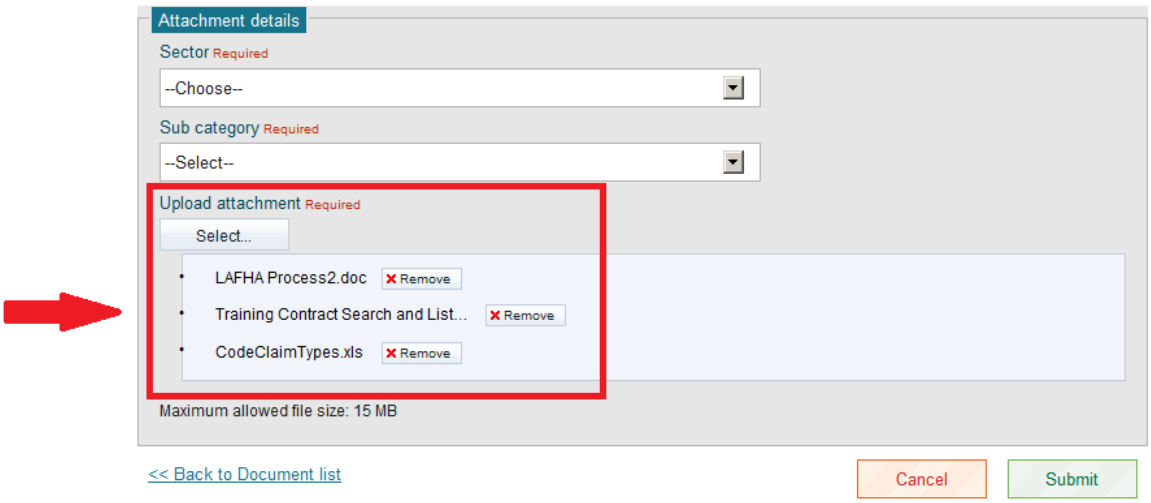
2. From the Upload Document section, select the relevant category for the document to be stored under and click on **Select** button.



3. The Upload Documents screen will be displayed. All required fields must be completed.



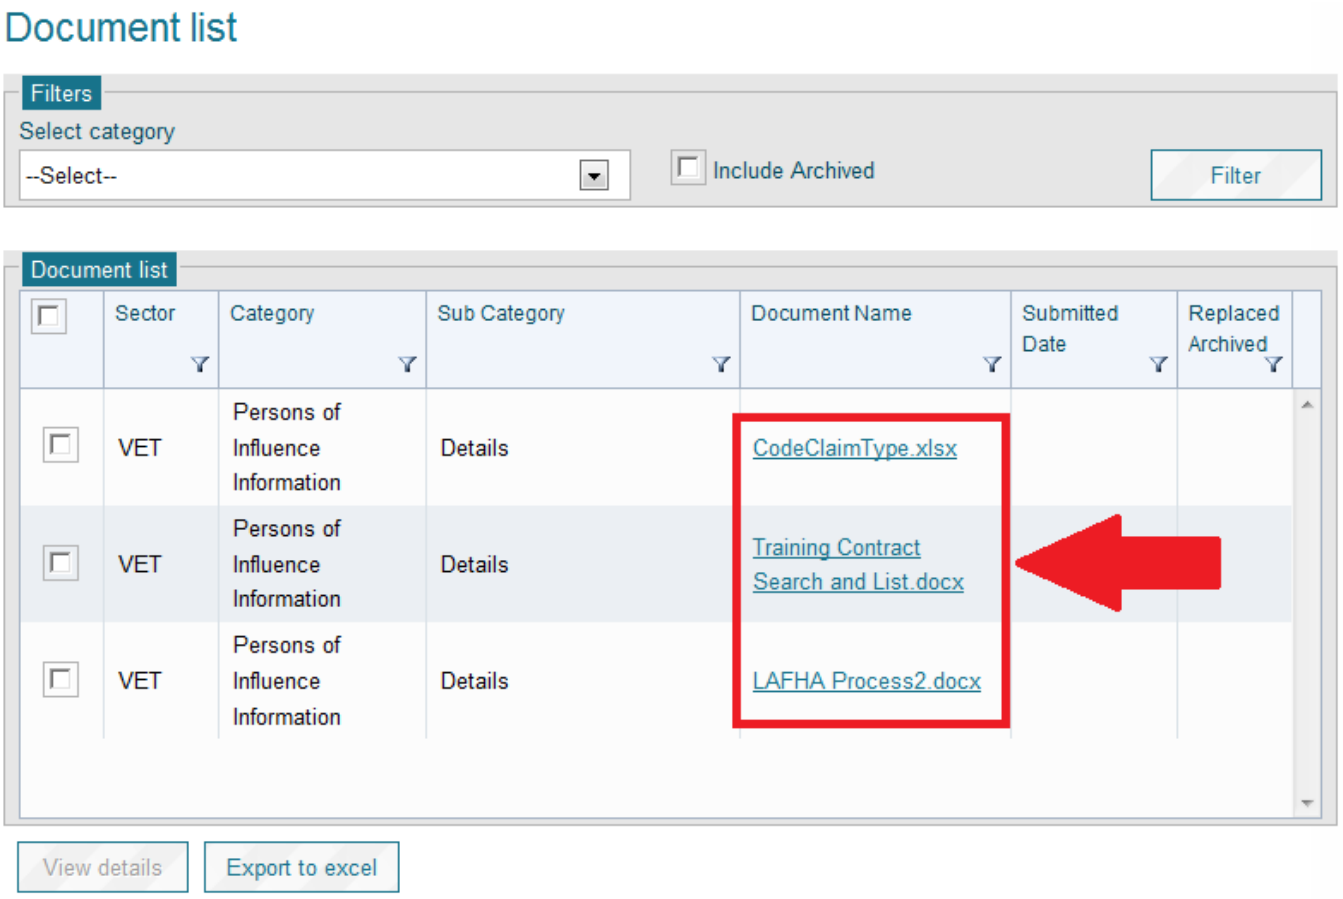
4. Select an appropriate Sector and Sub category for your document.
5. Choose the file to be uploaded by clicking on the **Select** button.
6. Once you have located the file, click on the **Open** button of the File Download popup window, the name will be displayed below the **Select** button.
7. If you need to upload more documents for the same category and sub category, repeat the above steps.



8. Review the documents that you have uploaded. You can remove any document that is not appropriate by selecting the Remove button appropriate for the document.
9. Once you are satisfied you have uploaded all the documents for that category, click on the Submit button. You will receive a 'Saved Successfully' confirmation message if documents have been uploaded successfully.

10. If you need to upload more documents to a different category or sub category, from the HITS Upload Document screen click on the **Back to Document list** link and repeat above instructions.

11. Your documents have been uploaded and will now appear in your document list.



Notes

1. You must ensure document names are no more than 100 characters in length. If they are too long, you will get the following error message similar to "An application error occurred and has been logged. Please advise your administrator and provide them with this error code: ada3827c-fc25-446a-bc49-c7a20".
2. All documents uploaded during the preparation of your application will be submitted to the Department at the same time that you submit your application.

20. Documents – Uploading a document – Approved Provider

USER ROLES		ACCESS
Provider Corporate Officer	CEO	Access to upload documents
Provider Senior Officer	SAO	Access to upload documents
Provider Finance Officer	PFO	Access to upload documents
Provider Editing Officer	PEO	Access to upload documents
Provider View Only	PVO	Cannot upload documents

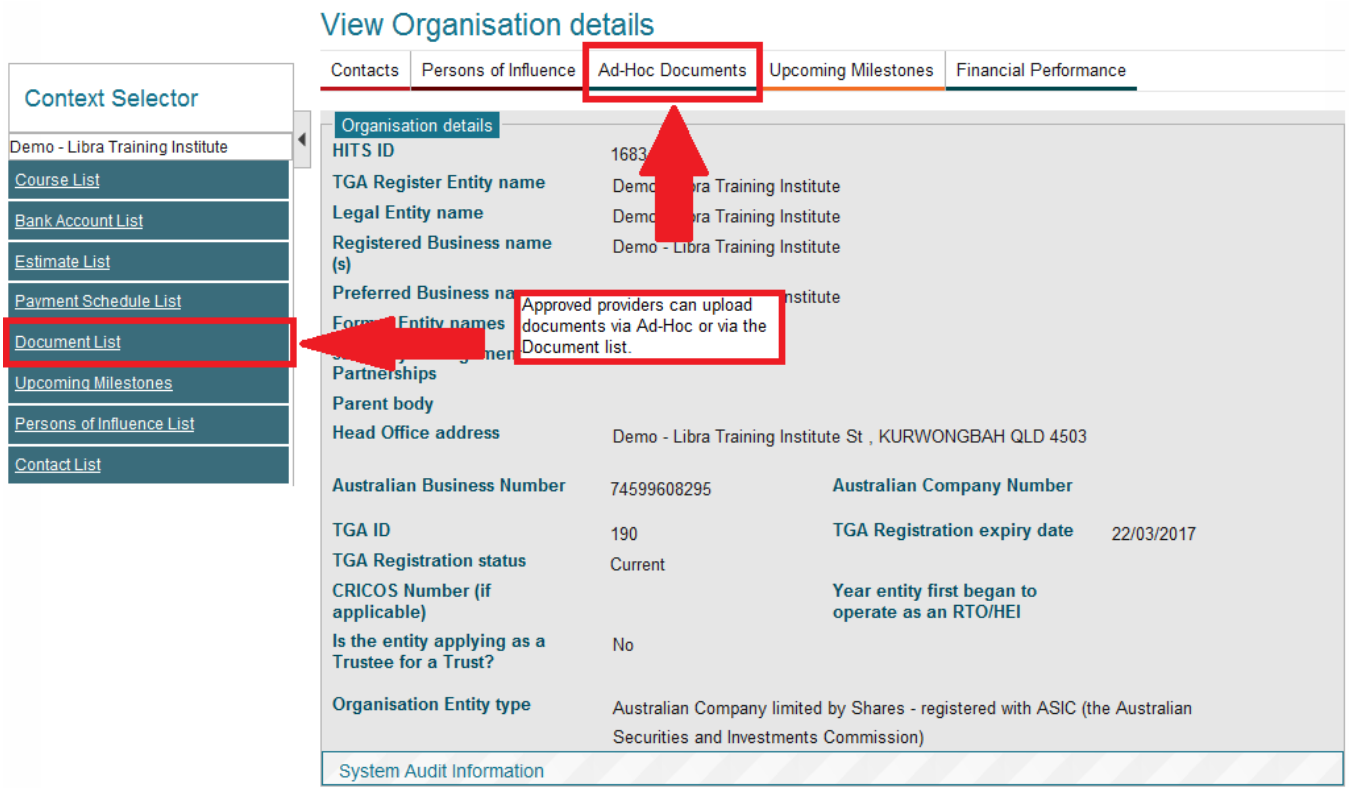
There are two ways in which documents can be uploaded into HITS

Document List: Upload documents via the documents list when your documents relate to a milestone. Using the document list upload will not submit the document and should you decide a document is not relevant, you can remove it.

Ad-Hoc documents: Upload documents via the Ad-Hoc document upload when you are not uploading documents associated with a milestone. Documents upload via Ad-Hoc upload will automatically be submitted to the Department.

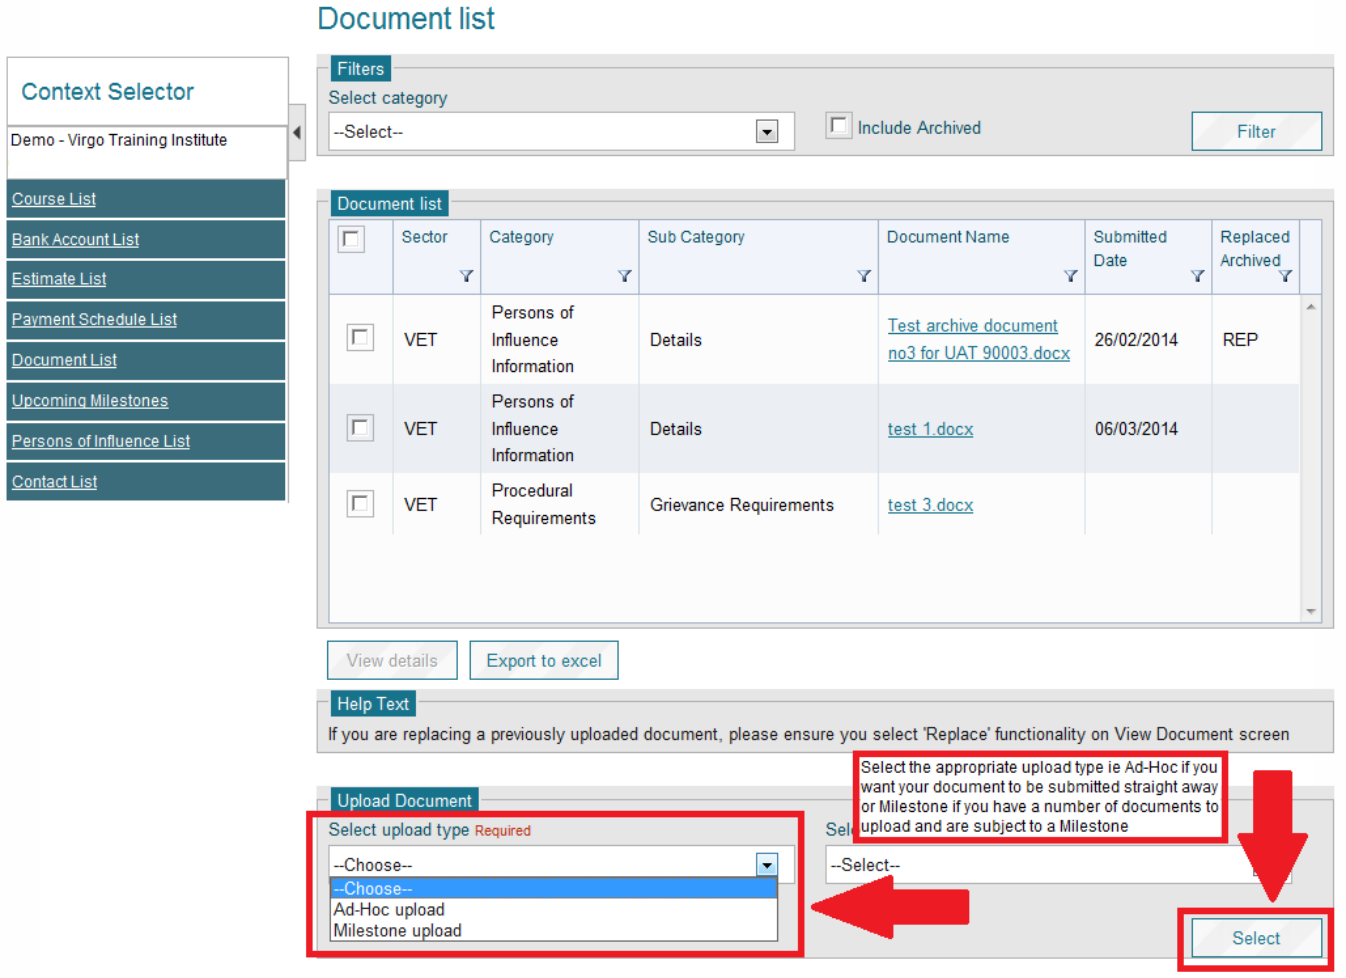
Instructions

1. From the Navigation menu click on **Organisation** to view all available sub menu options. Click on **Document List** to view the Document list screen.

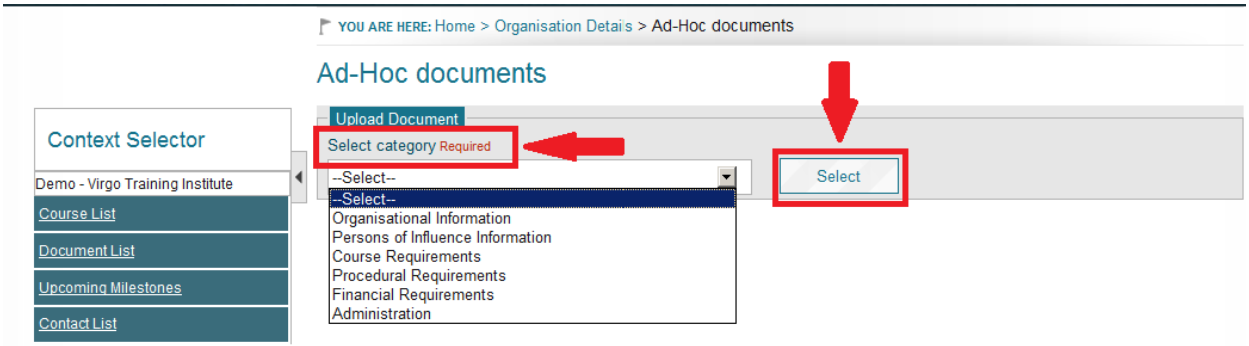


2. From the Upload Document section, select the relevant category for the document is to be uploaded to and click on **Select** button.

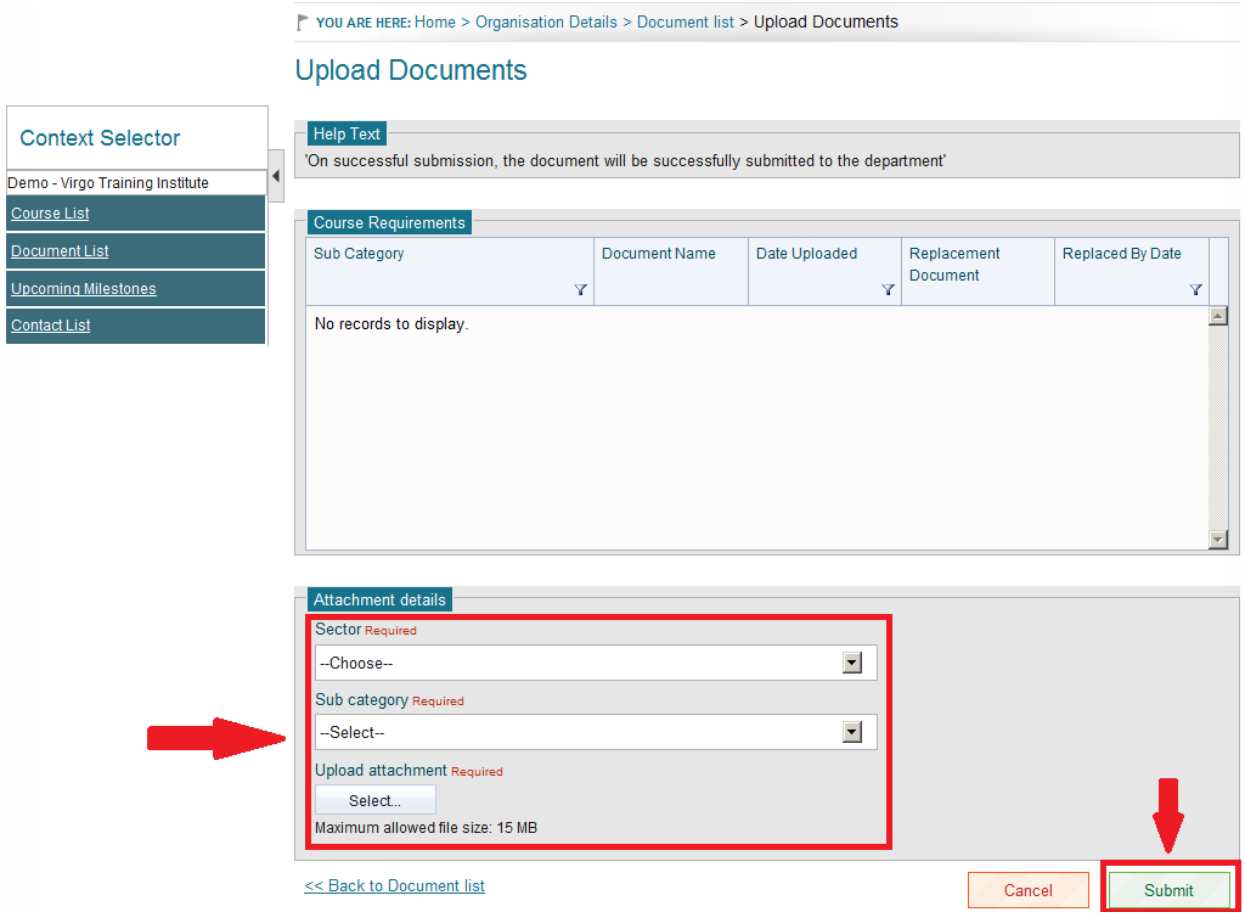
From Document List



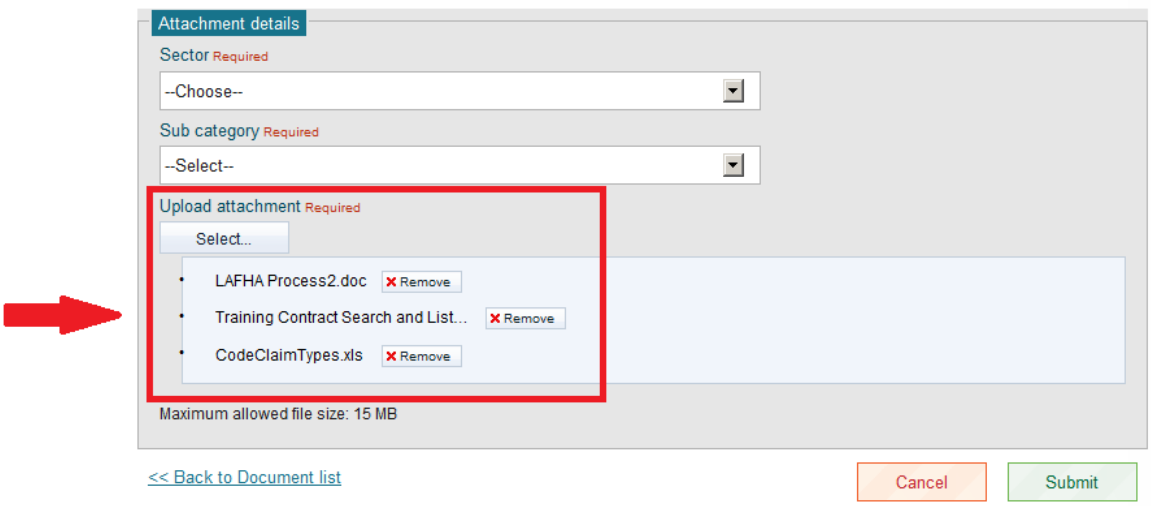
From Ad-Hoc Documents



3. The Upload Documents screen will be displayed. All required fields must be completed before you can select the **Submit** button.

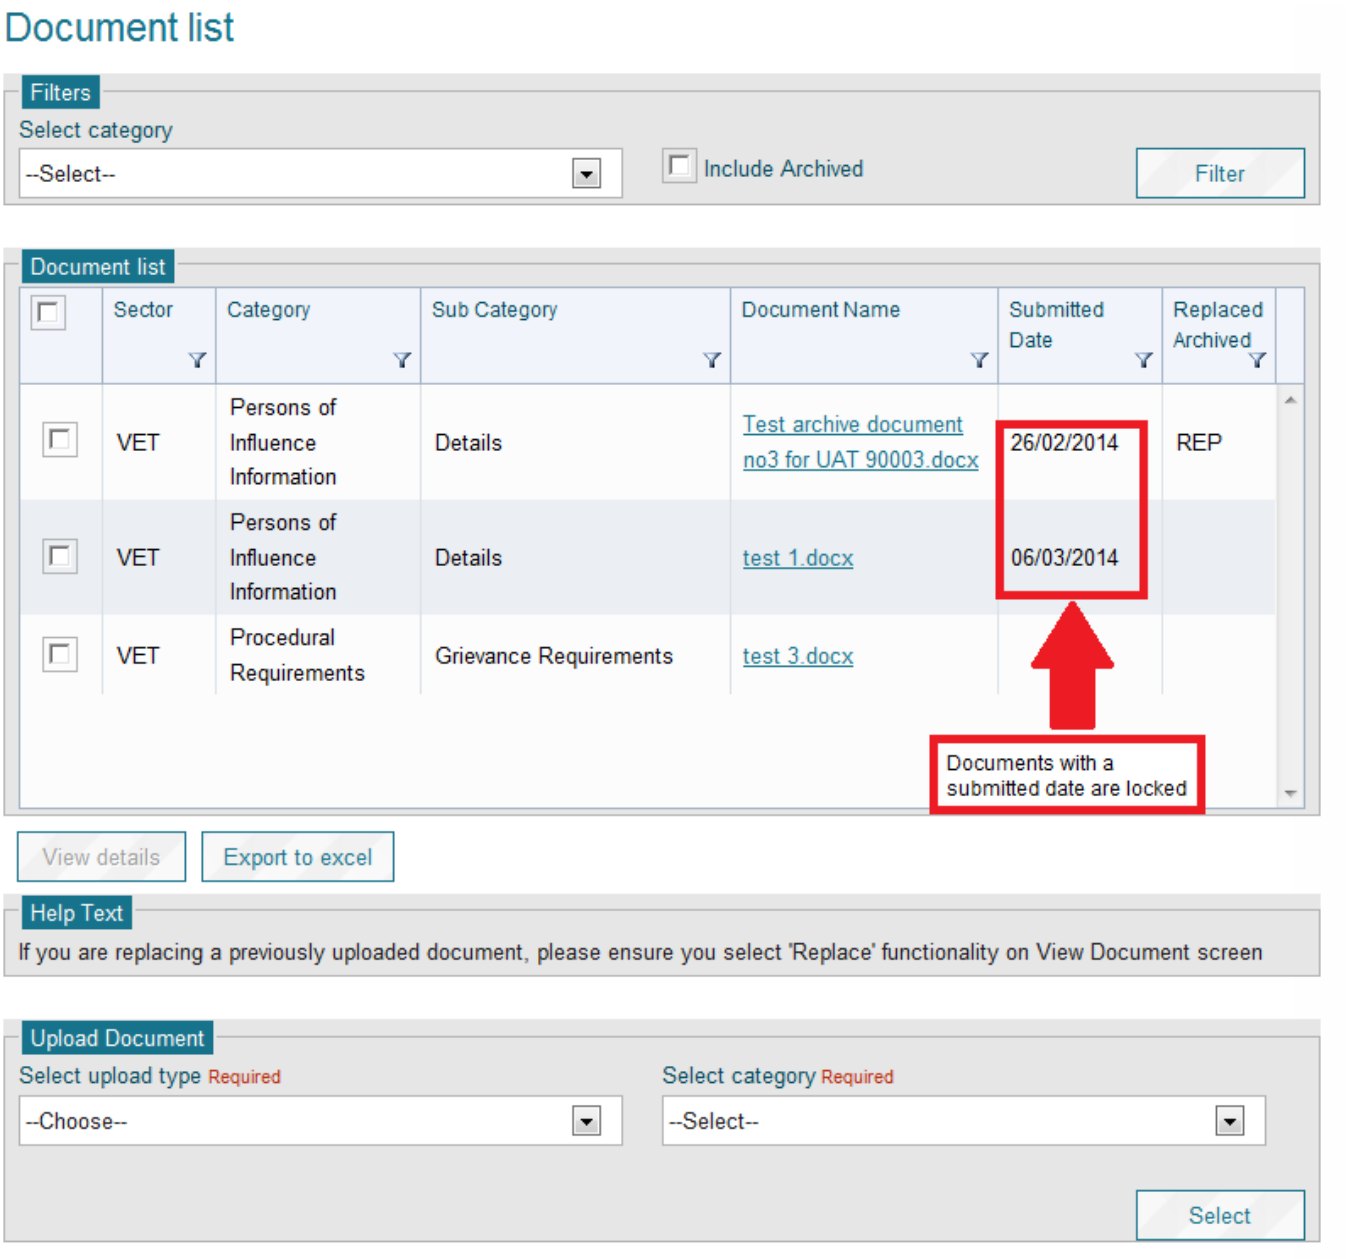


4. Select the Sector(s) and sub category.
5. Search for the file to be uploaded by clicking on the **Select** button.
6. Once you have located the file, click on the **Open** button of the File Download popup window, the name will be displayed below the **Select** button.



7. If you need to upload more files to a different category or sub category, from the HITS Upload Document screen click on the **Back to Document list** link and repeat.

8. Submitted documents will have the date the document was submitted in the 'Submitted Date' field.



Notes

3. The Ad-Hoc function is only enabled once an application has been approved. If your organisation has never registered in HITS previously and lodges a new application, you will only be able to upload documents via the Document List.
4. If you upload a document via the Document list and you are not subject to a milestone, you will need to remove the document and then upload it via the Ad-Hoc function. If you leave the document un-submitted, it will only be submitted when you are next subject to a milestone.

21. Documents – Viewing a document

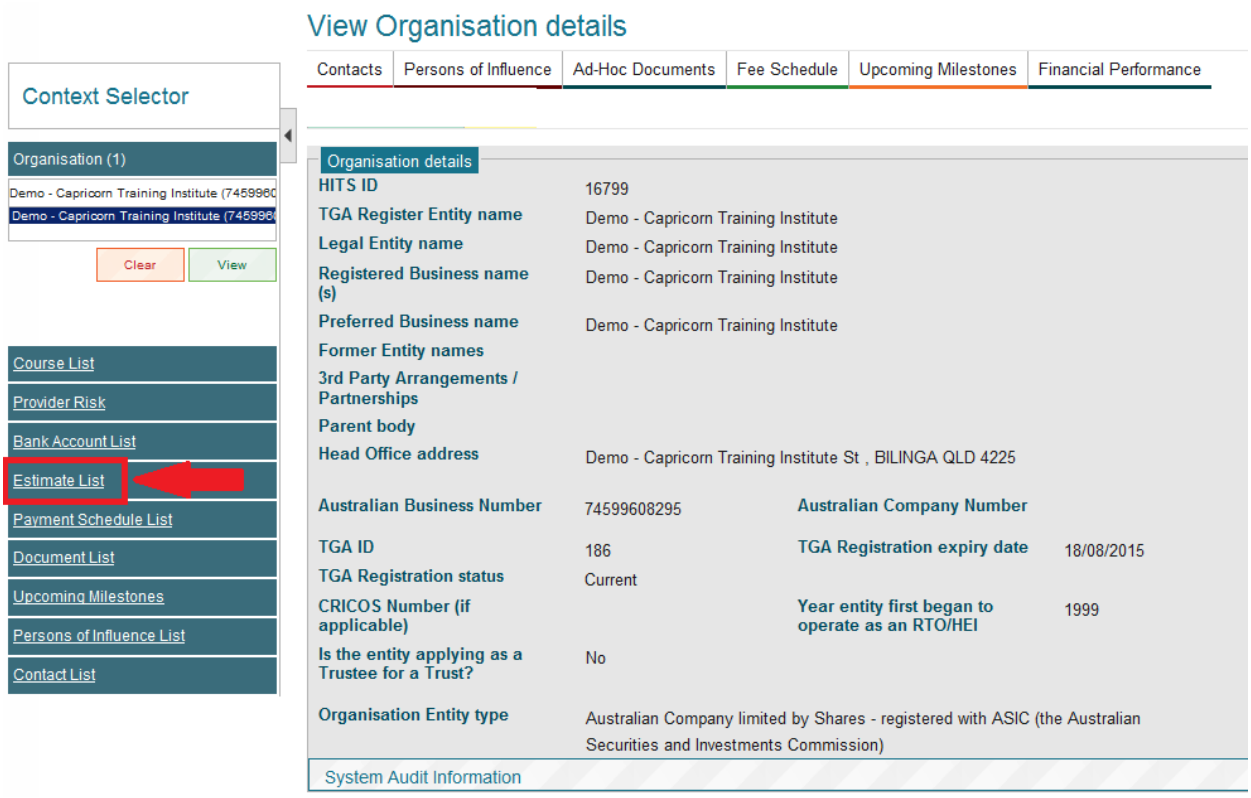
HITS will display estimates at the time of approval for both the current calendar year and the following calendar year. Estimates will also be created for each sector in which there is an active application. The estimates will not contain any other information and where appropriate, you will have to edit the estimate before it can be submitted to the Department.

For existing approved Providers, HITS will automatically create the following calendar years estimate at the start of the current calendar year. You must not submit the following calendar years estimate until October.

Please note that you must have a user role of PFO, SAO or CEO to edit an Estimate and CEO to submit an Estimate.

Instructions

1. Select **Organisation** – **View Organisation** details from the Navigation menu to display the Context Selector
2. Select **Estimate list** from the sub menu items.



3. Click the ‘Edit’ link on the desired record noting the sector and calendar year. This will navigate you to the ‘Estimate of Advance Payments’.

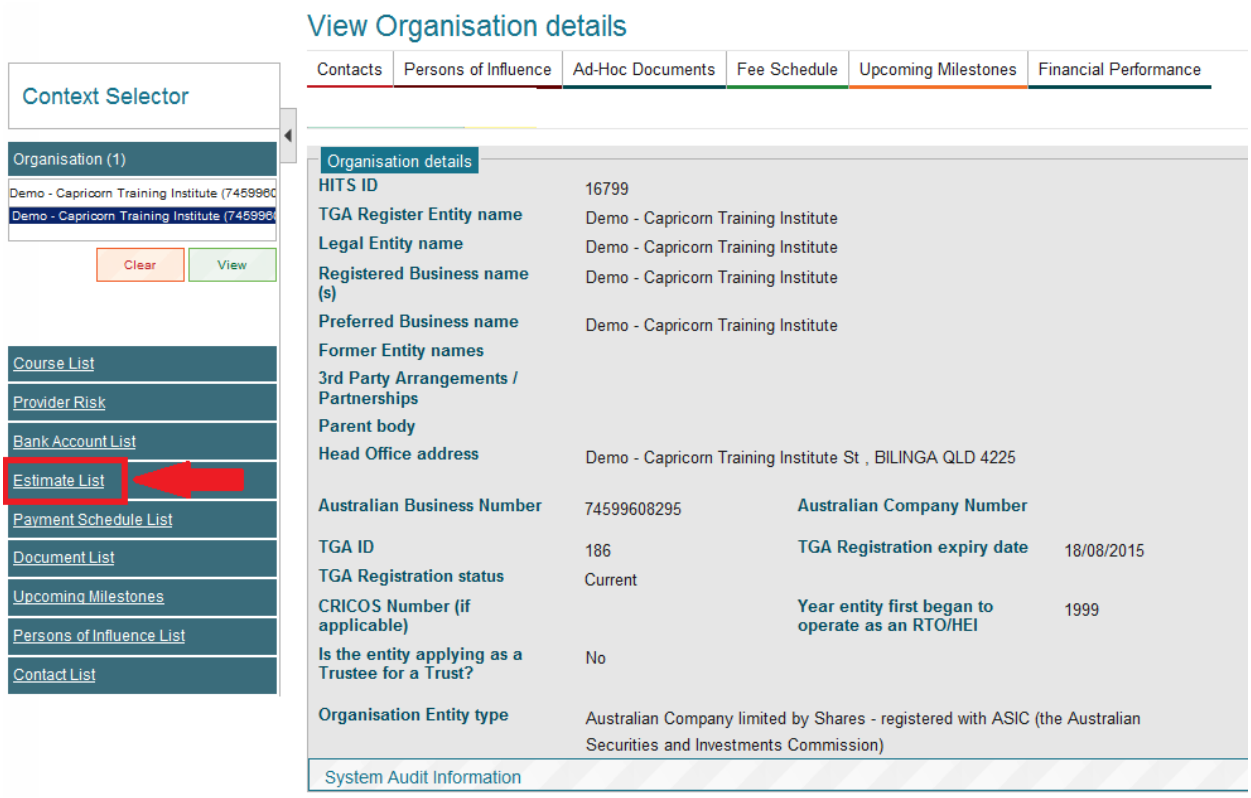
HITS will automatically create two 'draft' estimates at the time of approval for both the current calendar year and the next calendar year. The estimates will not have any other information and providers will have to edit the estimate before it can be submitted to the Department.

For existing approved Providers, HITS will automatically create the next calendar years estimate at the start of the current calendar year ie 2015 estimate is created on 1/1/2014. Providers must not submit their next calendar years estimate until October.

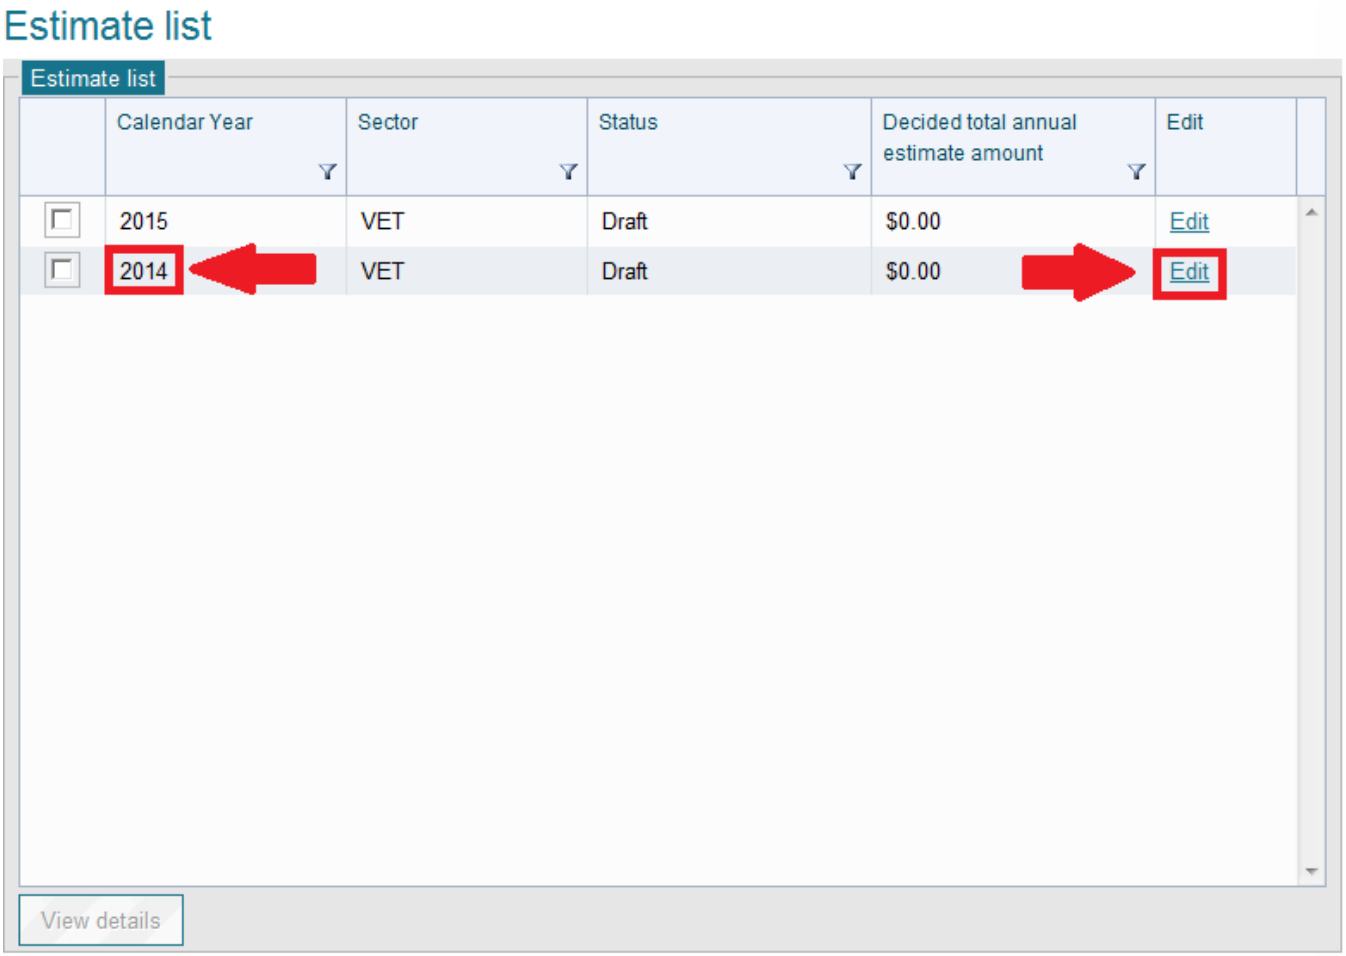
Please note that you must have a user role of PFO, SAO or CEO to edit an Estimate and CEO to submit an Estimate.

Instructions

1. Select **Organisation** – **View Organisation** details from the Navigation menu to display the Context Selector
2. Select **Estimate list** from the sub menu items.



3. Click the ‘Edit’ link on the desired record noting the sector and calendar year. This will navigate you to the ‘Estimate of Advance Payments’.



You have two choices on how to enter your estimate, either at course level or if you have more than 50 courses, you may choose to select to enter by field of study. It is important that you only select field of study if you are offering VET FEE-HELP to more than 50 courses otherwise the Department reserves the right to return your estimate to draft status.

If an estimate is returned to draft status and you have to change from Field of Study to Course, HITS will delete all existing estimate line items and you will have to start your estimate again.

5. The updates made to the Financial Performance will be saved, the Financial Performance will have a status of 'Submitted' and the Financial Performance list screen is displayed.

Notes

1. You will no longer be able to edit your Financial Performance once it has been submitted.

29. HITS – Logging in for First time users

The HITS URL has an embedded anti-phishing rule that times the URL out for 30 minutes after it is first used. The link must always be refreshed otherwise a user may experience an error or have to enter their password several times before they can log in.

Please note: You must use one of the following web browsers to access both HITS and IAM

- Internet Explorer 8;
- Internet Explorer 9; or
- Firefox

To ensure that you do not experience an error when attempting to log into HITS please follow the steps below:

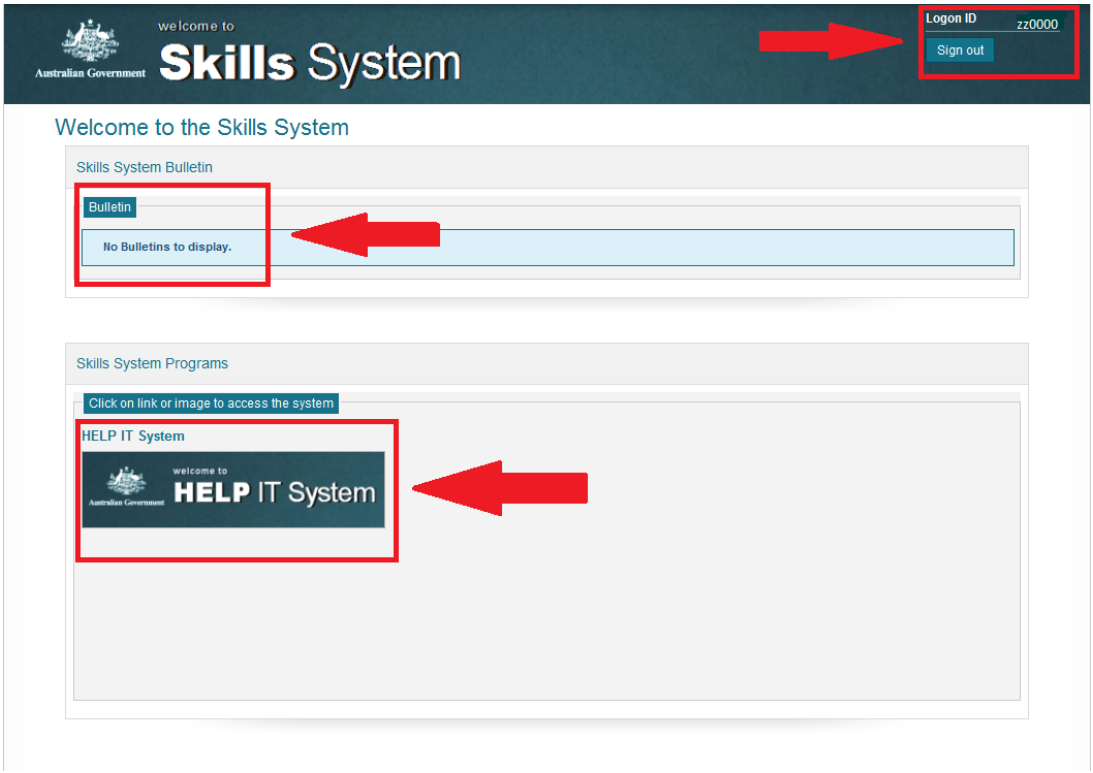
30. HITS – Logging in for Existing users

You should always log into HITS using your saved favourite or bookmark to avoid experiencing errors (see previous section to set up your favourite/bookmark).

Instructions

1. Enter your **Username** and **Password** and select **Sign In** and you will be navigated to the Skills System welcome page.

2. The Skills System welcome page provides the following information.
    a. In the top right hand corner your **Logon Id** and **Sign out** button.
    b. The **Bulletin** section which provides information relating to the Skills System and HITS availability.
    c. Skills System Programs section which displays the **HELP IT System** logo which is used to sign into HITS.



3. To log into HITS, select the **HELP IT System** logo and you will be navigated to the HITS Home page where the following information or links are displayed.
    a. In the top right hand corner:
        i. Your Logon Id – zz0000
        ii. HITS ID – this is your organisations HITS/HEP ID – 9999
        iii. Roles(s) – Displays your IAM Organisation ID and your current role(s) – 700000, CEO; and
        iv. Notifications - displays the total number of notifications
    b. Under the HELP IT System banner, different options will be available based on your organisations status and by which user role you have. For example, the options below are:
        i. Organisation;
        ii. Application;
        iii. Payments;
        iv. Publications; and
        v. Reports.
    c. **My To Do List** – navigates you to the Notification Centre.
    d. **System Information** – links to User Guides and Quick Reference guides.
    e. **Program Information** – links to the Departments Education Provider information website.

Note:

1. The modules displayed in the banner are dependent upon the status of your application and the user role you have been assigned to.

31. IAM – Accept/decline an invitation to join an organisation

Do not use this functionality

If you have used this function, please contact the HITS Help Desk at tsenquiries@education.gov.au to remove any links.

32. IAM – Create a user (IAMPCS administrators only)

USER ROLES		ACCESS
Provider Corporate Office	CEO	Provider Corporate Officer as per SAO with the addition of being able to submit application, RFI and estimates to dept.
Provider Senior Officer	SAO	Provider Senior Officer as per PFO with the addition of being able to edit/view POI and submit bank account.
Provider Finance Officer	PFO	Provider Financial Officer as per PEO with the addition of being able to view/edit Estimates.
Provider Editing Officer	PEO	Provider Edit Officer as per PVO and including edit on screens they can view.
Provider View Only	PVO	Can view all screens excluding POI and Financials (including Estimates/Payments).

The above User roles must be considered when creating a new user. You can assign multiple user roles to a user's account and you should consider what notifications and/emails that are available when assigning a user role.

Potential existing matches

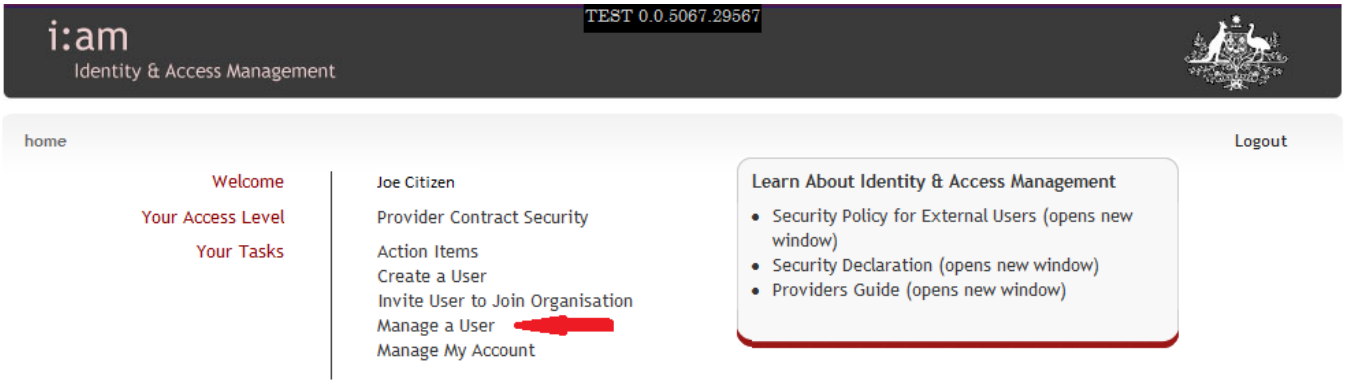
Before you create a new user in IAM you should always perform a search against your Organisation Id to see if the user you wish to create exists or not. If you perform a search and the user does not exist against your organisation, but a possible existing match is displayed when you create a new user, you must ignore the possible match and continue with creating the new user credentials against your organisation.

There are two likely reasons for a potential existing match

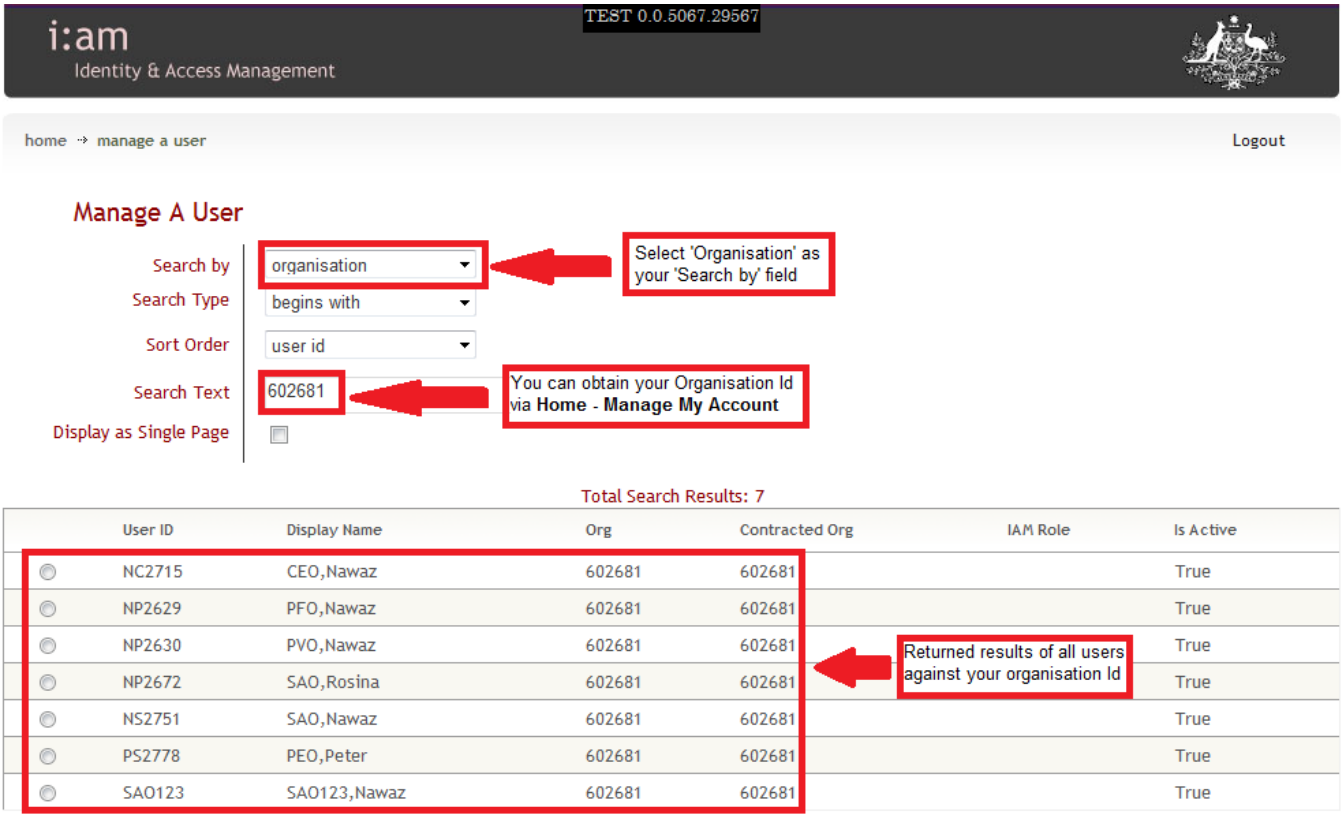
1. IAM performs a match on like surname/first name and will return a match if they are similar; and
2. The user may have one or more accounts with different organisations

Instructions

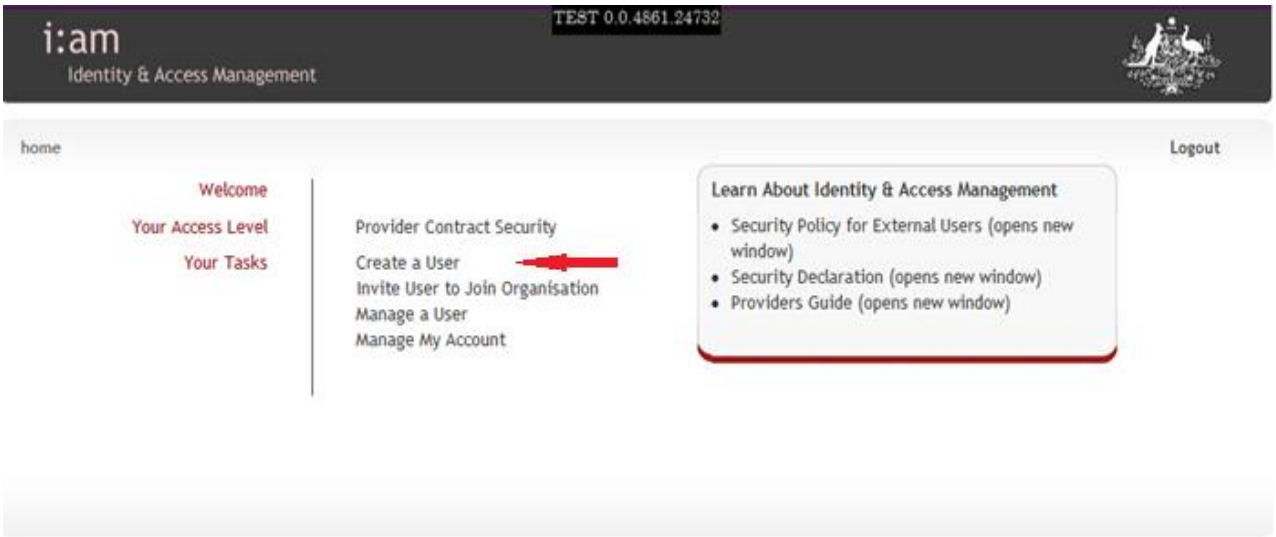
1. From the home screen click on **Manage a User**



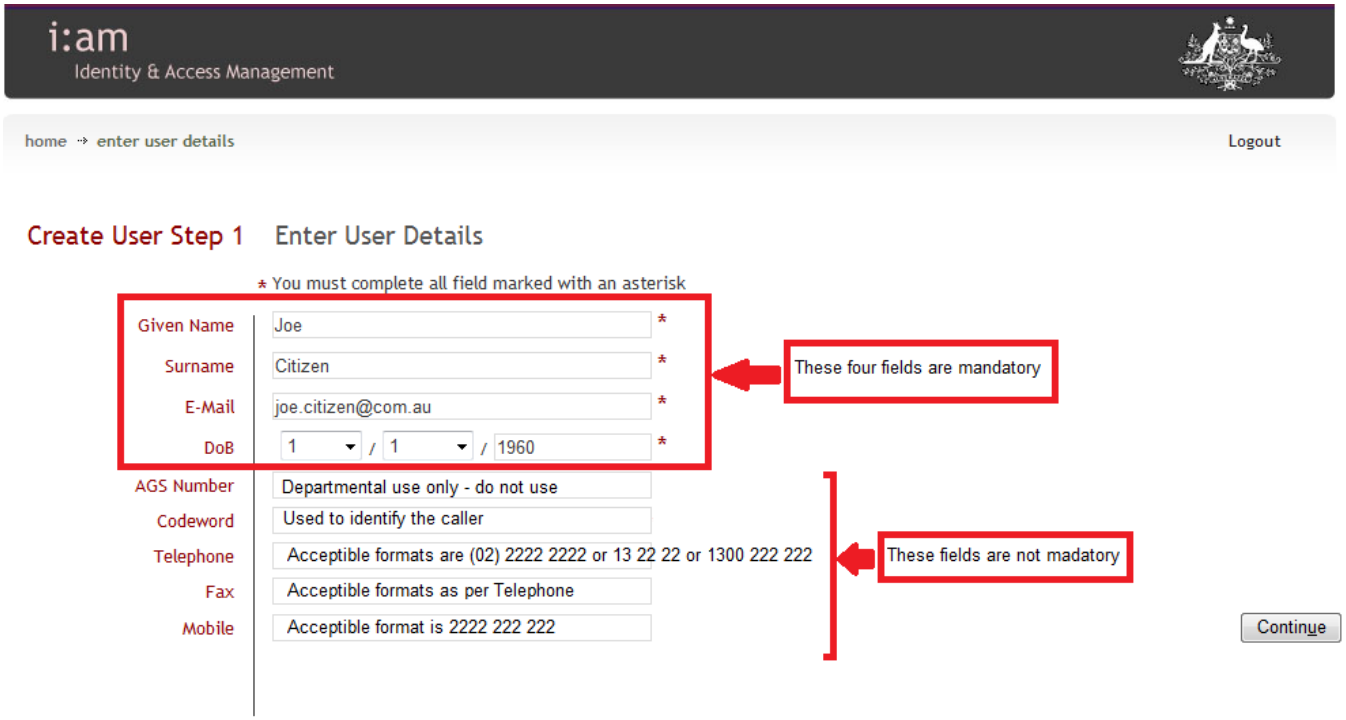
2. Perform a search using Organisation as the 'Search by' field and your Organisation Id as your 'Search Text' and select **Search**



3. If the new user does not appear in your list, you may proceed with creating the user. Click on **Home** and then on **Create a** user which will take you to the Enter User Details screen, from here you are required to enter the new user's details.



4. Enter details in the following required fields; **Given Name**, **Surname**, **Email** and **DOB**, you may choose to enter details in remaining fields but this is not required.



5. Click **Continue** to display the Set Password screen.
6. In the **Password** field enter a password that matches all password rules displayed on the screen, re-enter the password in the **Confirm Password** field and click **Continue**. This will display the Select Roles screen.

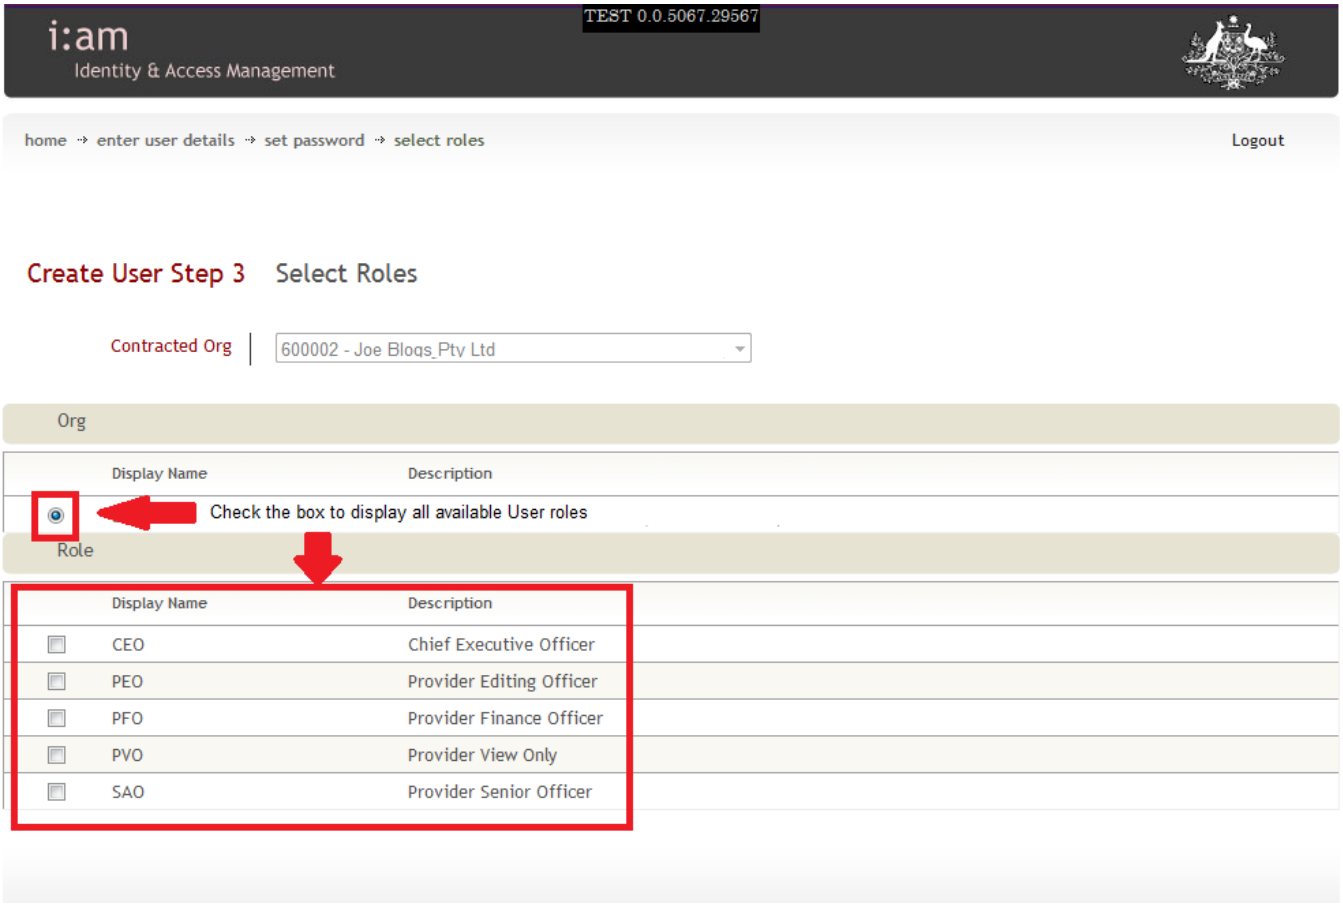
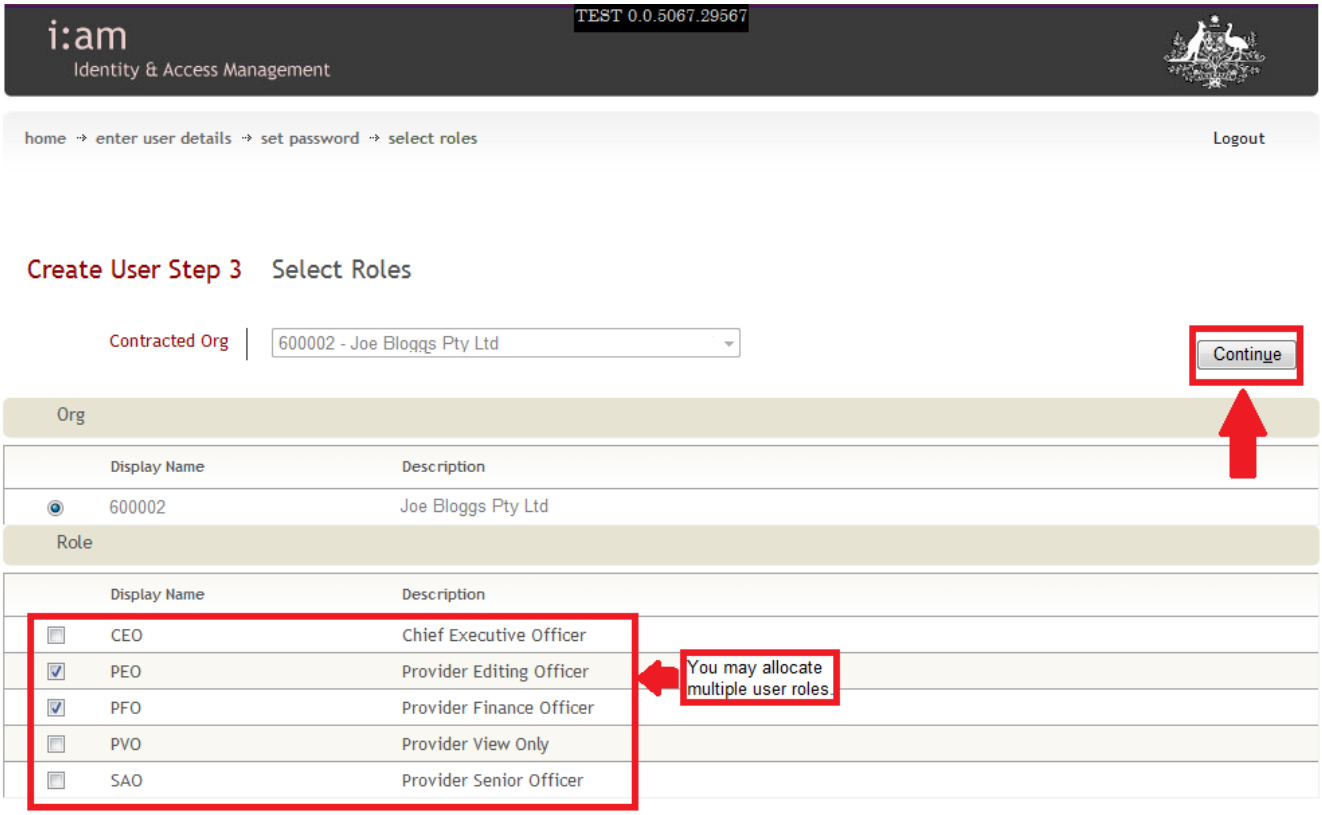
English lowercase characters (a - z)
Numeric (0 - 9)
Non-alphanumeric (eg: !, $, #, or %)

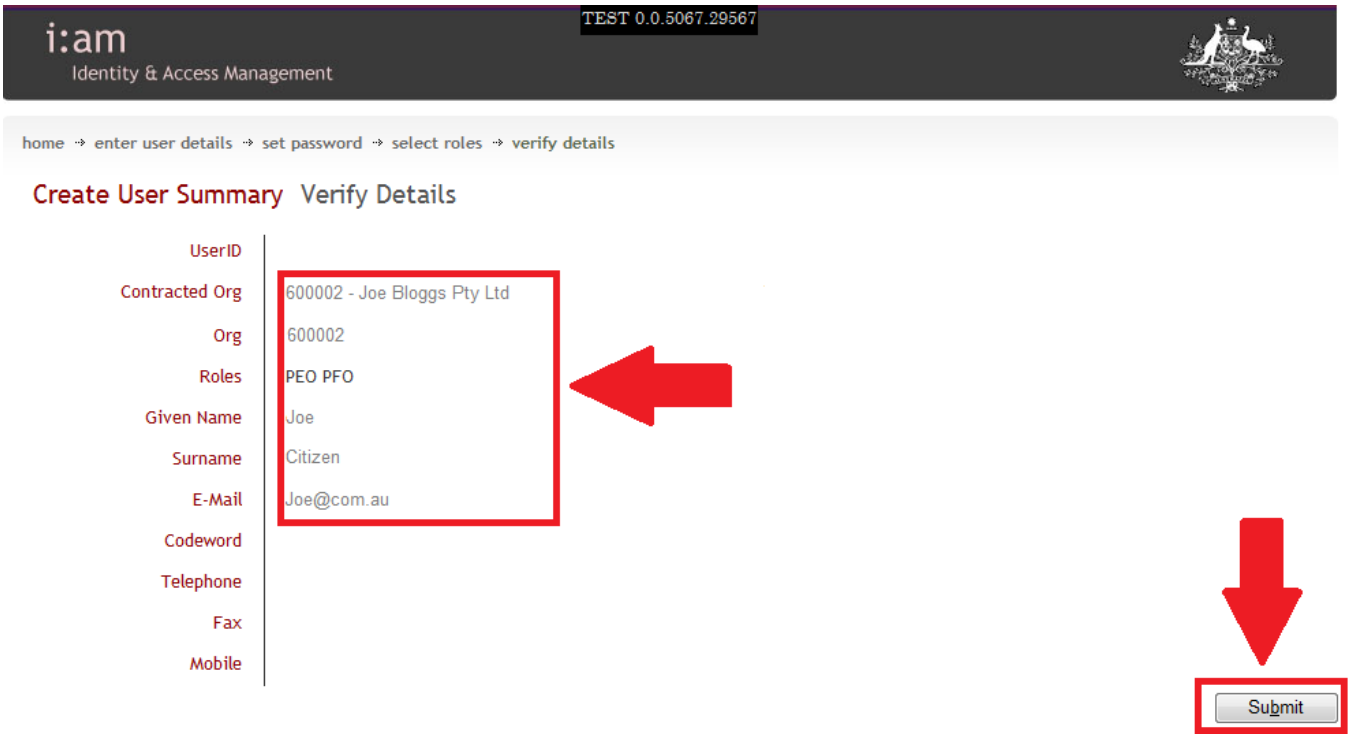
7. Check the box against your organisations to display all available user roles.



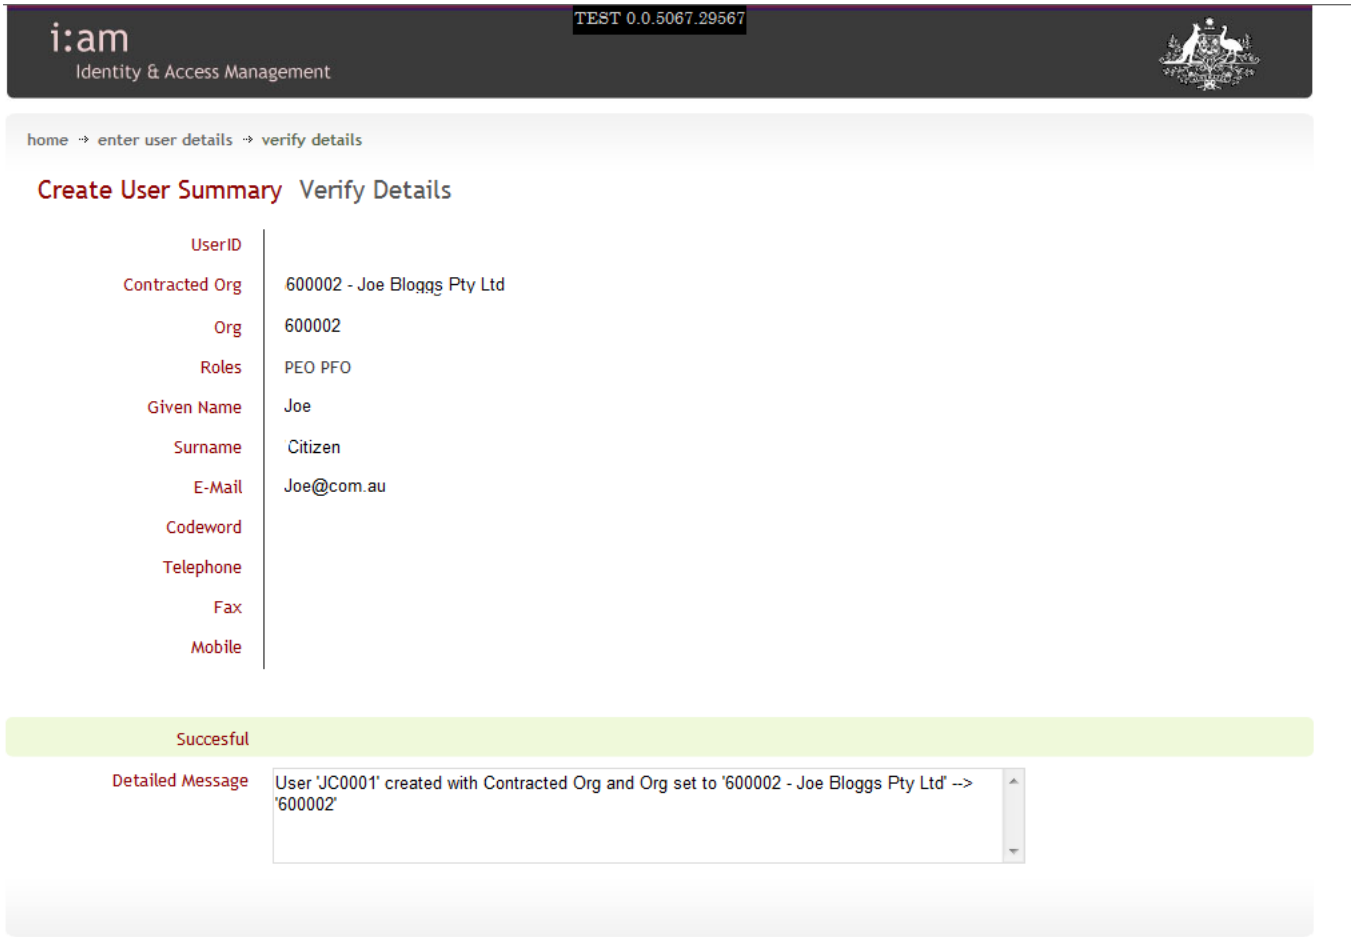
8. Select the check box of the user security role(s) that you wish to allocate to the user then click **Continue**.



9. This will display the Verify Details screen. Once you have verified the details are correct, click on the **Submit** button to create the user.



a. A 'Successful' confirmation message and details of the new users Logon Id and organisation the user has been created against will also display.



Notes

1. You must obtain a signed User Security Declaration Form before you create any user in IAM (see attached C).
2. IAM does not send out an email confirmation when you create credentials for a new user. It is your responsibility to notify the person of their new Logon ID and Password and provide them with the URL links to IAM and HITS. You must also advise the new user that they must change their password before they attempt to log into HITS.
3. Do not create duplicate accounts for the same person. You should assign multiple user roles to the same record. Where a duplicate record is created, it should be immediately deleted.
4. It is the responsibility of the IAM Provider Contract Security (IAMPCS) administrator to manage all user access for their organisation. This also includes removing the access of staff who no longer works for the organisation.

33. IAM – Change an existing user's password

35. IAM – HITS User roles

IAM is directly linked with HITS in that all user credentials and user roles are created in IAM and the role determines what a user can view and/or update in HITS.

The following table includes all existing user roles that an IAMPCS administrator can allocate to each users credentials. It is important for IAMPCS administrators to consider the role of each user as HITS notifications are assigned to user roles – see Notifications for further details.

USER ROLES		ACCESS
Provider View Only	PVO	Can view components excluding Persons Of Influence (POI), Estimates and Payments.
Provider Editing Officer	PEO	As per PVO and can also edit.
Provider Finance Officer	PFO	As per PEO with the addition of being able to view/edit bank account, Estimates and payments.
Provider Senior Officer	SAO	As per PFO with the addition of being able to edit/view POI and submit application, request for further information and bank account to the Department.
Provider Corporate Office	CEO	As per SAO with the addition of being able to submit an estimates to the Department.

36. IAM – Manage my forgotten password

If you wish to self-manage forgotten passwords, you simply need to complete the 3 questions in I:AM under 'Manage my account – Manage my forgotten password'. Once you have set up your Forgotten Password account, you will no longer need to contact the department regarding forgotten passwords.

37. IAM – IAMPCS administrators

HITS has a devolved IT user security arrangement whereby each organisation will manage their own staff's access to HITS through two nominated IAM Provider Contact Security Officer (IAMPCS) administrators. IAMPCS administrators will be responsible for managing all access to HITS including;

- Creating new users;
- Resetting passwords for existing users;
- Updating user roles; and
- Terminating access for users who no longer require access to HITS

Organisations may have up to two IAMPCS administrators at any one time and for new applicants, these must be created as soon as possible after registering a new application in HITS as they will not be able to complete all the components without assigning appropriate user roles.

If you are a new applicant, during the registration and apply process in HITS you will have nominated a primary contact officer. This officer will automatically be created as a user in HITS with a default user role of Provider Edit Officer (PEO) and will receive an email with their new User ID and temporary password. The Department will contact this officer via email shortly after they register an application in HITS to arrange the completion of the following forms that will enable IAMPCS officers to be created.

- Skills Systems IAM – Initial Access Request (IAR) form; and
- Skills User Security Declaration (USD) form.

The IAR form and a USD form for each IAMPCS officer must be scanned and returned to the Department to enable the users to be created in the IAM system. The Department will send a confirmation email including their User ID, temporary password and additional information to assist them with their role as IAMPCS officers.

Please note that whenever an organisation changes their IAMPCS officers, a new IAR form and USD form for a new user must be completed and forwarded to the Department via tsenquiries@education.gov.au

38. IAM – IAMPCS – Updating your HITS user role

USER ROLES		ACCESS
Provider View Only	PVO	Can view all screens excluding POI, Financials, Estimates/Payments).
Provider Editing Officer	PEO	Provider Edit Officer as per PVO and including edit on screens they can view.

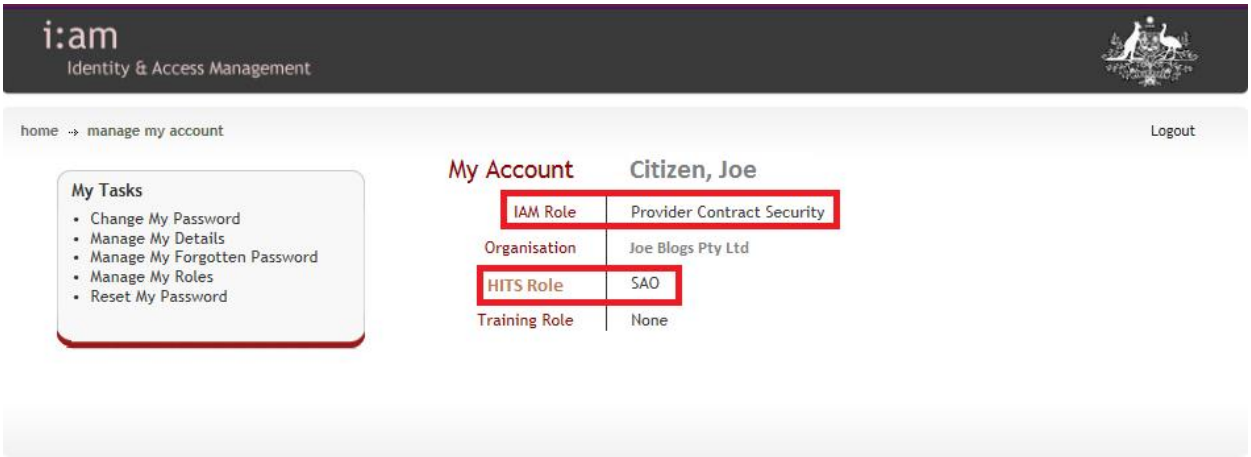
Provider Senior Officer	SAO	Provider Senior Officer as per PFO with the addition of being able to edit/view POI, lodge an application or RFI and submit bank account.
Provider Corporate Office	CEO	Provider Corporate Officer as per SAO with the addition of being able to submit an estimate to dept.

Updating your role

There are two roles allocated to IAM Provider Contract Security officers, an IAM system administration role which will enable you to manage all other users for your organisation and a HITS User role which determines what you can view and/or update in HITS.

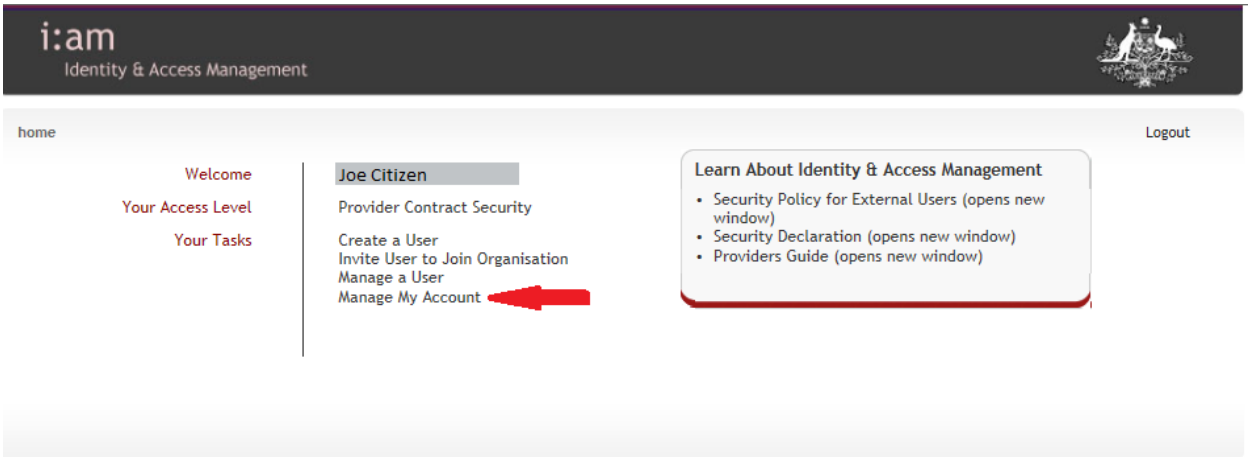


Your IAMPCS administration role is created by the Department and where you do not have an existing username or password, your initial access to HITS will also be created. As the Department does not know what your role within your organisation is, you will be assigned the lowest editing role of Provider Editing Officer (PEO). IAMPCS officers may update their HITS user role from PEO by following the steps below.

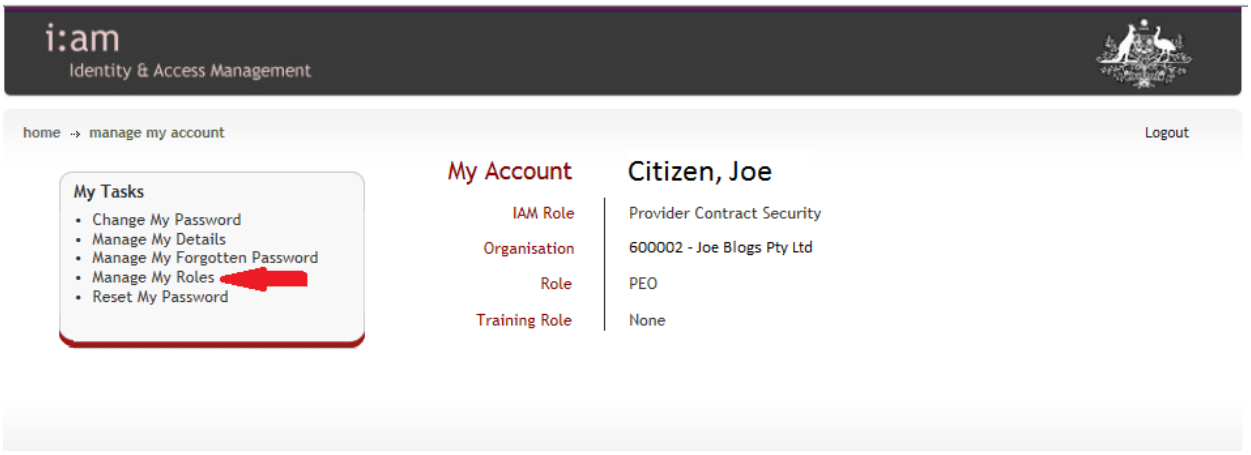
Instructions

1. Log into IAM using your user ID and password, this will display the IAM Home screen.

2. From the home screen click **Manage My Account** to navigate to the Manage My Account screen.



3. From the My Account screen, select Manage My Roles.



4. The Manage My Roles screen displays your current Role and you may update the role by checking any other role.

Notes

1. The HITS role above is NOT connected to the Contacts list in HITS. If you are a CEO and have added your contact details in HITS, you must also have CEO role assigned to you in IAM.

39. IAM – Reset your password

Instructions

1. Select the **Change Password** link which is below the Sign In button. The Identity & Access Management - Change Password screen will then be displayed.

Provider Finance Officer	PFO	Can View/update and submit a milestone
Provider Editing Officer	PEO	Can View/update and submit a milestone
Provider View Only	PVO	Can view a milestone only

There are two types of milestones that are generated by the Department:

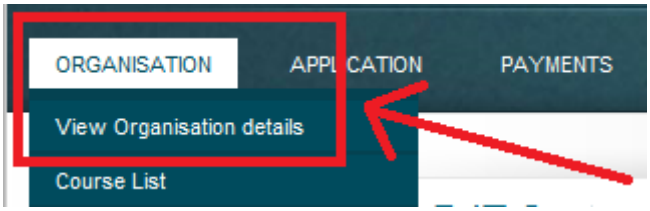
- Recurring Milestone; and
- A one off Milestone.

An example of a **recurring milestone** would be submission of audited financial statements either ending 30 June or 31 December of each year. A **one off milestone** example would be the completion of the Requirements Pack for newly approved providers.

Applicants/Providers can action any milestones up to 3 months prior to the due date.

Instructions

1. Click on **Organisation – View Organisation details** to view the Organisation Details screen.



2. Click on the **Upcoming Milestones** tab to view the **Upcoming Milestones** screen.

3. The Upcoming Milestones page has two sections, **Upcoming Milestones** and **Milestones**. The **Upcoming Milestones** section will display any milestone that requires action. The following fields are on this page:
    a. Due Date
        i. Is the date that the milestone must be actioned by
        ii. You can action this milestone up to 3 months before the due date
    b. Milestone Status

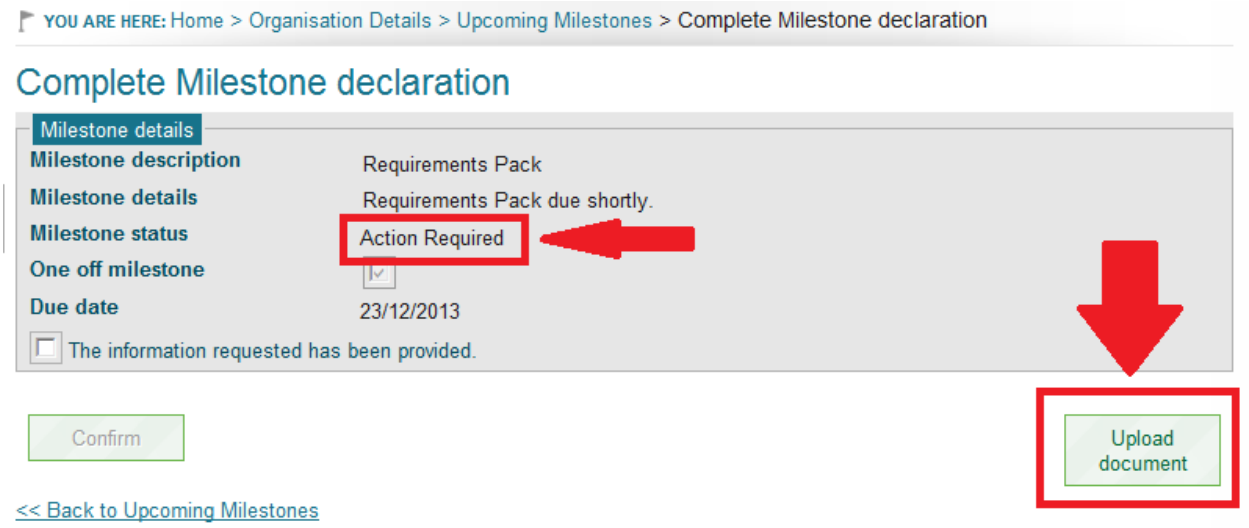
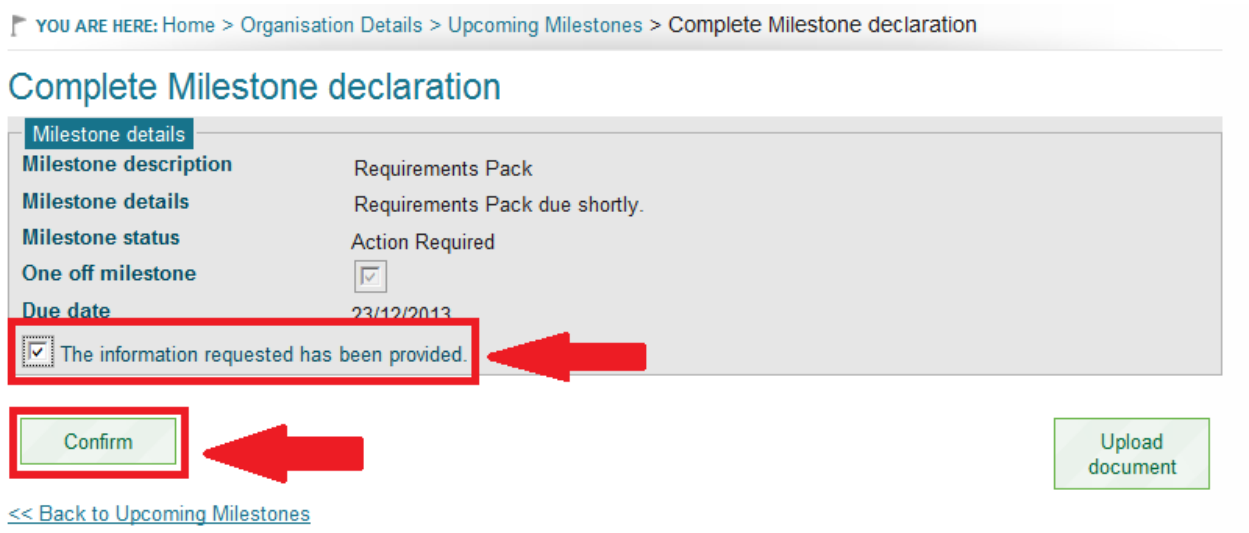
It also displays the current status of the Milestone and in the example below, the status is **Action Required**.



6. Once you have completed all the requirements of the Milestone, you must check the box against the statement "*The information requested has been provided".* Once the statement has been checked, the **Confirm** button will be enabled for you to select to submit the milestone back to the Department.



Notes

1. Any documents uploaded against your organisation via a Milestone will not be submitted to the Department until the Milestone has been submitted.
2. You can only action a milestone where the Due date is within 3 months of today's date.

41. Notifications

Notifications are used in HITS to notify certain user roles whenever an action is required or where an action has occurred. Notifications can either be in the form of a systems notification, email or can be a combination of the two.

There are three types of notifications

- Program Notifications;
- Action notifications; and
- Information notifications.

1. Program Notifications

Program Notifications are generated by the Department and are used to advise users of any issues that may impact on the HELP program, the Skills System, IAM or HITS.

2. Action Notifications

Action notifications are notifications that require the organisation to undertake an action in HITS. The notification will specify what action is required.

3. Information Notifications

Information notifications are used to confirm an action has occurred.

The following table contains all notification messages that are issued in HITS and the User role that is able to view the notification. If you wish to view notifications assigned to more than one user role, you will need to have each role assigned to you in IAM.

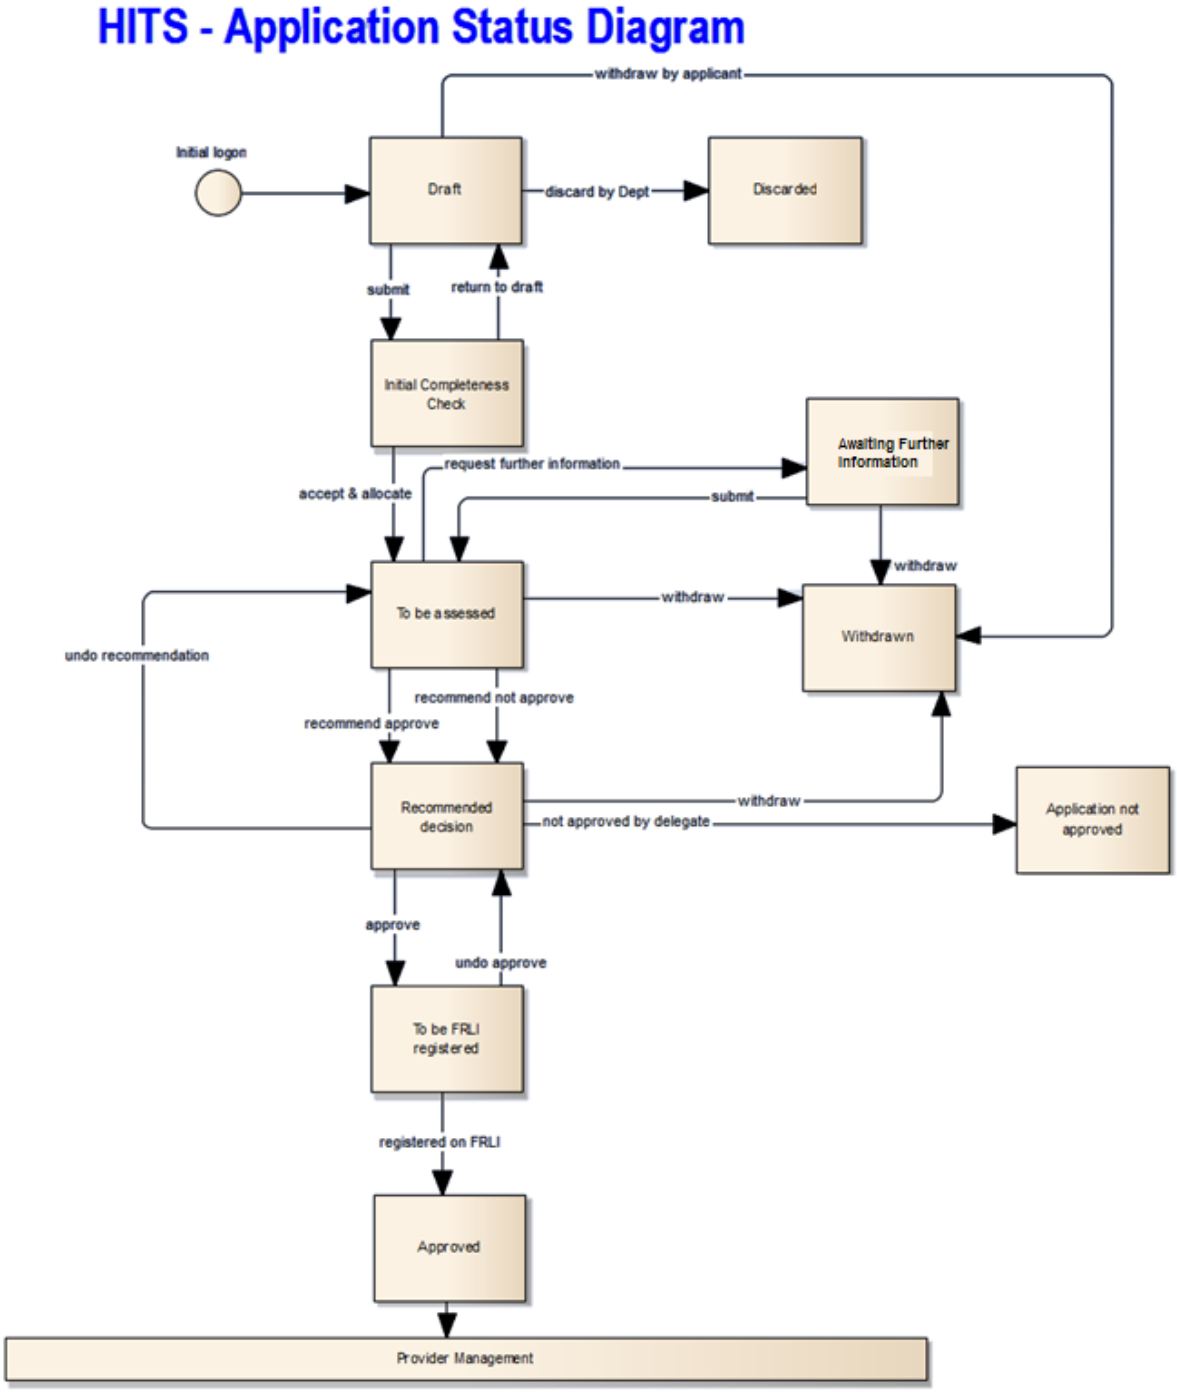
Attachment B – Application status Diagram

The following diagram details how an application progresses through each application status from 'Draft' through to 'Approved'/not approved.



[Dept use only]

User Security Declaration Form

I, ……
[insert full first name/s and surname]

of ……
[insert full home address]

born on ……
[insert DOB]

acknowledge that I have been provided access to the Department of Education (the Department) Information, Communications and Technology (ICT) Systems for the purpose of administering Australian Government programs and have the following obligations:

- I will only access the Department's ICT Systems for which I have authorisation and for purposes which are relevant to my work.
- I am solely responsible for all action taken on the Department's ICT Systems under my User ID.
- I will maintain the integrity of access to these Systems including, but not limited to:
  - (a) not sharing my User ID, nor using another person's User ID; and
  - (b) ensuring the safekeeping and confidentiality of my personal identification number/s (PIN) / passwords.
- I will not illegally access the Department's ICT Systems, download or distribute inappropriate, undesirable or offensive material.
- I will not use the Department's ICT systems to violate copyright or infringe the intellectual property of software and the integrity of systems configurations and software.
- I will identify and avoid **conflicts of interest**. Where there is a perceived or actual conflict of interest I will notify my supervisor or manager and follow appropriate advice before accessing the Department's ICT Systems.

I understand that:

- The Department will use my personal information to monitor my use of the Department's ICT Systems as part of managing and administering the ICT systems, protecting against unauthorised access, verifying security problems and ensuring compliance with policies.
- I may be required to consent to a criminal history check conducted by the Australian Federal Police.
- I must report all suspected breaches of the Department's ICT Systems to the Department's IT Security at tsenquiries@education.gov.au
- My access may be suspended **immediately** without notice where it is suspected or alleged that there has been inappropriate usage of data, records and information and/or where the obligations outlined above have not been met. The Department reserves the right to deny future requests for access to the Department's ICT systems.
- It is a criminal offence to provide false or misleading information, or to access or modify

restricted data[1]. This includes unauthorised access to, or modification of, restricted data by a person, which is an offence under section 478.1 of the *Criminal Code Act 1995* and punishable by 2 years imprisonment. Unauthorised access to the Department's ICT systems or providing false or misleading information may result in criminal and/or civil action being taken against me.

- It is a criminal offence for a Commonwealth officer to publish or communicate information obtained from the Department's ICT systems. Disclosure of information by Commonwealth officers is an offence under section 70 of the Crimes Act 1914 and is punishable by 2 years imprisonment. Disclosure of information obtained from the Department's ICT systems may result in a criminal or civil action being taken against me.

Conflict of Interest

The onus is on you to be alert and identify any actual or potential conflict of interest, financial or otherwise.

A conflict of interest is defined as a situation where a staff member has, or could be perceived as having, a personal interest in a matter that is the subject of a decision or duty of the staff member.

A personal interest includes, but is not limited to, a direct or indirect, past, current or planned future financial, management, organisational membership or any other interest by the staff member or by a business associate, family member or friend of the staff member.

Your employer should refer you to an internal policy in relation to responding to conflict of interest situations.

Privacy Notice

The Department is collecting this information for the purposes of verifying your identity to determine whether access is provided to the Department's ICT systems.

The Department may use this information for the purposes of managing and administering ICT systems, protecting against unauthorised access, verifying security problems and ensuring compliance with policy.

The Department will not disclose this information unless it is required or authorised by or under law. Alternatively the Department may seek your consent to disclose this information.

I have read and understood my obligations outlined in this Declaration.

I am not currently before the Court charged nor have I been found guilty with any fraud related or unauthorised access offences.
